International Congress for Science of
Gymnastic at Lund, Sweden.

Sir,

I am directed to forward a copy of a letter, dated the 1st April 1926, from the Consul General for Sweden at Calcutta, 21, Burdwan Road, Alipore, and to request that the Consul General may be supplied direct with the information asked for.

I have the honour to be,
Sir,
Your most obedient servant,

for Secretary.

Copy of a letter dated the 1st April 1926, from the Consul General for Sweden at Calcutta, to the Secretary to the Government of India, Foreign and Political Department.

I have the honour to address you on the following subject.

On a meeting last autumn at Lund in Sweden of representatives both for the practical gymnastic and for the different branches of science on whose results the scientific gymnastic is founded, it was decided to investigate the possibilities for arranging an International Congress for Science of Gymnastic to take place at Lund, 19th-22nd April 1927. After having ascertained the support of the Swedish Gymnastic Association, the Directors of the Royal Swedish Gymnastic Institute, The South of Sweden Gymnastic Institute and The Arvidsson's Gymnastic Institute as well as of the holders of the chairs of physiology, hygiene and orthopedics at the high schools in Sweden and of a great number of men of science and further having been found out that a financial support by the Government and Community could be reckoned upon the plans for the realization of the Congress have been consolidated.

In order that the invitations to the Congress may reach all institutes, universities, high schools, associations and persons abroad, who are interested in the development of gymnastic on a scientific basis, the Committee of the Congress has approached the Foreign Office, Stockholm, with a view of obtaining the names and addresses and for that purpose I should be greatly obliged to receive through your kind intermediary information of such institutes and persons in British India who may be interested of the above Congress.
