From

The Reverend W. H. G. PADFIELD, M. A.,

PRINCIPAL AND SECRETARY.

To

The Secretary to Government,

Law (Education) Department,

Fort St. George, Madras.

Sir,

With reference to the enclosed note from the Executive Engineer, Coimbatore Division - I beg to point out that it is very difficult for us to say whether these figures are correct or not. The P.W.D., have charged centage charges to the extent of Rs 2293-0-0 on all works from the 1st April 1925 - the date on which the management of the school was transferred to the Board of Trustees. The Board feel that they cannot accept these centage charges without putting the following considerations before the Government :-

1. All the works noted in the list are the incomplete works of previous years.
2. The P.W.D., did not hand over the works to the Trustees, although the Board was prepared to take them over on the 1st April 1925.
3. The expenditure incurred are the liabilities of previous years, and these could easily have been transferred to the Board who could have cleared them instead of the P.W.D.

Under these circumstances I should be very glad if the Government could see their way to waive the centage charges of Rs.2,293-0-0 now charged.

Sir,

Woolworth

Principal and Secretary.

ENCLOSURES

Lawrence Memorial Royal Military School -
Lovedale - Centage charges - Waiving.

Government Memo No. 6465-C/25-1., dated
10th November 1925.

SPARE COPIES

The points raised by the Principal are
dealt with below seriatim :--

(1) The Executive Engineer, Coimbatore Division has reported that the statement that the Board of Trustees was prepared to take over the incomplete works of the previous year on 1st April 1925 is not correct and that the question of handing over the works to the Board was mooted only after 1st July 1925 when the Board appointed a subordinate of its own by taking the Public Works Department Supervisor previously employed on the works on foreign service terms.

The orders in G.O.No. 488 Law (Education) dated 4th April 1925 are to the effect that the usual centage charges should be levied when works are executed by the Public Works Department on behalf of the School authorities after 1st April 1925 and no exception is made therein in regard to the works that might be executed by this Department after

1st April 1925 to complete the works left incomplete in the previous year. Centage charges have therefore been rightly levied in respect of such works.

(2) The accompanying statement received from the Executive Engineer shows that out of a total expenditure of Rs. 17645-1-9 incurred by this department from the 1st April 1925 to end of November 1925, Rs. 1956-9-0 represents the amount of liabilities incurred in the year 1924-1925 and the centage charges included on account of this amount in the total charge of Rs. 2647 is Rs. 293. As G.O.No. 488 Law (Education) dated 4th April 1925 clearly states that centage charges should be levied only in respect of works actually executed by the Public Works Department after 1st April 1925, I consider that it is not correct to levy such charges on the liabilities incurred in the previous year. A sum of Rs. 293/- may therefore be excluded from the charges levied.

(3) It will be seen from item 5 of the accompanying statement that the expenditure of Rs. 4986-8-0 on "Improvements to water supply, Lovedale" includes only Rs. 1922-9-0 towards materials supplied by the Workshops and that the balance represents the cost of work done by this Department and of materials obtained from the Public Works Stores or locally purchased. Centage charges have been levied on the whole cost of materials, with reference to rule 10 in Appendix 7 to the Public Works Account Code, which lays down that no item of expenditure should be excluded from the levy of centage charges on the plea that it involved little or no departmental supervision.
