Sir,

17/7/26 Dy Sec

(V)

Adverting to Government order No.739 Law Education dated 30-4-26 sanctioning a subsidy to my Taluk Board among others of Rs 10500 for the construction of Elementary school buildings, I have the honour to state that my Taluk Board is grateful to-------- Government for the grant but wanted me to communicate with the Government on certain difficulties created in carrying out the --- works:-

It appears from the Government order that the ---- Government have earmarked the grant for 7 specific schools viz., Padumarnad, Idu, Marodi, Sanur, Nellikar, Anekere, and Panapil. Of these, Sanur village has at present no Board school. In view of the starting of an aided school in Sanur, the Taluk Board has with--drawn the Board school from the village. The school at Panapil has also been temporarily closed for want of sufficient strength,

Therefore did the Board apply for a grant?

Hence no school buildings appear to be necessary in these villages.

In Government order No.1131W/10-11-23, the Government have approved and circulated to Local bodies a type-design for Elementary school buildings from which it would appear that the cost of a school building to accommodate 50 children is estimated ~~to~~ at Rs 575 and 100 children at Rs 900. I can get about 5 buildings constructed from out of Rs 5000 estimated by Government as the cost of each work. In my Taluk Board there is a dire and longfelt need for the provision of school houses and a number of existing school houses require extensions. The grant of Rs 10500 sanctioned by Government together with the equivalent amount which the Government wanted my Taluk Board to find will be sufficient for several of the buildings which my Taluk Board now desires to construct and extend. If therefore Government should approve of the proposal, the Board can utilise the grant to better advantage. I would request that the Government may be pleased to permit the Board to utilise the grant and the Board's quota over as many school buildings as possible.

Another point which I have to bing to the notice of the Government is that in this district from the beginning of June to middle of September, south-west monsoon is in full swing during which period it is not practicable to put the con-struction of any buildings in hand. I received the Government order on 23-5-26 and placed it before my Taluk Board on 30-5-26. Early in June we had the outbreak of monsoon. In the circumstances, the Government may be pleased to extend the time for the commencement of the works till September. I can assure Government that I can complete all the works before the close of the current official year and be able to find the quota of Rs10500 either from the Board's own funds or by raising private contribution. I solicit the favour of early orders of Government onthe points referred to by me herein. A copy of my Taluk Board ----- resolution on the subject is enclosed here-with.

I have the honour tobe,
Sir,
Your most obedient servant,
K. Sadasiva Bhat.
PRESIDENT.

Dis. No. K. T. B. /D/192

Extract from the proceedings of the meeting of the Karkal Taluk Board held at Karkala *on* ~~14th, July~~ 30.5.1926.

PRESENT.

40. Read G.O.No.739/30-4-26, Law Education sanctioning subsidy for the construction of school buildings at Rs 1500 each for the following Elementary schools:-

