To

THE HON'BLE MR. A. P. PATRO., B.A., B.L.,

Minister of Education,

Madras.

Sir,

We, the residents of George Town, Madras, and the parts adjacent thereto, beg respectfully to submit the following few lines in the hope that they will meet with your benign consideration.

There is not a single MUHAMADAN HIGH SCHOOL in George Town, for the benefit of the Muslim pupils, but instead, there is the GOVERNMENT MUHAMMADAN SECONDARY SCHOOL where instruction is imparted upto the 111 Form. The Chief reason for establishing this School will be found to be that the existing High School either debar Mussalman pupils from entering them or make no provision for the teaching of URDU even as a Vernacular. There is, of course, the MADRAS - - CHRISTIAN COLLEGE SCHOOL which has Urdu Munshees on its staff but their sole business is to teach Urdu as a Vernacular, instruction in other subjects being imparted through a different medium, Tamil or Telugu.

2. Another reason why the present Secondary School has come into being is the inability of the middle class Mussal-
mans to pay the High fees ~~Rs. 3-12-0, and Rs. 4-4-0~~ Rs. 3/-, Rs. 3-12-0, and Rs. 4-4-0 charged in other institutions for the 1st, 2nd and 3rd Forms respectively against the uni-
form fee of Rs. 1-6-0 payable for each of the three forms in the Secondary School itself. When, therefore, Muslim pupils wish

to change this school for another with a view to seek admission in the 4th Form, they are confronted with a sudden - - increase in fees from Rs.1-6-0 to Rs.3-8-0 an increase which ~~not~~ in the majority of cases cuts short their educational career by reason of its heaviness.

3. There is of course the poverty certificate which can be obtained by Muslim pupils in individual cases to claim the benefit of half fees in other institutions, but apart from the difficulty experienced in procuring such certificates, the institutions concerned fight shy of Muslim pupils looking to the loss entailed by half-fees, the grant made by the Government towards it being deemed to be insufficient. There are no such restrictions placed on the Muslim pupils resorting to MADRASAI-A-AZAM or HARRIS HIGH SCHOOL and that is the very reason why the George Town Secondary School should be brought on a par with them if it is to function properly.

4. It will no doubt be suggested that the pupils after they leave the secondary school should join the MADRASAI-i-AZAM or the HARRIS HIGH SCHOOL, but apart from the distance to be travelled and the tender age of the pupils, the remedy will prove worse than the disease since the cost of conveyance plus the School fees is bound to exceed the fees payable in the existing schools in George Town itself. Further accommodation cannot be found for all the George Town pupils either in the Madrasa-i-Azam or in the Harris High School and this can be readily inferred from the contemplated extension of the buildings in which the former is housed in view of their inadequacy to meet the local needs.

5. The only school in George Town which is congenial to Muslim

Muslim interests is the Madras Christian College School but accommodation is difficult to procure there ~~in~~ even for such of the Muslim boys as are willing to undergo the necessary sacrifice to pay the High School fees, ^{but} what with the stiff competitive examination held prior to admissions and the limited number of seats available after meeting the needs of the LOWER CLASSES where from promotions are made. Moreover preference ^{is a} is a matter of course shown by this school to the sons of its former students, not to speak of the question of insufficient grants alluded to in para 3 supra which the admission of poor Muslim pupils necessarily implies.

6. Thus the bulk of the pupils of the secondary school are left adrift especially if they happen to be lads of average ability for no other fault than that they were obliged to choose this school at the outset. Apart from the difficulties above-mentioned, to expect these pupils to adopt themselves to new environments and new methods of instruction involving the use of a medium other than Urdu is to subject them to undue strain. The result is that such pupils find themselves stranded in the IV Form of the new institution for more than the allotted time before they can assimilate the teaching imparted therein. Not that their previous education and training has been faulty but the change of environment is a potent factor not to be lightly dismissed.

7. In view of the aforesaid drawbacks, well to do Musalmans prefer to send their sons to other institutions and this must sooner or later affect the strength and moral^e of the secondary school itself. That this school has justified its existence

its existence is a fact which needs no gain-saying, but there is none the less great scope for its advancement in point of numbers provided it is made self contained. It could not have been the intention of the authorities when starting the school that its pupils should come out at the end of their career half-educated and ill-equipped for life with the doors of the neighbouring high schools closed against them. - - Nevertheless the result is there to be faced by the authorities in a generous spirit.

