Extracts of letter from the Inspector General of Reformatory Schools
to the Secretary to Government, Law (General)
Department, dated 4th September
1925, No. G. 6 4 3. (2) ✓

During my recent inspection of the Reformatory and Senior Certified School, Chingleput, I was not altogether satisfied with the Medical arrangements of the School. There are over 220 boys in the School, and I consider that the medical work is too much for a junior Sub Assistant Surgeon.

The District Medical Officer, Chingleput, should be appointed Medical Officer of the School, with a permanent Sub Assistant Surgeon working under him. In District Jails of the same size as the Reformatory School the District Medical Officer is required to visit the jail daily--vide Rules 32(2), 49 and 50 Jail Manual--in spite of the fact that a permanent Sub Assistant Surgeon is attached to each Jail.

I would like a similar arrangement to be made at Chingleput in connection with the Reformatory School, where it is most necessary for a gazetted medical officer of experience to be in medical charge.

Reformatory

No. 5, dated 4 - 1 - 1926

The Chief Inspector of Reformatory and Certified Schools proposes

(3) that the District Medical Officer, Chingleput, may be appointed medical officer of the school with a permanent sub assistant surgeon working under him.

2. The institution is mainly educational in character and the Government do not think it necessary to sanction the appointment of a highly paid officer to assist the superintendent in addition to the head master on Rs. 75-250. If the present incumbent of the post of sergeant be found unsuitable, he may be replaced.