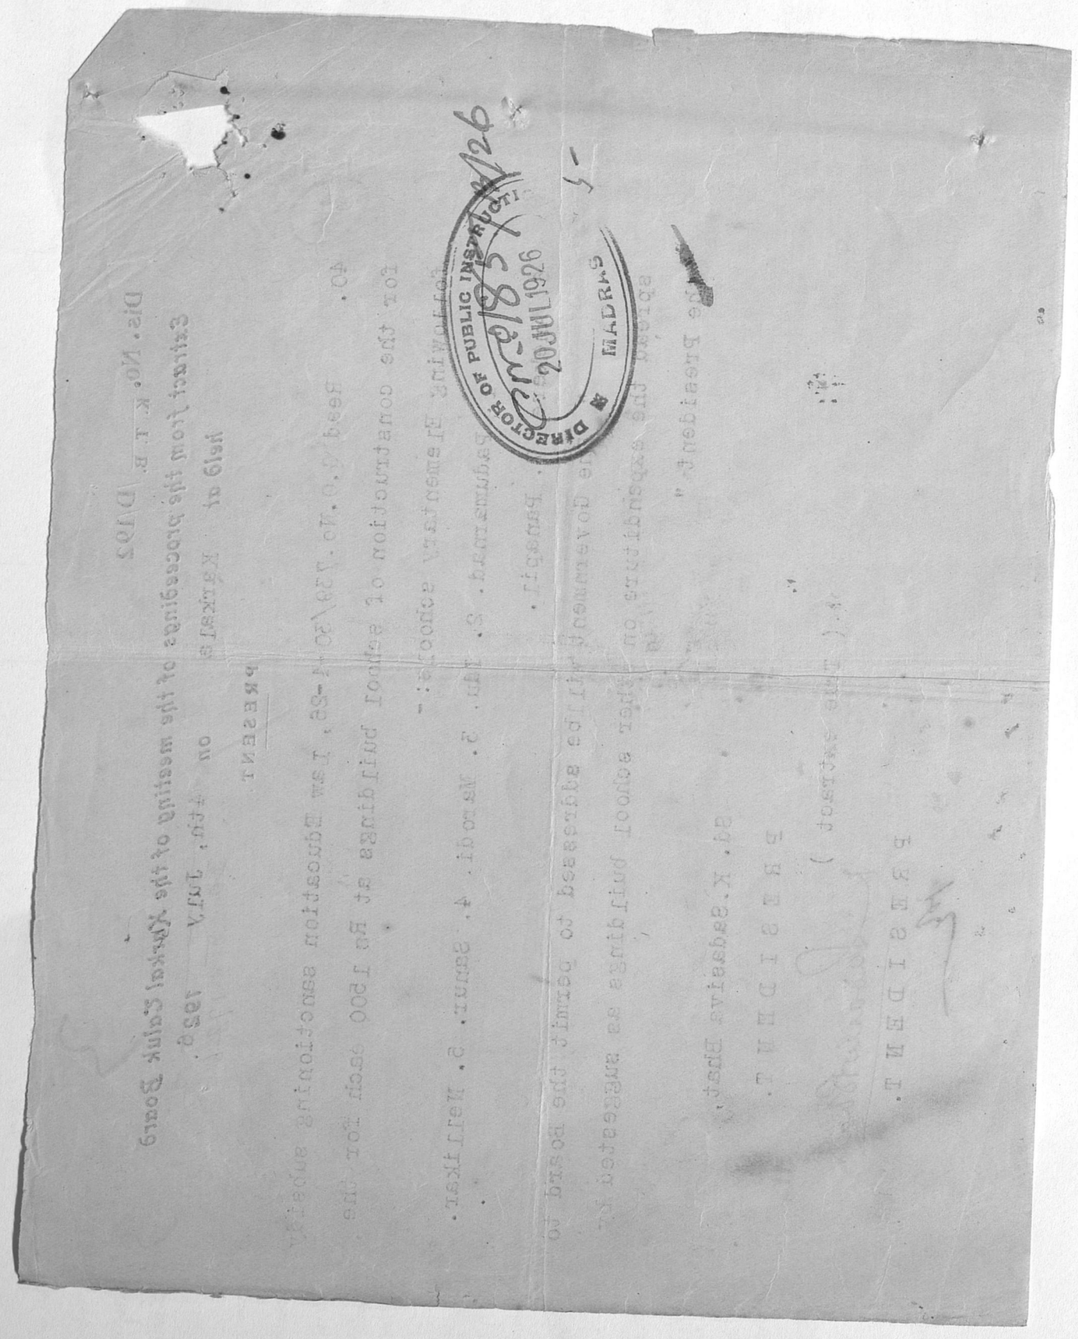

1. Padumarnad. 2. Idu. 3. Marodi. 4. Sanur. 5. Nellikar. 6. Anekere. 7. Panapil.

" The Government willbe addressed to permit the Board to spread the expenditure on other school buildings as suggested by the President."

Sd. K.Sadasiva Bhat,

Your most obedient servant,
K. Sadasiva Bhat.
PRESIDENT.

4 B 4 6

R.C.No. 610/26 dated 9- 8- 1926. from the President

Taluq Board, Karkal.

Forwarded to the Deputy Inspector of Schools with reference to his N.R.C.NO.610/26. From my survey of the needs of the Taluk in the matter of school buildings, I wish to propose the expenditure of the Government grant of Rs.10500 on the following works. You will have observed that the schools in Kallamundkur, both Boys and Girls' require reconstruction. The school buildings in Mudumarnad, Padumarnad, Valpady, Marody, Idu, Nadpal, Charla , Kukkuje, Kadtala, Thenkakarandur Shirlal, Konaje, Pillya, Thenkamijar, Kuthlur, Andinje, Panapil Daregudde, Andar and Irvattur Kolke are all being held in small sheds thatched and more or less of a temporary character utilised for the time being as mere makeshifts. The schools at Puttige and Kallabuttu and Thenkamijar and Nandalike (Lower) are also in small thatched mud wall buildings. The Bailur Hindustani school is being held in the verandah of a mosque. The schools in Mala Valya and Iruvail badly require improvement. The Kabettu school building in Karkal requires extension. The Nandalike Higher school requires reconstruction of the collapsed wall and the back verandah. The Kasipatta school urgently requires the extension of the eaves and the side roofs to make it safe in the monsoon.

I propose, therefore, to spend the amount of grant in the works shown below and I hope you will endorse the same as the minimum that has to be done to meet the immediate requirements of the Board. The school at Panapil will be reopened in this month in the old shed as before. I have included that school in my proposal.

