Expenditure on equipment relating to games -

(I)

The expenditure on volley ball grounds, equipment etc, was specifically approved by Government in G.O. No. 177 Law (Education), dated 5-2-1926, as the maintenance of 'volley ball ground' was not included in item 52 A (i) of the Appendix F to the Madras Treasury Manual, Volume II. With regard to the other games included in the list, it is observed that expenditure on the provision and maintenance of grounds alone should be met from the Provincial funds, the idea being that ordinary running ^{charges} bats, purchases of bats etc, ^{should} be met from the subscriptions collected from the students. This is also evident from sub-para (ii) in item 52-A, under which gifts of tennis and cricket nets etc., can be made only occasionally from Provincial funds and that for newly started clubs. It may also be noted that the expenditure on equipment for volleyball game is not likely to be large. A draft Memo to the D.P.I. is submitted.

Provision & maintenance of grounds alone is regarded as a suitable object of expenditure from public funds. As regards equipment only occasional gifts of these are ~~and~~ legitimate to be allotted to public funds. As Volley ball was considered by the D.P.I. to be deserving of encouragement in schools & colleges, & as the expense connected with the equipment therefor is not likely to be much expenditure on equipment for

Am I correct in thinking that the inclusion of "equipment etc" in (I) was a mistake?
