Sir,

(R)

With reference to G.O. No. 1094 dated 11th June '26 publishing for criticism certain draft amendments to the note under the rules in clause (v) of Section 56 (3) of the Madras Ely. Education Act, regarding Practical instructions in Ely. schools, I have the honour to submit that this Council does not approve of the proposed amendment and is further of opinion that spinning by itself without weaving can form a subject of practical instruction in Ely. schools even in standards below four, as it gives hand and eye training to the pupils. A copy of the Council's resolution No.19(k)/D.E.C. D/25-6-'26 on the subject is also herein enclosed for kind consideration.

Read G.O. No.1094, Mis, Law (Education) dated 11th. June, 1926, publishing for criticism the following draft amendment of note 5 to the rules framed under Section 3 (i) of the Madras Elementary Education Act, regarding the introduction of ----- practical instruction in elementary schools.

AMENDMENT.

" Practical instruction should not be introduced in standards below the fourth without the previous approval of the Director of Public Instruction;

The Practical instruction given should ordinarily have reference to the chief occupation or industries of the locality and the class of pupils. Spinning by itself without provision for weaving should not form a subject for such instruction"

RESOLUTION.

The Council suggests that the words " and the District Educational Councils concerned " should be added after the " Director of Public Instruction" in para 1 of the proposed amendment.

Station 118 Armenian Street, Dated the 23rd July 1926.
Madras.

From (Name) Dr. S. Swaminadhan,

(Designation) President, Madras District Educational Council.

To The Secretary to the Government of Madras,

Law (Education) Department.

Sir,

As a copy of G.O.No.1094 Misc., Law (Education) dated 11th June 1926 was specially communicated by Government to my Council inviting objections or suggestions to the proposed new note 5 to the statutory rules under section 3(v) of Madras Act VIII of 1920 the Council proceeded to consider the matter at the meeting held on the 15th July 1926 and adopted the resolution set forth below:

Resolution.

"Resolved that the Government be informed that in the opinion of this Council the proposed rule is uncalled for. Of the three sentences included in the proposed rule the second sentence is already part of the Law. In the opinion of this Council the rule

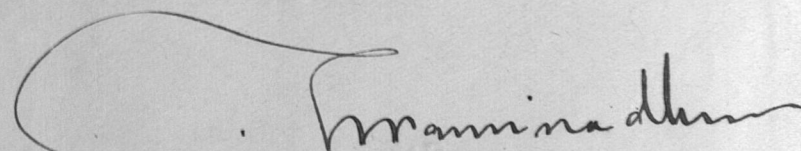

embodied in the first sentence is unnecessary. No attempt is made to define the exact scope of the expression "Practical Instruction" and it is unnecessary to lay down that there shall be no practical instruction imparted in standards below the fourth. In any event the previous approval need not be that of a highly centralised authority like the Director of Public Instruction. If it is desired to vest in some authority the dispensing power, the District Educational Council which will be fully alive to the local conditions would be the proper authority.

In the opinion of this Council the last sentence of the proposed rule is altogether unnecessary and mischievous. There is no reason why spinning should not be taught by itself and apart from the process of weaving. On the whole the Council is of opinion that the proposed rule is unnecessary and ought not to be introduced".

I have the honour to be,

Sir,

Your most obedient servant,

President, Madras District Educational Council.

MADRAS.

Sir,

In connection with the draft amendment to note 5 to the rules under section 3 (v) of the Madras Elementary Education Act 1920, proposed in G.O.No. 1094 Misc law (Education) dated 11-6-1926, I have the honour to state as follows:

It is quite desirable that any practical Instruction given in an Elementary School should have reference to the chief occupations or Industries of the Locality and class of people. The proposed amendment restricts the introduction of any practical instruction to schools with classes above 4. The number of such schools, I believe, will be very few in each District. Even with the existing rules the number of Ele-Schools which impart practical

14
practical instruction are very few. The Ele-Schools are further found to be unpopular on account of the fact that they do not satisfy local demands. Any step in the right direction must proceed on creating suitable facilities rather than restricting them.

Regarding the introduction of spinning without provision for weaving I have the honour to state that my experience and enquiry show that in our parts there are some castes who take to spinning only and some who take to weaving. In most of the Kapu houses the spinning is carried on by women and men and the thread that is spun is given to malas who weave. The Kapus do not weave at all. Of course the weaver castes also are more weavers than spinners. Hence the present restriction seems to proceed on different grounds altogether. Hence I have the honour to suggest that the proposal to amend the present rules may be dropped.

I have the honour to be,

Sir,

Your most obedient servant,

M. R. Ry. P. C. Ethirajulu Naidu Garu
President.

GUNTUR.