8. Several in-complete MUHAMMADAN SECONDARY SCHOOLS IN the Mufussal of a lesser standing than the one in GEORGE TOWN have been raised to the status of High School but while the Southern portion of the premier city is served by two such ~~school~~ schools, the Northern portion thereof has to remain content with an incomplete secondary school. George Town with its adjoining parts, Muthialpet, Barracks, Royapuram, Washermanpet etc., is surely not less important in point of area, Muslim population and their taxable capacity than either Royapettah or Triplicane where High Schools have been established and the sooner the existing inequality between the Northern and Southern parts of the city is redressed the better, it will be for all concerned. To adopt a halting policy in the circumstances will be suicidal to the best interests of the Muslim community.

9. It is anomalous that the GOVERNMENT MUHAMMADAN SECONDARY SCHOOL, GEORGE TOWN should continue to ~~function~~^{fun} as an incomplete school while similar schools established after it in the Mufassal should blossom into complete secondary schools.

10. The undersigned accordingly pray that you will be so good as to take early steps towards organising the GOVERNMENT MUHAMMADAN

MUHAMMADAN SECONDARY SCHOOL, GEORGE TOWN, into a High School and to make a beginning in ~~the~~ this direction by opening therein the IV Form this year, having regard to the pressing needs of the community. As regards accommodation a suitable building can be taken if the present one is found insufficient.

For which act of kindness, we shall as in duty bound ever pray.

We beg to remain,

Sir,

Station Madras, Dated the 8th October 24 192 .

From (Name) R. Littlehailes, Esq., M.A.,

(Designation) Director of Public Instruction

To The Secretary to the Government of Madras,

Law (Education) Department.

Sir,

With reference to Government endorsement 1432 B-1
dated 28th April 1924 referring for remarks the petition
dated 27th March 1924 from the Muhammadan residents of
Georgetown requesting the conversion of the Government
Muhammadan Middle school in the locality into a High school,
I have the honour to state at the outset that this school
should more suitably be maintained by the Corporation
than by Government. The Corporation spends at present
absolutely nothing on Secondary or higher education and it
cannot be presumed that this local body has no duty towards
providing secondary education for some of its citizens.

14 supra
V.E.
C.P.A.
11/11/24
11/11/24
11/11/24

16

2. If Government are to continue to meet the whole cost of maintaining the above middle school, as is the case at present, and to embark upon further expenditure such as that involved in the opening of Form IV^{and} ultimately Forms V and VI there are two options open. The first is to maintain the institution as a Government institution under departmental control and the other is to hand it over to the Corporation, Government meeting its net cost. I am not convinced that the financial position of the Corporation is such as would require this exceptional 'net cost' treatment in the maintenance of this school. It is doubtful whether Government should continue to maintain this school and relieve the Corporation of what appears to be one of the its essential duties, but so long as Government maintain the school and open higher forms in it, it is improbable that the Corporation will awaken to its duties with regard to making some provision for secondary education. On general administrative grounds therefore I am unable to support the memorial.

3. On educational grounds, however, I am of opinion that the institution should be retained and that the higher forms should be opened in it. If therefore Government are prepared to consider that the educational grounds outweigh in strength the general administrative grounds for the opening of higher forms in the school the following proposals are submitted for the consideration of Government:-

4. The school caters for the needs of the Muhammadan Population of the Northern half of the city. In 1913 when proposal was made for the starting of the school the Muhammadan male population of the northern and Southern portions of the city was 14,388 and 16,596 respectively and according to the latest census statistics it is 14,884 and 14,197. Thus it would appear that the Muhammadan

17

3. population in the Northern portion has slightly increased since 1913. The educational facilities remain however almost as they stood in 1913 except that in North Madras there is now a middle school for Muhammadans. Of the aided institutions in the Northern portion of the city the only one which provides instruction in Urdu for Muhammadan boys seeking admission into high school forms is the Christian College school but as explained in the Memorial, all Muhammadan boys cannot secure admission into that school. There is therefore need for additional provision for these boys.

5. I may also point out in this connection that within the last 2 or 3 years the numbers on the rolls in the Government Muhammadan Middle school have risen steadily. The number on rolls was 157 in 1921-22, 201 in 1922-23 and 217 in 1923-24. The present strength of the school is 221 and it would have risen higher but for the limited accommodation in the building in which the school is now housed.

