Department.

Sir.

I have the honour to report as hereunder on the working of the scheme of compulsory elementary education for boys in the Tiruppur Municipality:-

945 boys of school age are under instruction in the several schools in the Tiruppur Municipality. Although up-to-date information regarding the number of boys of school age resident within the Municipality is not yet available, it is observed from the Government's review of the administration report of the Municipality for the year 1924-25 that all boys of school age were at school. This is satisfactory. It is reported that the municipality has appointed

2. Out of the 9 elementary schools for boys maintained by the Municipality, seven are reported to be located in rented buildings. The building of the Devangapuram school which is owned by the Municipality is stated to be unsafe and the school has therefore been shifted to the Municipal ^houltry from 7-12-25. The school buildings at Karuvampalayam, Easwaran coil street and Valipalayam are said to be unsuited for school purposes. The first is not much better than a cattle shed, the second is held upstairs and therefore unsafe for small children and the third is very near the burial ground. It is however reported that the question of the construction of a pucca building for the school at Devangapuram is under the consideration of the Municipal Council and that it would be taken up early if the Government make a grant for the purpose. Attention is invited in this connection to para 4 of my letter R.C.No. 1229 B/22 dated 10th August 1922 and to G.O. No. 1228 Law (Education) dated 14th October 1922 in which Government have commended the suggestions contained in my letter to the consideration of the Municipal Council. Attention is also invited to para 3 of my letter R.C.No. 144 B/23 dated 23rd August 1923 and to Government Memo No. 3901 A-1 dated 7th September 1923 in which the Municipal Council was requested to give effect to the suggestions contained in my letter. The Municipal Council may therefore be again advised to provide suitable accommodation for the schools.

3. As regards the supply of trained teachers, it is reported that there is only one untrained teacher in all the schools and that too a temporary hand. It is further reported that he will be replaced as soon as a trained hand becomes available.

4. Two Municipal councillors constitute the attendance committee but owing to the absence of a correct list of boys of school age, the committee could not do any work. There

3. were no cases of exemption ^{from} attendance at school.

I have the honour to be,

S i r,

Your most obedient servant,

A Rama Rao