To The Secretary to the Government of Madras,

LAW (Education)

Department.

Sir,

With reference to G.O. No. 1094 misc. Law (Education) dated 11-6-26, I have the honour to state that the alteration proposed by the Government is quite apt and commendable and it may be substituted for the note 5 to rules under section 3 (v) of the Elementary Education Act 1920.

2. In this connection, I beg to suggest that so far as the Educational Councils do not abuse their powers, the interference of the Director of Public Instruction in the matters connected with the Elementary Education, which is entirely left in the hands of these Councils, as a matter of course, is not at all desirable in the interests of democratic policy adopted by the Government in creating an adhoc body

like the District Educational Council to look after Elementary Education in the district as a whole.

3. From the statistics furnished in the report on Education in this District for 24-25, it will be seen that pupils beyond the age of 11 are studying in standards lower than the V. Such may be the case with each and every District, as the taste in Elementary Education to masses to a great extent appears to have been improved with Adult Education. For each and every change, a reference has to be made to the Director of Public Instruction for his approval, which, in the long run, may be unweildy for him to dispose of such cases.

4. The expression "The practical instruction given should ordinarily have reference to the cheif occupations or industries of the locality and the class of pupils" is a safe guard for the indiscriminate introduction of the subject and it is much more safe-guarded when spinning is tagged on with weaving, as there may not be such philanthropic managements to come forward to introduce spinning and weaving simultaneously being prepared to meet such a considerable outlay.

Under these circumstances, I am fully sanguine that the insertion of "District Educational Councils" in place of "the Director of Public Instruction" is a desirable change.

I have the honour to be,
Sir,
Your most obedient servant,

P. V. Narasimha Rao
President,
District Educational Council, Guntur.

Sir,

In pursuance of G.O.No. 1094/Misc., Law (Education)
dated 11-6-1926, I have the honour to forward to you for
favour of necessary action a copy of the Council's resolu-
tion VI dated 7-8-'26 proposing certain amendments in the
G.O. referred to above.

I have the honour to be,

Sir,

Your most obedient servant,

K. Krishnavenamma
President,
District Educational Council,
East Godavari.

T.V.R/11-8-'26.

417

Extract from the proceedings of the District Educational Council,
East Godavari passed at its meeting held at Cocanada on 7-8-1926.

VI. Read G.O.No. 1094 Misc., Law (Education) dated 11-6-'26 propo-
-sing to substitute the following, for the note 5 of the rules
framed under section 3 (5) of the Elementary Education Act 1920
and stating that objections or suggestions in respect of the pro-
-posed alteration will be considered if received before 1-8-1926.

Revised note(5)

Practical instruction should not be introduced in standards below
the IV with the previous approval of the Director of Public --
Instruction.

Practical instruction given should ordinarily have reference to
the chief occupations of industries of the locality and the
class of pupils. Spinning by itself without provision for weaving
is unsuitable as a subject of such instruction.

The Council considers that for the introduction of practical ins-
truction the approval of the Council is enough.

Carried by majority

The Council is not in favour of adding the last sentence (spinning
by itself without provision for weaving is unsuitable as the --
subject of such instruction) as it can be taught by itself.

carried by majority

Station GUNTUR, Dated the 13th August 1926.

From (Name) M.R.Ry. P.C.Ethirajulu Naidu Garu, M.L.C.,

(Designation) President, District Educational Council,
GUNTUR.

To The Secretary to the Government of Madras,

LAW (EDUCATION) Department.

Sir.

In forwarding herewith copies of resolutions Nos. 55 and 55 A dated 5-8-1926 of this Council, I have the honour to state that the introduction of spinning in the board girls' school at Dhulipudy was indiscriminately passed by majority in the face of its previous resolutions and Government Orders on the subject inspite of my explaining the same. I am of opinion that the introduction of spinning by itself is not desirable now without making arrangements for weaving as explained in the G.O.

I have the honour to be,
Sir,
Your most obedient servant.

H. J. Anandam
for President 14.8.26

District Educational Council
GUNTUR.

PROCEEDINGS OF THE DISTRICT EDUCATIONAL COUNCIL, GUNTUR
passed at its meeting held at Guntur, in the District
Board, meeting Hall on Thursday, the 5th August 1926
at 9 A.M.

55. Read T.B.R. No. 160 dated 24-4-1926 of the Taluq Board, Repalle sanctioning the supply of two spinning wheels for the board Girls' school at Dhulipudy.

Endorsement RC. No. 437 Mis. dated 15-5-26 of the President, Taluq Board, Repalle soliciting the approval of the Council for the introduction of spinning.

Endorsement Rc. No. 116 G dated 7-7-1926 of the Inspectress of Girls' schools, Bellary stating that spinning alone should not be introduced without provision for weaving.