6. This question of the opening of higher forms in the school was once considered in 1920 and in G.O.No. 21 Home (Education) dated 5th January 1920, Government stated that the question would be considered after a suitable building had been constructed for the school. As a site for the building has not been acquired as yet the building is not likely to be constructed in the near future, I submit that the present proposal need not be deferred further. It is possible to proceed with the development of the school with rented accommodation. If Government agree with the above suggestion, I recommend that a beginning in the development of the school may be made by the opening of Form IV in 1925-26, the next two higher forms being opened in the succeeding years.

7. Staff.

The sanctioned staff of the school is as follows:-

Headmaster	Cadre of School Assistants
7 teachers	Secondary grade

4.

1 Combined Drawing and Physical Training Instructor	Rs.25-1-50 per mensem
1 Tamil pandit	40-2-50 per mensem
1 Persian and Hindustani Munshi	do
1 Carpenter	25-1-50 per mensem
1 peon	15-20 per mensem

With the opening of Form IV, the services of an additional trained graduate will be necessary and I recommend the employment of one on Rs.75 per mensem in the cadre of School Assistants with effect from 15th June 1925.

Other items of expenditure.

As regards the other items of expenditure, a sum of Rs.1565 will be required for initial equipment while an additional sum of Rs.100 will be necessary for extra contingencies. The school is at present held in a rented building, the amount of rent paid being Rs.150 per mensem. Accommodation in it is reported to be insufficient even for the present requirements and the District Educational Officer proposes therefore to rent a suitable building in Popham's Broadway on a monthly rent of Rs.300. Thus a provision of Rs.150 per mensem will be additionally required for rent.

8. The extra expenditure involved by the proposal in 1925-26 will then be Rs.3600 as shown below:-

Recurring.

Salary of 1 graduate Assistant in the School Assistants cadre at Rs.75 per mensem from 15-6-1925 to the end of February 1926	Rs.640
Contingencies - extra	100
Extra provision for rent at Rs.150 per mensem from 15-6-1925	1280
Total recurring.	2020

Non-recurring.

Initial equipment:-	
Furniture Rs.565	
Books & maps 250	
Science apparatus & appliances 750	
	1565
Total recurring and non-recurring	3585

or Rs. 3600 in round figure.

9. The extra average expenditure per annum involved by the present proposal will be Rs. 3,178 as shown below:-

5.

Average pay of 1 additional trained graduate Assistant at Rs.106½ per mensem for 12 months

Rs.1278

Contingencies extra	100
Provision for extra rent at Rs.150 P.M.	1800
Total	3178

10. The proposed IV form may be opened with effect from 15th June 1925.

11. The necessary provision for the extra charge in 1925-26 has been inserted in Part II of the Budget estimate for that year.

12. The enclosures received with the Government endorsement referred to in para 1 of this letter are herein enclosed.

I have the honour to be,

Sir,

Your most obedient servant,

Alfred

for Director of Public Instruction.

Opening of form IV in
the Govt Muhammadan Middle
School, George Town - D.P. I's
letter No 1388 C/24 of 8.10.24

The D.P. I is informed
that the opening of form IV
in the Govt Muhammadan
Middle School, George Town
cannot be sanctioned from
the 15th June 1925 as
no provision has been
made for the scheme in the
current year's budget. It
may however be possible
to obtain the sanction of
the Legn Council for an
allotment of funds for
the scheme at its meeting
in August next. The D.P. I

is requested therefore to say
(at an early date)
whether the class can be
opened from 1st Sept 1925
in case the allotment is
sanctioned by the Legn Council.

From (Name) R. Littlehailes Esquire, M.A.

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras

Law (Education) Department.

Sir,

I have the honour to invite a reference to G.O. No. 1418, Law (Education), dated the 15th August 1925 and to submit herewith a copy of letter dated the 24th August - 1925 from Mr. Khaleel Shirazi (the land-lord of the building to which the Government Muhammadan Secondary school, George Town, has been shifted) and to request that in the circumstances explained in the Land-lord's letter, I may be empowered to execute a lease deed on the terms specified for a period of two years from 1st August 1926. Mr. Shirazi does not - insist upon a lease with Government till the first year of

P.T.O.

13/11/25
p3 wipa

27
of occupation is over, i.e., till after 31st July 1926. The rent payable until that date is Rs. 150/- per mensem. From 1st August 1926 onwards Mr. Shirazi insists upon a lease for 2 or 3 years and refuses to agree to the condition that during that period the tenancy should be terminable at a month's -- notice. The rent payable during the term of the lease is -- Rs. 300/-.

