The Law (Edu) Department.

Two questions on the subject asked by Mr. Gopala Menon have already been answered -- Vide G.Os. No. 1059 Law (Education), dated 30-6-1924 and No. 542 Law (Education), dated 16-4-1925.

2. The question of a site for a building for the Institute has not yet been decided on. The site deemed most suitable is the vacant military land adjoining the Esplanade lying between the Law College Pumping Station and the S.I.R. level crossing. From page 48 of the notes in the linked file it will be observed that correspondence is proceeding between the Government in the L. S. G. Department and the Military authorities regarding a town planning scheme for developing the Esplanade area in which the needs of the Institute of Commerce have also been taken into account. The correspondence has been dragging on for some time past and there seems to be no reasonable hope of the Esplanade site becoming available in the near future. It is also seen that the military authorities have objections to the Esplanade area being built upon.

3. Recently the Revenue Department sent round a list of lands acquired for certain public offices and institutions, the construction of buildings for which have either been dropped or otherwise disposed of and asked whether any of the sites would be required by the Depts. for their purposes. The D. P. I. has advised in that connection that in the event of the Esplanade site not being available for the Institute of Commerce, the following two alternative sites might be considered and the question referred to a site committee:-

- (i) Land, Male Asylum Road, Egmore by the side of the Central Record Office for construction of public offices known as (R.S.No. 828) measuring 7 Cawnies 7 Grounds and 1952 Square feet.
- (ii) Land in Taylor's Yard in Mount Road measuring 42 Cawnies and 98 Square feet.

This Department has remitted the Director's suggestion to Revenue. The further action to be taken will pre-

presumably depend on the feasibility of securing the sites referred to above.

4. A draft answer is suggested for consideration. It may be sent to L.S.G. and Revenue for perusal or for remarks.

A permanent habitation for the College of Accountancy.

* 908 Q.—Mr. C. GOPALA MENON: Will the hon. the Minister for Education and the hon. the Member for Revenue be pleased to state how far their efforts to provide the College of Accountancy which is now located in the Law College premises to the great discomfort of both Institutions, with a permanent habitation, are reaching fruition?

A.—The site which is considered most suitable for the Institute of Commerce is the vacant Military land adjoining the Esplanade and lying between the Law College Pumping Station and the South Indian Railway level crossing. The question of developing the Esplanade area is under correspondence between the Government and Military authorities. It has not yet been possible to arrive at a definite settlement. Recently the following two alternative sites have also been suggested in the event of the Esplanade site not being available:—

(i) land on the Male Asylum Road, Egmore, by the side of the Central Record Office.

(ii) land in Taylor's Yard on the Mount Road.

The question of securing a suitable site has not been finally settled.

Mr. S. SATYAMURTI:—"May I ask the hon. the Minister for Education to be good enough to say whether this land adjoining the Esplanade and lying between the Law College Pumping Station and the South Indian Railway level crossing has been built upon now with a theatre?"

The hon. Rao Bahadur Sir A. P. PATRO:—"I do not think that the site that was proposed to be built upon is occupied by the theatre."

Mr. S. SATYAMURTI:—"May I ask the hon. Minister to be good enough to say when this question of a suitable site will be finally settled?"

The hon. Rao Bahadur Sir A. P. PATRO:—"After we hear finally from the Government of India in regard to the disposal of the sites."

Mr. S. SATYAMURTI:—"May I ask if before the next budget this will be done and provision will be included at least in the next budget for building the college of Accountancy?"

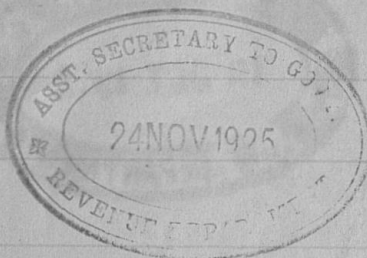

The hon. Rao Bahadur Sir A. P. PATRO:—"If the question of site is settled, it will be possible to make provision before then." *but I cannot say for certain.*

The final form of the question and

answer was as above.

With ref. to C. 2's note on previous page, the file may now go to Revenue
may be requested to expedite the consideration of possibility of the alternative sites being made available for purposes of the Institute of Commerce.
