PTD

The Director's estimate for equipment grants to European colleges, secondary and special schools in Part I of the budget for 1926-27 is on page 1 ante. According to the budget procedure prescribed in regard to this grant, provision should be entered in Part I for schemes in respect of which a portion of the grant has already been paid or is likely to be paid in the course of the year preceding that to which the budget relates, and provision for other schemes in Part II. The latter should include only schemes which have been approved or are likely to be approved before the 1st November of the year preceding ^{that} to which the budget relates.

2. The following statement compares the actuals under this head for the year 1924-25, the budget provision for the current year and the provision proposed for the next year ~~under this grant~~.

a) Page 199 C.F. 1925-26.
b) Page 209 - do -
c) Page 218 - do -
d) Item 1 on page 1 C.F.

I t e m s.	Accounts 1924-25	B. E. 1925-26	B. E. 1926-27		
			Part I	Part II	Total
	Rs	Rs	Rs	Rs	Rs
Arts Colleges	50,300	1,46,500	31,000	1,24,000	1,55,000
Professional Colleges	..	..	..	400	400
Secondary schools	44,960	50,000	..	59,000	59,000
Special Schools	4,337	3,500	700	500	1,200
		2,00,000	31,700	1,83,900	2,15,600

The provision proposed in Part I does not call for any remarks. The provision proposed in Part II is ~~in~~ in respect of schemes which have been approved by the Government or the Director, as the case may be. The total provision of Rs 2,15,600 proposed for next year does not seem to be excessive when compared with the current year's budget provision of Rs 2,00,000.

3. A note for the Finance Committee is submitted. The file may be sent to the Finance Dept.

All the items included in the list in the current file have been ~~specific~~ individually sanctioned by the D.P.I. or the Govt. The list ~~for~~ ^{to} ~~land~~ ^{to} ~~school~~ ^{to} long & it does not appear that any useful purpose will be served by annexing the list to the note for the Finance Committee. If, however, the Finance Dept. desires that the list should be annexed to the note it may be done.

[Last year the list which included also cases under consideration were annexed to the note]

What is the object of showing the same column a school several times over in the statement? It not give one entry for each visitation showing against it the total amount of grant proposed?

The various items for each school are shown separately as they presumably relate to different kinds of equipment.

S

Such as furniture, scientific apparatus, books &c. If they are all clubbed together, the grant will exceed Rs 2,500 and will not be within the Director's power of sanction as noted in the Remarks Col. It is for this purpose that the Director has shown each item relating to the same institution separately.

Para. 60 of Grant-in-aid

There is, however, no objection to their being clubbed & shown as one item for each institution when the statement is printed as an Appendix to the note for the Finance Committee.

Note for the Finance Committee.

Subject:- Part II of the Budget Estimates for 1926-27 -
Equipment grants to non-European colleges and secondary and
special schools under private management.

Proposals of the Director of Public Instruction.

The Director of Public Instruction proposes the following provision for equipment grants to aided schools and colleges in Part II of the budget estimate for 1926-27:-

Arts Colleges		Rs. 1,23,300
Professional colleges		400
Secondary schools.		58,600
Special schools.		500

Total ..		Rs. 1,82,800

Note by the Law (Education) Department.

Grants for the equipment of schools and colleges under private management are sanctioned under the provisions of Chapter IX of the Grant-in-aid Code. Each application for grant, as it is approved by the Director of Public Instruction or the Government, as the case may be, is included in a list maintained for the purpose. The grants are disbursed after the articles of equipment have been purchased and the necessary vouchers produced. The actual distribution of the amount provided each year for these grants is made by the Director in accordance with the urgency of the applications in the approved list.

2. According to the budget procedure prescribed by Government, provision should be made in Part I for schemes in respect of which a portion of the grant due has already been paid or is likely to be paid in the course of the year preceding that to which the budget relates, and provision for other schemes in Part II.

3. The following statement compares the actuals under this head for the year 1924-25, the budget provision for the current year and the provision proposed for the next year:-

Recommendation of Finance Committee.

Equipment grants to non-European Colleges &c--

Rs. 1,82,800 proposed.

Item	Recommendation
(1) Equipment grants to colleges &c.	Rs. 86,898 in class II
(2) Equipment grants to Sri Vinakshi College, Chidambaram.	Rs. 95,902 in Class III. The Committee desired to know whether the provision of science laboratories at Chidambaram is a fair charge on the State.

The Government have already committed themselves to the provision of science teaching in the Vinakshi College Chidambaram. The construction of a building for science teaching, in the college at a cost of Rs. 1,72,610 approved by Government in 1924. Of the total grant of Rs. 1,15,073 due for the building, a sum of Rs. 78,407 has already been paid. It is understood that the building has almost been completed.

As regards equipment, a grant of Rs. 95,902 is due in respect of items already included in the approved list. Of this sum, Rs. 90,061 is for science equipment and the balance, for books, furniture &c. No portion of this grant has yet been paid and the Director has proposed that the entire amount may be provided in the next year's budget. Apparently, the articles of equipment have already been ordered and will be ready in the next year. If the whole of the grant could not be paid in the next year, it may be paid in instalments. For orders whether this department may press for the provision of the entire amount in the next year's budget.

The general question whether science teaching may be concentrated in a few centres is being considered separately.