2. I request that Government may be pleased to issue orders on the proposal to open Form IV in the school submitted in my letter No. R.O.C. 1388-C/24, dated the 16th July 1925. If the higher forms are not to be opened, the necessity after 31st July 1926 for a large building at a rent which is high for a middle school cannot be maintained. On the other hand, it is no longer possible to adduce as an argument against the opening of the higher forms, that accommodation is not available. The question of a lease on the terms offered by Mr. Khaleel Shirazi is therefore bound up with the question of opening of the -- higher forms.

I have the honour to be,

Sir,

your most obedient servant,

W. S. S.
For Director of Public Instruction.

S.S.S. 10/11

6/11/11

28
Copy of letter dated the 24th August 1925 from Mr. Muhammad Shirazi

--
"Through Mr. Mir Anweruddin, the Headmaster of the Government Muhammadan Secondary School, George Town, Madras, I was put in possession of a copy of your order R.O.C. No. 825-A/25, dated the 18th July 1925, with reference to renting of my premises No. 56, Broadway for the Government Muhammadan Secondary school. Therein you write to say that you will rent the place for the school at a monthly rental of Rs. 150 for one year from the date of its occupation and thereafter at a monthly rental of Rs. 300/- and that the tenancy will expire at any time after a month's notice.

"Therefore I should say that only to co-operate with the school I was able to have the premises vacant for long and still to give it on half rent for one year, but I am not prepared to accept the condition of one month's notice (in respect of vacating the premises) to be given me at any time during the occupation. After the termination of the first year there must be at the least a lease ^{for 2 or 3} years, just as I have been informed that there will be such a lease. No doubt after the lapse of 2 or 3 years, (exclusive of the 1st year), the Government is at liberty to give one month's notice for vacating same or renewal of the lease. Moreover as only the 3 storeys are to be rented and the ground floor is not included, there is every necessity of explaining this fact in the lease.

"Awaiting your early reply".

(True copy)

W. S. S.
For Director of Public Instruction.

C.No. 1432 B. From the Muhammadan residents of George Town, dated 27-3-24.

Endt. to the D.P.I. No. 1432 B-1 dated 28-4-24.

C. No. 2831 B, From the D.P.I., No. R.O.C. 1388/24 date 8th Octr. 1924.

Subject:-- Govt. Muhammadan Middle School, George Town- ~~raising into a high school~~.

U.S.

The D.P.I. observes at the outset that the school should more appropriately be maintained by the ^{of Madras} Corporation than by Government. The school has been under Government management for the last ten years and it is doubtful whether the Corporation will take over the responsibility of maintaining it now. *In any case the question will be taken up separately for Sr. & ref. made to the Corporation in consultation with C.S.*
2. On educational grounds, the Director says that the school should be retained and that higher forms ~~also~~ should be opened in it.

The question of opening ^{the} higher forms in the school was considered in 1919 and in G.O. No. 21, dated 5-1-20, the Government promised to consider the question after a suitable building had been constructed for the school. As yet, no site has been acquired for the building and the building is not likely to be constructed in the near future. The D.P.I. says that the present proposal need not be deferred further on this ground and that the higher classes may be opened in a ^{rented} ~~vacant~~ building.

2. In view of the strong demand for a ~~complete~~ ^{for Muhammadans} high school in the northern portion of the Madras City the proposal to open the higher forms in the school may be accepted. The file may be sent to Finance for remarks.

Opening of higher forms in the Govt. Muhammadan Middle School, George town.

The proposal is to develop the Govt. Muhammadan Middle School, George town into a high school, by the opening of Form IV in 1925-26 and the next two higher forms (Forms V + VI) in succeeding years. The school is now housed in a rented building. The question of opening higher forms in the school was raised in 1924 but was deferred pending the construction of a permanent building for the school. As it will take time to construct permanent buildings, the D.P.I. and the Law deptt propose to proceed with the development of the school with rented accommodation.

Corporation of Madras,
Madras, November 7, 1924.

In your Memorandum No. 30433-1 L & M

dated the 5th November 1924, you suggest to the President that the Corporation might maintain a High School in the northern part of Madras City. May I invite your attention to rule 4 of Part I of Schedule V of the Madras City Municipal Act, in which are defined the objects on which the municipal fund may lawfully be spent? Rule 4 (k) and (l) permits expenditure on primary, technical and Industrial Education; but I find no rule authorising expenditure on higher or secondary education. This being so, do you think it worth while for the President to place the matter before the Council?

