No. G/608

Station Ootacamund , Dated the 29th August 1925

From (Name) Lieut-Col. J.P. Cameron, C.I.E., I.M.S.,

(Designation) Inspector-General of Prisons.

To The Secretary to the Government of Madras,

Law (General) Department.

Fort St. George, Madras.

Sir,

I have the honour to submit herewith for the administrative approval of Government, the plan and a rough estimate amounting to Rs.10,808 for the above work, and to state that the necessity for the work is explained in the enclosed copy of letter No.216, dated the 29th June 1925 from the Superintendent, Reformatory and Senior - - Certified School, Chingleput. An approximate estimate amounting to Rs.2,260/- for annual maintenance and - - repairs to the electrical installation, is also enclosed. I consider that electric lighting is most essential for the school and request that the Government will be pleased to provide necessary funds for the same in the Budget Estimate for 1926-1927. The Electrical Engineer, Madras, will

p r infra

be requested to include the work in his forecast of
electrical works for 1926-1927.

I have the honour to be,

Sir,

Your most obedient servant,

M. L. S.

Lieut-Col, I.M.S.,
Inspector-General of Prisons.

Copy of letter No. 216, dated the 29th June 1925,
from the Superintendent, Reformatory and Senior Certified
School, Chingleput.

With reference to the correspondence ending with
Proceedings L. Dis. 1940/D/24, dated the 30th October 1924,
I have the honour to resubmit as directed the plan and esti-
mate for providing electric lighting to this school. The
question of providing better lighting arrangements in this
school was raised by the Director in his inspection notes -
forwarded with your Proceedings C. No. 183-D/23, dated the
23rd January 1923 and an estimate was first submitted with
this office Letter No. 99 G1-23, dated the 28th April 1923.
I cannot urge too strongly the need for the provision of better
lighting arrangements for this school. It is essential for
the following reasons:-

1. The school works until 9 P.M. and effective lighting is
required not only in the interest of the pupils but also in the
interests of the supervising staff.
2. The sleeping wards should be well lit during the night to
prevent mischief and malpractices,
3. It is necessary that the light should be of a non-inflamable
nature and should not be within the control of the boys sleeping
in the ward but under the control of the staff outside.
4. All the lights used between nightfall and 9 P.M. are not
required at one and the same time. The power lights now used
cannot be lit and put out in a few minutes with the result
that all of them have to be kept ^{burning} during the whole period of
about 2½ hours.

Sir,

In continuation of my letter No. G/608, dated
the 29th August 1925, I have the honour to forward here-
with a copy of letter No. 3058, dated the 4th September
1925, from the Electrical Engineer, Madras, and to --
request that the above work may be included in the sche-
dule of demands for electrical works for 1926-1927
submitted to Government. The work is urgent and should
be carried out with the least possible delay.

I have the honour to be,
Sir,
Your most obedient servant,

M. Cameron
Lieut-Col. I.M.S.,
Inspector-General of Reformatory Schools.

Station Camp Madras., Dated the 28th January 1926.

From (Name) Lieut-Col. J.P. Cameron, C.I.E., I.M.S.,
(Designation) Inspector-General of Prisons.

To The Secretary to the Government of Madras,
Law (Education) Department.

Sir.

In continuation of the correspondence ending with my letter No. G/659, dated the 7th September 1925, I have the honour to submit for the administrative approval of Government revised estimates amounting to Rs. 26,110 for the electrification of the marginally noted buildings in the Reformatory and Senior Certified School, Chingleput.

The revised estimate provides for many additional fittings not provided for in the original estimate and for the installation of a suitable power plant capable of supplying current to the District court and the quarters attached to the Reformatory School. The additional amount involved on account of extra power required for supply to

to the District Court, Chingleput is approximately Rs. 3,100
The Electrical Engineer to Government Madras states that the
additional expenditure involved should be borne by the
Reformatory School- Vide copy of letter enclosed. It is
difficult to understand his ~~own~~ argument that it is not
usual to distribute the cost among Government buildings.

Considering that the Reformatory School has nothing whatever
to do with the District Court I cannot see why the initial
outlay for the plant and wiring of the Court etc., should be
paid for by the Reformatory School. I consider that a
portion of the cost of the plant etc., should be borne by
the District Court.

I have the honour to be,

Sir,

Your most obedient servant,

J. C.
Lieut-Col. I.M.S.,
Inspector-General of Prisons.

@ School buildings	Rs. 25,000

Note for the Finance Committee.

Part II Scheme B.E. for 1926-27.

Subject: Electric installation for the Reformatory
and Senior Certified School, Chingleput.

Proposals of the I.G. of Prisons.

In paragraph 310 of their report the Indian
Jails Committee attach great importance to the improve-
ment in the lighting of jails and recommend the provision
of electric light installations. The Reformatory and
Senior Certified School, Chingleput, is an institution for
the detention of juvenile offenders and it is necessary
that every facility in the matter of education should be
afforded to the inmates. The I.G. of Prisons considers
that the present lighting arrangements in the Reforma-
tory and Senior Certified School are unsatisfactory and
recommends that electric lighting be provided for the
institution for the following reasons: --

- (i) The school works till 9 P.M. and good lighting
is required in the interests of the pupils and the
staff;
- (ii) The sleeping wards of the school should be
well lit to prevent malpractices;
- (iii) It is desirable to have lights that are not
within the control of the boys sleeping in the wards;
- and (iv) The power lights now used cannot be easily
controlled, and some of them have to be kept burning
between nightfall and 9 P.M. although they are not all
required at one and the same time. Further, lights that
are non-inflammable would be a great improvement.

Note by the Law (Education) Department.

THE I.G. has explained the necessity for
providing electric lighting for the Reformatory school.
His proposals are recommended for acceptance. The
initial cost of the installation is estimated to be

Rs 10,808. The annual repairs and maintenance charges would amount to Rs 2,260. A provision of Rs 10,808

may be made for the work in the B.E. for 1926-27 under

41-a - Civil Works - Transferred - Original works -

Buildings - h. jails & convict settlements -

K.R.M.

28-9-25

V.T.K.

28-9-25

Note by the Finance Department.

The proposal may be placed before the Finance Committee as a part II scheme for 1926-27

G.T.B.

Recommendation of the Finance Committee

Placed in class III

(* to be provided for when funds become available)

The J. G. of Prisons has stated that the work is urgent and should be carried out with the least possible delay. It is for orders whether the scheme will be pressed

for.

~~2~~

As I have noted elsewhere, the Finance Committee have placed in Class Schemes costing about 60 lakhs in all.

As only about 43 lakhs are available, it is unlikely that money will be available for Class IV Schemes. In the Cinc.

This need not be pressed for
