Station Madras Dated the 16th February, 1926.

From (Name) R. LITTLEHALLES, Esq., B.A.,

(Designation) DIRECTOR OF PUBLIC INSTRUCTION.

To The Secretary to the Government of Madras

LAW (EDUCATION)

Department.

Sir,

I have the honour to request that in the circumstances explained hereunder you will be so good as to obtain the sanction of Government for the transfer of the combined Training and Sessional School for Savaras, Parlakimedi, to Serango with effect from the re-opening of the school after the ensuing summer holidays.

2. Early last year, the Agent to the Governor in Ganjam suggested the desirability of transferring the school in question to Rayagada, a Savara Centre, on the ground that Parlakimedi which is in the plains is not within easy reach of the

Savaras

(P.T.O)

Savaras, that teachers whose mother-tongue is Savara should be trained in order to make a real beginning with Lanja Savara education and that real Savaras (Lanja Savaras) can never be got trained as teachers in place of the present Uriyas and Uriyanised Savaras so long as the school is not transferred to a Savara Centre. The proposal was however lacking in certain particulars and I had to place myself in correspondence both with the Government Agent and the Agency Educational Officer. In the meantime, the Government Agent visited Royagoda, and having been convinced of the unsuitability of the place mainly from a climatic point of view, selected Serango as the best place to which the school should be removed. It is stated that there are many more Lanja Savaras round Serango and that it has a Government Elementary School which would serve as a Model School. The Government Agent further states in support of his proposal that Serango is a healthy and charming place 2000 feet above the Parlakimedi plain, that he has already selected a good site and that the Canadian Baptist Mission is starting a station there and building a dispensary. In these circumstances, the Government Agent requests sanction for the transfer of the Training School from Parlakimedi to Serango.

3. Accommodation: The school at Parlakimedi is held in a rented building and the annual rent paid is Rs.360 (Rs.180 for the school and Rs.180 for the hostel). It is reported that rented accommodation is not available at Serango. The Government Agent therefore proposes to construct a new block of buildings consisting of a small school-house for the Training School and a row of 15 rooms on flint for quarters of teachers and students' hostel with a row of kitchen ~~hallways~~ behind all in mud and thatch as usual in the Agency. The approximate cost of the new buildings is estimated at Rs.2,500 and the Government Agent adds that these can be constructed quickly and cheaply under his orders and that there is no trouble about land acquisition.

4. Staff: The sanctioned scale of staff of the Parlakimedi Training School consists of 3 Secondary grade teachers, one combined Physical Training Instructor and Drawing Teacher, one Manual Training Instructor ~~and one Peon~~ ^{and one peon.} (Temporary). Besides the

above

the above ^h there are three Higher Elementary Grade teachers employed in the Model School, and on the transfer of the Training School to Serango the Government Agent states that the Model School at Parlakimedi might be abolished as the Government Elementary School at Serango could be used for purposes of observation and practising. From the information available in my office, it is observed that there are 46 pupils in the Government Elementary School at Serango distributed among 5 standards and that it has a staff of two Elementary Grade teachers. Inasmuch as model schools in the plains have ordinarily got a secondary grade teacher for each standard, I am in doubt whether from an educational point of view the Agent's proposal to have a staff of only two Elementary grade teachers for the new model school is sound, and I have accordingly asked the Agency Educational Officer to furnish me with certain additional particulars relative to this question. However as the Agent is anxious to give effect to the transfer, I suggest that the three teachers employed in the Parlakimedi Model School may also be transferred along with the school to Serango, the constitution of the staff of the new model school being determined finally on receipt of the further particulars from the Agency Educational Officer. In any case, the proposal is likely to involve the payment of agency allowance as none of the existing members of the staff of the Parlakimedi school are eligible for it at present.

5. The acceptance of these proposals will involve additional expenditure on new buildings and payment of agency allowance. While a portion of the provision for rent made in the Civil Budget Estimate for 1926-27 on account of the Parlakimedi school will be available for constructing new buildings at Serango, it is not possible at the present moment in the light of para 4 supra to estimate the requirements under Agency pay. However, the additional expenditure may not be large and I trust that it may be possible to meet it by appropriation.

6. I request that the proposal may be approved in general and early orders passed on this communication, so as to enable the Agent to make the necessary preliminary arrangements for removing the school to Serango.

I have the honour to be,

Sir,

Your most obedient servant,

L. C. Chinnappa
For Director of Public Instruction

D.O. No. 2710 D/25-2
CONFIDENTIAL

Revenue Secretary's office,
Fort St. George
Dated the 21st December 1925

My dear Galletti,

I am directed to invite your attention to Government of India's letter Home Department No.527 dated 3-4-25 communicated to you in Revenue Ednt. 1314 D dated 27th Oct. 1925 and to ask that their remarks may be borne in mind and well considered proposals put forward for the improvement of communications in the Agency and in consultation with the D.P.I. for the establishment of schools. The Govt. of India's letter has primarily reference to the area in Vizagapatam and Godavari concerned in the recent fituri but that will not stand in the way of considering scheme for the Ganjam Agency if funds will permit.

Yours sincerely,

To

A. Galletti Esq., I.C.S.,

Agent to the Governor in Ganjam.