Yours sincerely,

P.L. Moore Esq., C.I.E., I.C.S.,
Secretary to Government,
Local Self Government Department.

The omission of Secondary Education while specially mentioning Elementary Education would however show that the omission was deliberate

13.11.24

33

L.S. 5. (Ldm) Septs.

Please see Mr. Boag's L.O. on the previous page. It is true that rule 4 of the rules in Part I of Schedule V of the Madras City Municipal Act, 1919 does not make specific mention of higher or Secondary education. It is however to be noted that the list of objects mentioned in that rule ~~is~~ not ~~so~~ exhaustive. ~~as~~ The word 'include' in the opening sentence of the rule would seem to imply that higher or secondary education may be considered as one of the objects of expenditure connected with education. Perhaps the Law (Drafting) Septs. may be requested to advise on the point.

12.11.24

4/11/24

12.11.24

Law (Drafting) Department

Certainly there is no legal objection for the Corporation to spend on secondary education. Rule I of schedule V enacts in general terms the purposes for which the municipal fund may be spent which include safety, health, convenience, education of the citizens, amenities of the city and matters incidental to administration. The purpose of Rules II to V is to give some illustration of ~~more~~ matters that fall under each of the heads, safety, health etc specified in Rule 1. The enumeration is by no means intended to be exhaustive. Rule 1 is the more important rule and under it expenditure for secondary education may undoubtedly be incurred.

34

A-6

It may also be sanctioned as an extraordinary charge under Rule 10 but it is not necessary to have recourse to ~~this course~~ ^{that Rule} ~~Rule here~~

Subject:-- Opening of the IV Form in the Government Muhammadan Middle School, George Town.

Proposals of the Director of Public Instruction:--

The Government Muhammadan Middle School, George Town, caters for the needs of the Muhammadan population of the northern half of the city of Madras. Of the aided schools in this portion of the city, the only one which provides instruction in Urdu for Muhammadan boys is the school department of the Madras Christian College; but all Muhammadan boys cannot secure admission in that school and there is, therefore, necessity for additional provision for these boys.

Within the last two or three years the numbers on the rolls in the Government Muhammadan middle school have risen steadily as will be seen from the figures given below:--

1921-22	...	Strength
1922-23	...	157
1923-24	...	201
Present strength	...	217
		221

The strength in the several classes is at present as follows:--

Form III	...	18
.. II	...	24
.. I	...	27
Standard V	...	39
.. IV	...	36
.. III	...	36
.. II	...	27
.. I	...	15
		221

The strength would have risen higher but for the limited accommodation in the building in which the school is housed.

The question of opening the higher forms in the school was considered in 1920, but was deferred pending the construction of a building for the school. As no site for the building has yet been acquired and as the building is not likely to be constructed in the near future, the Director considers that with better accommodation the school may be developed to the status of a complete high school. As a beginning in this direction, he recommends the opening of Form IV in 1925-26, forms V and VI being opened in the succeeding years. The sanctioned staff of

of the school is as follows:—

Headmaster
7 teachers

cadre of school Assistants
Secondary grade

1 Combined Drawing &
Physical Training
Instructor

Rs.25--1--50 per mensem

1 Tamil pandit

40--2--50 per mensem

1 Persian & Hindustani Munshi

do.

1 Carpenter

25--1--50 per mensem

1 Peon

15--20 per mensem

With the opening of form IV in the next year the employment of an additional trained graduate on Rs.75 a month in the school will be necessary.

A sum of Rs.1,565 will be required for initial equipment and an additional sum of Rs.100 will be necessary for contingencies. The school is at present held in a rent building, the rent being Rs.150/- a month. Accommodation in it is insufficient even for the present requirements of the school and it is, therefore, proposed to rent a suitable building in Popham's Broadway on a monthly rent of Rs.300/-. Thus, an additional sum of Rs.150/- a month will be required for rent.

Note by the Law(Education) Department.

