Government Training School, Chidambaram to private management the Headmaster of the Meenakshi Training School, Chidambaram requested the District Educational Officer to make over to the school the materials of the shed, in which the training classes were located. The materials consist of bricks, beams, pillars, bamboo poles and Cocconut leaves and they are valued approximately at Rs.110. The District Educational Officer was informed that the materials should not be handed over to the Meenakshi Training School free of cost, but he was requested to value the materials and in case the management is willing to pay the amount fixed by the Public Works Department they may be sold to the management, the proceeds being remitted to the treasury. Subsequently the Correspondent of the Meenakshi Training School reported that he was no longer in need of the materials, as a pucca shed was to be constructed. The District Educational Officer was therefore requested to auction the materials, the amount realised being remitted to the treasury.

3. The Chairman, Municipal Council, Chidambaram requests that the shed may be handed over to the municipality free of cost. In view of the fact that the Municipal Council has already spent a sum of Rs.89-7-0 from its funds towards this shed and as the present value of the shed is now estimated at Rs.110 only and as nearly as eight municipal Elementary schools are located in rented buildings, I recommend that the shed may be handed over to the Municipal Council free of cost.