8
D.O. No. 2710 D/25-2

CONFIDENTIAL

Revenue Secretary's office,

Fort St. George,

Dated the 21-12-1925.

My dear Rama Rao
Cobbald

I am directed to invite your attention to Govt. of India's letter Home Department No.527 dated 3-4-1925 communicated to you in Revenue Endorsement 1314-D dated 27-10-25 and to ask that their remarks may be borne in mind and well considered proposals put forward for the improvement of communications in the Agency and in consultation with the D.P.I. for the establishment of schools. The Govt. of India's letter has primarily reference to the area concerned in the recent fituri and so I am to ask that this area may receive your particular attention.

To

M.R.Ry. Rai Bahadur U.Rama Rao Avl.,
Government Agent, East Godavari.

E.B.Cobbald Esq., I.C.S.,
Agent to the Governor, Vizagapatam.

46
Ganjam Collector's Office, Chatrapur

Balliguda dated 29-12-25.

Dear Hood,

Your D.O. No. 2710 D/25-2 Confl. dated 21-12-25.

(1) Agency Communications.

I draw your attention to my official letter No.A.1. Confl. dated 2-11-25 in which I sketched out a scheme of military roads. I am making diversions this year in the first mile of the Taptapani Ghat road. I have already made 3 diversions between the head of the Taptapani Ghat road and R.Udayagiri (part of main military road) which have reduced the only 3 formidable ghats between to motorable gradients. I am at present engaged in making contours of the main roads from Balliguda myself and noting ghat diversions I can do a great deal of ghat reduction and bridge-making myself if I am given sufficient funds. My allotment is at present half a lakh a year. That is too little. Please request Government to make it a lakh in future budgets and I will make the main roads motorable in fair weather, Metalling can come later.

(2) Education.

We have not yet got schools in the more remote Khond and Savara villages where only those languages are spoken because we have not at present Khond and Savara teachers. I have now 6 Khond students in the Khond training school which was moved up some time ago from plains to agency and I proposed to the D.P.I. a year ago to move the Savara training school up from plains (Parlakimedi) to Agency. I shall be glad if you will ask the D.P.I. to submit my proposals to Govt. without delay.

Yours sincerely,

To

H.M. Hood Esq., I.C.S.,
Secy. to Govt.
Revenue Dept.

13-7

Law (Education) Department.

The Savara Training School referred to in Mr. Galletti's D.O. at page 10 ante is intended both for Savaras and Oriyas - Vide G.O. No.154 Hom (Education), dated 2-2-1920. No proposal has yet been received from the D.P.I. about the transfer of the school from Parlakimedi to the Agency. The D.P.I. may be requested to state what became of the proposals submitted to him by the Agent.

A draft u.o. note is submitted.

(In reply to a letter from this Government relating to the question of undertaking special administrative measures in the Agency, the Government of India stated in April last that they concurred in the opinion expressed by this Government that a permanent remedy to disturbances such as the "fituri" would be found in the development of these backward tracts and suggested the adoption of special measures for the spreading of "civilising influences in the area". The letter from the Government of India was communicated to the Agents to the Governor, Ganjam, Vizagapatam, and East Godavari and they were asked to submit in consultation with the D.P.I. proposals for the establishment of schools in the Agency, special attention being paid to the areas concerned in the recent fituri.)

Mr. Galletti, the Government Agent at Ganjam, reports that he proposed to the D.P.I. a year ago that the Savara Training School may be moved from the plains (Parlakimedi) to the Agency. This proposal has not been received by the Government so far. The D.P.I. may therefore be asked to state:

- (1) whether he has received any such communication from the Government Agent; and
- (2) what action he has taken on the proposal.

U.O.Reply No. 263-A/25-28-26

A communication was received from the Government Agent so far back as February 1925. The Agent, however, was not able to fix upon the site to which he desired the school transferred until the 13th January 26 when he passed an order para 1 of which reads as follows:- "The Agent has finally decided that Serango is the place to which the Savara Training School at Parlakimedi should be removed".

Government is being addressed officially on the subject.

Law (Education) Deptt.

The official communication from the D.P.I. may be awaited. Meanwhile the file may be sent to Revenue for perusal of the D.P.I.'s note above.

To Under Secretary

The D.P.I.'s note above may be perused and the file returned to Law (Edn)

C.No. 503 C - From the D.P.I. R.O.C. No. 263 A/25, dated 16-2-1926.

C.O. No. 1571 HE

The existing school at Parlakimedi was opened in 1920. The D.P.I. in consultation with the Agent proposes that the school may be transferred to Serango with effect from the re-opening of the school after the ensuing summer vacation.

The proposals involve

- (i) the transfer of the Training School at Parlakimedi to Serango with the staff employed in the school;
- (ii) abolition of the Model school at Parlakimedi;
- (iii) transfer of the staff employed in the Model school to the Elementary School, Serango, pending the receipt of additional information called for from the Agency Educational Officer;
- (iv) construction of buildings at Serango at cost of Rs. 2,500;
- (v) payment of Agency allowance to the teachers transferred to Serango.

The D.P.I. expects to meet the additional expenditure by re-appropriation. As early orders are requested for, the proposals may be approved generally as desired by the Director. A draft order is submitted. It may be sent to Revenue and Finance for acceptance.