The Government have received a memorial signed by a large number of Muhammadans in George Town urging the need for the opening of higher forms in the Government ^{Muhammadan} Middle School, George Town. The proposals of the Director of Public Instruction for the development of the school may be accepted. The expenditure involved by the proposals in 1925-26 and the ultimate expenditure when all the three higher forms are opened are estimated as follows:--

	Cost in 1925-26	Ultimate cost per annum (for the three forms, IV to VI)
<u>Recurring</u>		
1. Graduate Assistant in the school		
assistants cadre	940	2,402 14 72
Contingencies	100	100
Additional provision for rent	1,280	1,800
Two Additional graduate assistants for the fifth & Sixth forms		2,944
1 clerk on Rs.40--05		630
Additional provision for contingencies		100
	2,020	7 04

Non recurring

Cost in
1925-26.

Furniture	565
Books and maps	250
Science apparatus & appliances	750

	1565

Total (Recurring & non recurring) 5,585

(When forms V and VI are opened in 1926-27 and 1927-28, a sum of Rs.2,065 will be required in each of those years for initial equipment)

A sum of Rs.5,585 may be provided for the scheme in the budget estimate for 1925-26.

V.T.Krishnamo Achariyar,
18.12.1924

Note by the Finance Department:--

The proposal may be placed before the Finance Committee as a Part II Scheme for 1925-26.

16.6.25
row
17.6.25

The first question is whether the ~~the~~ Corporation's decision should be accepted. Apparently it should be as we cannot compel it to undertake the charge. Please see notes on page 14 above. No doubt the Corporation has launched on a scheme of compulsory elementary education but its obligations in respect of higher education should ^{not} be lightly laid aside. L.S.G. may ^{be} consulted as to whether there is any ~~it~~ way by which the obligations of the Corporation in this direction ~~should~~ be brought home to it.

If it is decided that the matter

need not be pressed, the next question is whether the matter should be postponed to next year's budget or whether the scheme can be included in the list of schemes under consideration to be financed out of the remission sanctioned by India. It may be possible to find savings out of the allot. assigned to Education to finance the particular scheme for the rest of the current year. In that case the D.P.I. may be consulted whether the class can be opened after the allot. has been sanctioned by the Leg. Council at its August sitting.

Please see the notes of the Law (Education) Department at A on p. 22. ante. This Department has been requested to state whether there is any way by which the obligation of the Corporation to incur expenditure on secondary education in connection with the Muhammadan School in George Town may be brought home to it. It has been pointed out to the Commissioner of the Corporation of Madras that there is no legal objection to the Corporation undertaking secondary education (Vide S.O. on p. 7 ante).

2. It is to be noted in this connection that the provisions in Rule 4 of the rules in Schedule V of the Madras City Municipal Act 1919, are rather permissive than obligatory. There seems to be no other provision in the Act under which the Corporation can be compelled to undertake secondary education. There seems to be, therefore, no other course than to leave the matter entirely to the good sense of the Corporation. With these remarks the file may be returned to Law (Education) no.

Finance (ET)

The proposal for the opening of Form IV in the Govt. Muhammedan Middle School, George Town was placed before the Finance Committee as a Part II scheme for the current year. The Committee considered that the cost of the scheme should not be laid on Provincial revenues. The Corporation of Madras was asked whether it would take over the school and develop it into a High School. The Corporation has resolved that it should not commit itself to any expenditure on secondary education until it completes its scheme of free & compulsory elementary education in the City. In the light of this reply from the Corporation it is for consideration whether Finance may agree to the scheme being placed again before the Finance Committee as a Part II scheme for 1926-27 in the light of the reply from the Corporation. If so, the note for the Finance Committee may be accepted and the

NOTE FOR THE FINANCE COMMITTEE.

Part II Scheme - Budget - 1926-27.

Subject : - Opening of the IV Form in the Government
Muhammadian Middle School, George Town.

Proposals of the Director of Public Instruction:-

The Government Muhammadian Middle School, George Town, caters for the needs of the Muhammadian population of the northern half of the city of Madras. Of the aided schools in this portion of the city, the only one which provides instruction in Urdu for Muhammadian boys is the school department of the Madras Christian College; but all Muhammadian boys cannot secure admission in that school and there is, therefore, necessity for additional provision for these boys.

Within the last two or three years the numbers on the rolls in the Government Muhammadian Middle school have risen steadily as will be seen from the figures given below : --

	Strength-
1921-22	157
1922-23	201
1923-24	217
1924-25.	221

The strength in the several classes is as follows : --

Form III	...	18
" II	...	24
" I	...	27
Standard V	...	39
" IV	...	35
" III	...	36
" II	...	27
" I	...	15

		221

The strength would have risen higher but for the limited accommodation in the building in which the school had been till recently housed.