Resolution No. 55

Dated 5-8-1926.

This Council sanctions the request of the Taluq Board, Repalle

Subject:--~~E~~lementary Education Act - Amendment of rule relating to practical instruction in schools.

A.S.

In G.O.No.1094, dated 11-6-1926, draft amendments to the rule regarding the imparting of practical instruction in elementary schools were published for criticism. It was proposed to add the following to the rules under the Madras Elementary Education Act:--

(1) that practical instruction should not be introduced in standards below the fourth without the previous approval of the D.P.I;

(2) that spinning by itself without provision for weaving should not form a subject for such instruction.

The objections and suggestions received in respect of these amendments are examined below.

2. Rule (1) above - Practical instruction in standards below the fourth.

The D.E.C.six Coimbatore, Madras and Ganjam, the President, D.E.C., Cuddapah, and the Municipal Council, Cuddalore, are of opinion that there is no need for this rule. The President, D.E.C., Cuddapah, considers that even as it is, the number of elementary schools which impart practical instruction is very small, and that nothing should be done which would have the effect of reducing this number. *(with regard to this it is submitted that boys in the lower standards of elementary schools are too young to receive instruction in such ~~small~~ subjects as wood work, weaving &c. Further, it has been held that the curriculum in these standards must aim at giving the child a sound knowledge of the three R's. and that the introduction of manual or prevocational training in these standards will frustrate this object to some extent. In these*

H-13-14 of C

See A at p.7 of note on Expansion of S.S. School Reg (L)

GUNTUR

circumstances the suggestion that the ^{proposed} rule is unnecessary

~~does not seem~~ acceptable. *In any case it is not considered objectionable by them.*

The D.E.C., South Arcot, does not object to the rule, but considers that practical instruction may be given in standard III also. The Director ^{originally} proposed that such instruction should not be introduced in standards below the fifth. The Hon'ble the Minister considered that as the boys in the IV standard would be about 9 or 10 years old, practical training might be given to them also. It does not appear that the limit can be lowered still further.

and East Godavari
The D.E.C., Chittoor and the President, D.E.C., Guntur, recommend that in rule (1) the words 'approval of the D.E.C.' may be substituted for the words "the approval of the D.P.I.". The D.E.C., Madras, also recommends this change if rule (1) is to be retained. The D.E.C., Chingleput, proposes that the words "and the D.E.Cs. concerned" should be added after the words "the D.P.I." in the rule. With regard to these amendments it is submitted that permission to introduce practical instruction in standards below the fourth will have to be granted only in very exceptional circumstances and that the power to grant such permission may well rest with the Director. If the power is delegated to the D.E.Cs., the grant of the permission will not be on ~~uniform~~ uniform principles in the different districts. Before deciding to grant or refuse the permission the Director will no doubt consult the D.E.C. concerned. The alterations suggested by the D.E.Cs. need not therefore be adopted.

3. Rule (2) - Introduction of spinning without weaving as subject for practical instruction.

East Godavari
The D.E.Cs. Coimbatore, Chittoor, Madras, Kurnool, and South Arcot ^{and} the President, D.E.C., Cuddapah, are of opinion that spinning by itself may be introduced in elementary schools. The President, D.E.C., Cuddapah,

considers that there are some castes like the Kapus who take to spinning only and some who take to weaving.

The D.P.I. has expressed the opinion that the educational value of spinning except as ancillary to weaving is practically negligible. It is for orders whether the rule may be confirmed.

U.O.Reply No.4B/26 1-25-26

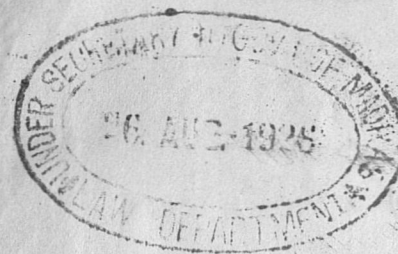

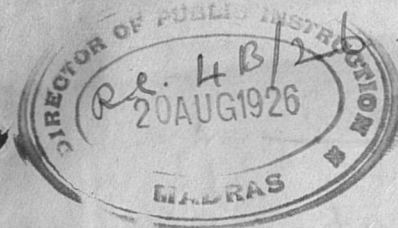

I have nothing to add to paragraph 2 of the Secretariat note.

As regards paragraph 3, I see no reason to alter my view as regards the educational value of spinning by itself. I may also mention that the argument of the President, D.E.C., Cuddapah, is irrelevant. It may be quite true that there are some castes who take to spinning only, but it does not follow that spinning is suitable for boys belonging to such castes as a subject of practical instruction for them in schools. I recommend the confirmation of the rule.
