Inspection Report - Junior Certified School, Ranipet.

ENCLOSURES.

No.

No. G/

Station Ootacamund, Dated the 4th September 1925.

From (Name) Lieut-Col. J. P. Cameron, C.I.E., I.M.S.

(Designation) Inspector-General of Prisons
Reformatory Schools.

To The Secretary to the Government of Madras,

Law (General) Department.
Fort St. George, Madras.

Sir,

During my recent inspection of the Junior Certified School, Ranipet, I was dissatisfied with the Medical -- control of the school. There were several sick boys lying in a dormitory on the floor, and, apparently, no one to look after them except the Superintendent - who is not a Medical Officer. Boys who are sick are taken to the Mission Hospital, some distance away, for treatment, and only those who are seriously ill are retained in Hospital; others being treated as out patients and returned to the school. The Medical Officer - Dr. Scudder of the - Mission Hospital, who gets an allowance of Rs.30/- per mensem for visiting the school - visits once or twice a week only, and is therefore not in a position to properly

control the health and sanitation of the school - especially as there is no Medical Subordinate attached to the school to work under his orders. I was far from satisfied with the general sanitary control and consider it most essential for a permanent Sub Assistant Surgeon (a young and energetic officer) to be appointed as Medical Officer of the school without delay.

The pay of this officer can be met by abolishing the post of warden on Rs.50/- per mensem (not yet filled) and by cancelling the allowance of Rs.30/- per mensem now granted to Dr. Scudder of the Mission Hospital. Dr. Scudder would, I am sure, in his capacity as President of the Board of -- Visitors, visit the school from time to time to advise the Medical Officer on matters pertaining to the Medical management of the school.

2. The Medical Officer would act as warden in addition to his medical duties and generally assist the Superintendent, as his medical duties would not be onerous. He could, if necessary, be designated "Assistant Superintendent and Medical Officer"

3. If Government approve of my proposal, the Surgeon-General may be asked to select and depute a suitable junior Sub Assistant Surgeon (Rs.75-5-175 grade) as Assistant Superintendent and Medical Officer, Junior Certified School, Ranipet. His services to be placed at my disposal for a period of three years, as in the case of Sub Assistant - Surgeons deputed for Jail service.

4. A small dispensary will be opened in connection with the school and a room set apart for Hospital purposes. All serious cases, as heretofore, will be transferred, for treatment to the Mission Hospital.

I have the honour to be,
Sir,
Your most obedient servant,

Lieut-Col. I.M.S.
Inspector-General of Reformatory

N. V. Rao.
Superintendent and Headmaster,
Junior Certified School, Ranipet.

C. 2377 From the I.G. of Reformatory Schools, No;

G. 642, dated 4-9-25.

1 In his inspection of the Junior Certified School Ranipet after the control of the school was transferred to him from the D.P.I. on 1-8-25 the I.G. has found that medical and sanitary arrangements in the school are unsatisfactory as described in paragraph 1 of his letter. ~~His suggestion~~ The I.G. therefore recommends the appointment of a whole time medical officer for the school. His suggestions in this regard are : --

(1) that a sub assistant surgeon may be appointed a full time medical officer with duties of a warden in addition; The S.A.S. may be designated "Assistant Superintendent and Medical Officer".

(2) that the appointment of the Warden on Rs. 50 a month may be abolished, and

(3) that the allowance of the Missionary Medical Attendant (Rs. 30 a month) may be discontinued.

2 The I.G. also says that a dispensary will be opened in the school and a room set apart for hospital purposes. The serious cases are to be attended to as heretofore at the mission hospital. No estimate of cost is however given by the I.G. perhaps it may be found that it is from the budget allotment.

3 As regards (1) it is submitted that under rule 5(a) of the rules under the Children Act, 1920 every certified school should have a recognised medical attendant. The existing arrangement of ~~Dr. Scudder~~ Dr. Scudder of the Mission Hospital attending to the medical duties of the school was sanctioned apparently as a temporary measure in G.O.No. 550, Law (Education), dated 12th April 1923. As now reported, the arrangement has been found unsatisfactory both in respect of the health of the ^{pupils} people and the sanitation of the school. The school has 70 pupils on the rolls. Sickness seems to be largely prevalent. It is submitted therefore that the proposal of the I.G. to

appoint a full time sub assistant surgeon on Rs. 75-5-175 may be approved. It is proposed to entrust him with the duties of a warden also, and to appoint him as "Assistant Superintendent and Medical Officer." L.S.G. department may be requested to say whether the Surgeon General would agree to place the services of a suitable junior sub assistant surgeon under the I.G. for a period of three years for the purpose.