No.	Name of village.	Description of work	Rough estimated cost.	Amount to be spent out of the grant.
			Rs.	
1.	Kallamundkur Boys	Construction	800	400
2.	do girls	Reconstruction	700	350
3.	Puttige	Reconstruction	500	250
4.	Kallabettu	Providing tiled roof and pillars	500	250

5. Kabettu (Karkal)	Extension	200	100
6. Anekere Karkal	New school	1500	750
7. Mudumarnad	New building	700	350
8. Padumarnad	New building	700	350
9. Marodi	New building	700	350
10. Valpadi	Reconstruction	600	300
11. Idu	New building	700	350
12. Mala Valya	Providing tiled roof.	400	200
13. Kasi Patna	Extension of roof	100	50
14. Nadpal	New building	700	350
15. Chara	New building	700	350
16. Kukkuje	New building	700	350
17. Kadtala	New building	700	350
18. Tenka Karandur	Providing walls & tiled Roofs	600	300
19. Shirlala (Aladangady)	New building	700	350
20. Nandalike (Lower)	New building	600	300
21. Nandalike (Hiher)	Improvement	200	100
22. Konaje	New building	600	300
23. Pillaya	New building	700	350
24. Mijar (Tenka)	New building	700	350
25. Irvail	Providing pillars & tiled roof	500	250
26. Bailur (Hindustani)	New building	700	350
27. Kutlur	New building	700	350
28. Andinge	New building	700	350
29. Panapil	New building	700	350
30. Daragudde	New building	700	350
31. Andar	New building	700	350
32. Nellikar	New building	700	350
33. Irvattur Kolke	Reconstruction	600	300
		21000	10500

The buildings will be so constructed as to suit local conditions and so as to accommodate one and half times the present average strength of each school. I have also considered in the distribution of the expenditure the importance of securing local cooperation to enable the Board to find the equivalent quota principally from private contributions. As you are aware, the financial condition of the elementary education fund and the Board generally is such as not to permit any large contribution from its own funds. I have made these proposals after a full consideration of all the circumstances. They will be placed before the meeting of the Board on the 8th instant and I have no doubt they will be fully accepted by the Board. If there are any changes that the Board require to be made, I shall communicate the same to you by the 10th instant.

***

From (Name) R.G.Grieve Esq., M.A.,

(Designation) AG.Director of Public Instruction
Madras.

To The Secretary to the Government of Madras
Education. Department.

Sir,

In resubmitting herewith the papers referred to me for remarks in Government Endorsement No.2737 A-1 dated 19- 7- 26 I have the honour to state that the present proposal of the President, Taluk Board includes the construction of 22 new buildings, reconstruction of and improvements to 9 buildings and extension to 2 buildings (33 buildings in all), against the construction of seven buildings for which grant was originally promised in G.O.NO.739 Law(Education) dated 30- 4- 26. The financial position of the Elementary Education Fund under the control of the Taluk Board is only normal and it will not therefore be possible for the Board to have any

8

-2-

any suitable building programme in view.

2. It is not known whether the President has definite plans and estimates for these buildings. It will be observed from his letter addressed to the Deputy Inspector of Schools, copy enclosed, that he proposes to construct 22 new buildings at a cost of Rs.700 each. The type designs he refers to in his letter are not intended for the West Coast. The conditions on the West Coast with a heavy rainfall are different and the type design for the West Coast costs Rs.3750. If however, the President has a type design for the buildings he proposes to construct guaranteed to last at least for ten years, I am inclined to think that the risk is worth while. Whether for a comparatively small sum a large number of buildings can be built remains to be seen. I also recommend the President's request for the extension of time for the commencement of the works.

[3. A copy of the Board's resolution approving the President's proposals is also enclosed.]

I have the honour to be,

Finance (Exp.)

In G.O. 739 Law (Edn) dt 30-4-26 the Govt. sanctioned a total subsidy of Rs 10,500 to the Karkal Taluk Board towards the cost of constructing Seven elementary school buildings. The Taluk Board requests permission to utilise the above grant for the construction of 22 new school-buildings, reconstruction and improvements to 9 buildings and extension to 2 buildings. (33 buildings in all). The total cost of all these works comes to Rs 21,000. The Taluk Board proposes to meet one half of the cost from its own funds and the other half from the Govt: Grant.

2. The cost of each of the 22 new school-buildings proposed by the Taluk Board comes to only Rs 700. The D.P.I. has pointed out that the cost of an elementary school building according to the type design

approved for the West Coast is Rs 3750. He is, however, of the opinion that if the new buildings proposed by the Taluk Board at a cost of Rs 700 each can be guaranteed to last at least for ten years, it is worthwhile to take the risk. The Law (Edn) deptt. propose to communicate to the Taluk Board a copy of the D.P.I's letter.

3. Submitted that this deptt: need not object to the proposal. The draft order may be accepted.