The question of opening the higher forms in the school was considered in 1920, but was deferred pending the construction of a building for the school. As a site for the building has not yet been acquired and as

the building is not likely to be constructed in the near future, the Director considers that with rented accommodation the school may be developed to the status of a complete high school. As a beginning ~~in this~~ he recommends the opening of Form IV in 1926-27, forms V and VI being opened in the succeeding years. The sanctioned staff of the school is as follows : --

Headmaster	Cadre of school assistants
7 teachers	Secondary grade.
1 combined Drawing & Physical Training Instructor	Rs. 25-1- ⁵ / ₁₀ per mensem.
1 Tamil Pandit	40-2-50 per mensem.
1 Persian and Hindustani Munshi	- do -
1 Carpenter	25-1-50 per mensem.
1 Peon	15-20 per mensem.

With the opening of form IV in the next year the employment of an additional trained graduate on Rs. 75 a month in the school will be necessary.

A sum of Rs. 1,565 will be required for initial equipment and an additional sum of Rs. 100 will be necessary for contingencies. The school was till now held in a small rented building, the rent being Rs. 150/- a month. Accommodation in it was insufficient even for the present requirements of the school and the Govt. have therefore recently sanctioned the transfer of the school to another bigger ^{and} suitable building in Popham's Broadway on a monthly rent of Rs. 300/- Thus, an additional sum of Rs. 150/- a month will be required for rent.

Note by the Law (Education) department.

The Govt. have received a memorial signed by a ~~large~~ number of Muhammadans in George Town urging them ^{on} the need for the opening of higher forms in the Government Muhammadan Middle School, George Town. The proposal for the opening of the IV Form was placed before the Finance Committee as a Part II scheme for the current

year, but the Committee considered that the cost of the scheme should not be laid ~~on~~ provincial ^{revenues}. The Corporation of Madras was ~~asked~~ ^{asked} whether it would take over the management of the school. The Corporation expressed its inability to assume control of the school. ~~The school has~~ ^{has now} to remain under Govt. management. ~~The proposals of the Director of Public Instruction for the development of the school into a high school may be accepted.~~ The expenditure involved by the proposals in 1926-27 and the ultimate expenditure when all the three higher forms are opened are estimated as follows : --

	Cost in 1926-27.	Ultimate cost per annum for the three forms IV to VI.
<u>Recurring.</u>		
I, Graduate Assistant in the school	640	1472
assistants cadre	100	100
Contingencies.		
Additional provision for rent for 7 months	1050	1800
Two additional graduate assistants for the fifth & sixth forms.		2944
1 clerk on Rs. 40-65		630
Additional provision for contingencies		100
	<u>1790</u>	
<u>Non-recurring.</u>		
Furniture	565	
Books and maps.	250	
Science apparatus and appliances	750	
	<u>1565</u>	<u>7046</u>
Total (Recurring and non recurring)	<u>3355</u>	

(When forms V and VI are opened in 1927-28 and 1928-29 a sum of Rs. 2,065 will be required in each of those years for initial equipment).

A sum of Rs. 3,355 may be provided for the scheme in the budget estimate for 1926-27-

From the D.P.I., R.O.C. No. 825A/25, dated 9--11-25.

Subject: --Government Muhammadan Secondary School,
George Town--Lease deed for building

As observed by the Director the necessity for a larger building on a rent of Rs. 300^(a month) for the Government Muhammadan Secondary School, Georgetown, is bound up with the question of the opening of the higher form in the school. The proposal to open the IV form in the institution is being placed before the Finance Committee as a part II scheme for 1926-27. There is also another proposal separately under consideration ~~of~~ relating to the acquisition of a site and construction of a building for the school. The Revenue Department has been asked whether two sites in Davidson Street originally intended for police sub-inspector's quarters would be made available for use as a site for the school. Even if the above sites are placed at the disposal of this Department the ^{question} ~~question~~ of the construction of a building will have to be treated as a part II scheme for 1927-28. It may therefore take at least two years for the construction of a building for the school. If the opening of the IV form in the next year is approved, ~~by the Finance Committee~~ the D.P.I. may be authorised to enter into a lease for two years as proposed in his letter in the current file. The file may lie over till orders are issued on the -- question of the opening of the IV form.