4 As regards (2), it is submitted that the post of a matron on Rs. 50 a month was originally sanctioned for the school in 1922. It was not however filled up. The Assistant Master of the school was in the meanwhile entrusted with the supervision of the pupils and of the hostel. In 1924 on the recommendation of the D.P.I. the post of matron was converted into that of a part time warden on Rs. 50 a month and the assistant master was placed in charge of it pending the appointment of a warden. It is now proposed to abolish the post of warden and utilise the savings towards the appointment of an assistant superintendent and medical officer. This may be agreed to.

5 So also in regard to (3), the services of Dr. Scudder as medical attendant may be discontinued on the appointment of a full time medical officer and the savings of Rs. 30 a month may also be set against new appointments. The savings thus effected during the current year (Rs. 80 a month) will cover the pay of a junior sub assistant surgeon in the current year.

6 The remarks of the L.S.G. may be invited in the first instance as suggested in para 3 above.

The proposal is to appoint a Sub-assst. Surgeon as Warden and Medical Officer of the Junior Certified School, Rampet, to abolish the post of Matron on Rs 50 p.m. (temporarily converted into a post of Warden on Rs 15 p.m.) and to discontinue the allowance of Rs 30 p.m. paid to Dr. Scudder for performing the duties of Medical attendant of the School. The reasons in support of the proposal are given in the J.G.'s letter on pp 1-2 cf.

As the proposal does not seem to be of extreme urgency and as it involves an addition to the cadre of Sub-assst Surgeons for which there is no provision in the current year's budget, Finance may suggest that the proposal may be brought forward as a Part II Scheme for 1926-27.

Note for the Finance Committee.

Subject:- Employment of a Sub-Assistant Surgeon in the Junior Certified school, Ranipet-Part II of Budget Estimates for 1926-27.

Proposals of the Inspector-General of Reformatory Schools.

The arrangements for medical attendance in the Junior Certified school, Ranipet, are not satisfactory. At present an allowance of Rs. 30 a month is paid to Dr. Scudder of the American Arcot Mission Hospital, Ranipet, for performing the duties of medical attendant of the School. Dr. Scudder can visit the school only once or twice a week and is therefore not in a position to properly control the health and sanitation of the school. The school now has 70 boys on its rolls and its strength will soon increase to 100. The Inspector-General considers it most essential that a suitable sub-assistant surgeon in the grade of Rs. 75-5-175 should be appointed as medical officer of the school. It is proposed that the Sub-Assistant Surgeon may act as warden in addition to his medical duties and generally assist the superintendent. He would be designated 'Assistant Superintendent and Medical Officer' of the school.

2. The Inspector-General proposes that, from the date of appointment of the Sub-Assistant Surgeon, the post of matron on Rs. 50 a month may be abolished and that the allowance of Rs. 30 a month now granted to Dr. Scudder may be discontinued. Dr. Scudder would, in his capacity as President of the Board of Visitors, visit the school from time to time to advise the medical officer on matters pertaining to the medical arrangements in the school.

3. The Inspector-General also proposes that a small dispensary may be opened in the school and a room set apart for hospital purposes. The probable expenditure on account of the dispensary is estimated at Rs. 400 a year recurring and Rs. 1050 non-recurring.

2. ~~18~~ (14)
All serious cases will as at present be transferred for treatment to the Mission hospital.

Note by Law (Education) Department.

The Surgeon General, who was consulted on the proposals made by the Inspector-General, agrees with him that it would be much more satisfactory to have a permanent sub Assistant Surgeon as medical officer and warden of the school than to have a visiting medical officer, and a warden who is a layman. The proposals of the Inspector General may therefore be accepted. The immediate and ultimate extra expenditure involved by the proposal is shown below:-

	Extra expenditure in 1926-27 Rs.	Ultimate expenditure.
Pay of Sub-Asst. Surgeon on Rs. 75-5-175.	825	1,635
Recurring charges of dispensary.	400	400
Non-recurring charges of dispensary.	1,050	--
	-----	-----
	2,275	2,035
	-----	-----

Against the above expenditure, there will be a saving of Rs. 960 on account of the abolition of the post of Matron and the discontinuance of the allowance of Rs. 30 a month paid to Dr. Scudder. A provision of Rs. 2,275 may be made in the next year's budget as indicated below:-

25. a -- Jails and Convict Settlements -- (vii) Reformatory and Certified schools -

29th March 1926.

Read the following:-

From the Inspector General of Reformatory schools, No.G.642 dated 4th September 1925.

ORDER:-

The Government approve of the proposal of the Inspector General of Reformatory schools that a sub assistant surgeon should be appointed as full time medical officer of the Junior Certified School, Ranipet. The sub assistant Surgeon will act as Warden of the school in addition to his duties as medical officer and will generally assist the Superintendent of the school. He will be designated "Assistant Superintendent and Medical Officer".

