I have recently returned from Europe after five years of research work in mathematics at Cambridge and Göttingen and wish now to take up an appointment in the educational service. Could you kindly inform me whether there is any suitable vacancy in the department under your charge and, if so, what are the terms under which the post is tenable?

I am an M.A.(Mathematics) of the Allahabad University. From 1917-1921 I worked at Aligarh successively as Assistant Professor of Mathematics, Assistant Headmaster of the Collegiate School and University lecturer in mathematics. During this period of four years I was also in charge of one or more residential hostels. In 1921 I left for Europe and stayed for three years under the supervision of Dr. Bonwich at Cambridge, where my work was approved for the M.Sc. degree. The last two years I spent under Professor Courant at Göttingen where I obtained the degree of Doctor of Philosophy in Mathematics with Physics and Practical Mathematics as subsidiary subjects. In order that I may be able to follow the course of mathematical research in different countries and obtain a first-hand knowledge of their educational systems, I also made myself acquainted with the principal European languages. I have, besides English, a good knowledge of German and French and a good working knowledge of Italian and Danish.

I am 32 years of age.

Hoping to receive as early a reply as conveniently possible.

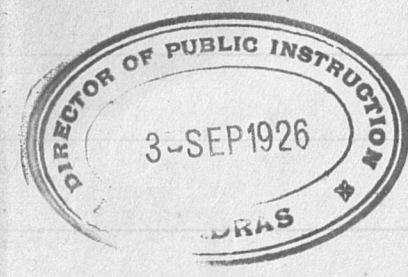

I remain,
Sir,
Your most obedient servant,
Omar Hayat Malik
M.A.(Aligarh), M.Sc.(Gangotri),
Ph.D.(Göttingen).