2. The Surgeon General is requested to select a suitable junior sub assistant surgeon in the grade of Rs. 75-5-175 and place his services at the disposal of the Inspector General for a period of three years for employment as Assistant Superintendent and Medical Officer of the school.

3. The Government direct that, with effect from the date of employment of the sub assistant surgeon in the school,

(i) the appointment of warden in the school, sanctioned in G.O. 732, Law (Education) dated 9th May 1924, be abolished; and that (ii) the allowance of Rs. 30 a month sanctioned to Dr.Scudder in G.O.550, Law (Education), dated 12-4-23, be discontinued.

4. The Government also approve of the opening of a dispensary in the school and the incurring of a recurring expenditure of Rs. 400 a year and a non-recurring expenditure of Rs. 1050 on it.

5. This sanction is registered as No. 42 of 1926-27.

For forward to the Sub-Asst. Surgeon may be as warden in addition to his medical duties and to assist the Superintendent. He would be designated Asst. Superintendent and Medical Officer of the school.

2. The L.C. proposes that, from the date of appointment of the Sub-Asst. Surgeon, the post of warden as held by Mr. J. D. Soudder may be abolished and that the services of Mr. J. D. Soudder may be discontinued. Mr. Soudder would, in his capacity as President of the Board of Visitors, visit the school from time to time to advise the medical officer on matters pertaining to the medical arrangements for the school.

3. The L.C. also proposes that a small dispensary be established at the school.

Note for the Finance Committee

Subject:--Employment of a Sub-Assistant Surgeon in the Junior Certified School, Ranipet--Part II of Budget Estimates for 1926-27.

Proposals of the I.G. of Reformatory Schools.

The arrangements for medical attendance in the Junior Certified School, Ranipet, are not satisfactory. At present an allowance of Rs. 30 a month is paid to Dr. Scudder of the American Arcot Mission Hospital, Ranipet, for performing the duties of medical attendant of the School. ~~Only~~ Dr. Scudder, can visit the school ~~once~~ or twice a week and is therefore not in a position to properly control the health and sanitation of the school. The school now has 70 boys on its rolls and its strength will soon increase to 100. The I.G. considers it most essential that a suitable sub-assistant Surgeon in the grade of Rs. 75-5-175 should be appointed as medical officer of the school. It is proposed that the Sub-Assistant Surgeon may act as warden in addition to his medical duties and generally assist the Superintendent. He would be designated 'Asst. Superintendent and Medical Officer' of the school.

2. The I.G. proposes that, from the date of appointment of the Sub-Asst. Surgeon, the post of matron on Rs. 50 a month may be abolished and that the -- allowance of Rs. 30 a month now granted to Dr. Scudder may be discontinued. Dr. Scudder would, in his -- capacity as President of the Board of Visitors, visit the school from time to time to advise the medical officer on matters pertaining to the medical arrangements in the school.

3. The I.G. also proposes that a small dispensary may be opened in the school and a room set apart for hospital purposes. The probable expenditure on account of the dispensary is estimated at Rs. 1,200.

a year recurring and Rs. 1,050 non-recurring. All serious cases will as at present be transferred for treatment to the Mission hospital.

Note by Law (Edn.) Department.

The Surgeon General, who was consulted on the proposals made by the I.G. of Prisons, agrees with him that it would be much more satisfactory to have a permanent sub-Assistant Surgeon as medical officer and warden of the school than to have a visiting medical officer, and a warden who is a layman. The proposals of the I.G. may therefore be accepted. The immediate and ultimate extra expenditure involved by the proposal is shown below:--

	Extra expenditure in 1926-27 Rs.	Ultimate expenditure
Pay of Sub-Asst. Surgeon on Rs. 75-5-175 for 12 months	825	1,635
Recurring charges of dispensary	1,300 4 00	1,300 4 00
Non-recurring charges of dispensary	1,050	---
	---	---
	3,175 2,275	2,935 2,035
	---	---

Against the above expenditure, there will be a saving of Rs. 960 on account of the abolition of the post of matron and the discontinuance of the allowance of Rs. 30 a month paid to Dr. Scudder. A provision of Rs. 2,275 may be made in the next year's budget as indicated below:--

25. a--Jails and Convict Settlements--(vii) Reformatory and Certified Schools--

Pay of establishment--Voted	Rs. 825
Supplies & services--Special	1,450
- Medical and Sanitary	200

Total	2,475 2,275

Note by the Finance Department

The proposal may be placed before the Finance Committee as a Part II scheme for 1926-27
