sanction has been accorded for debiting to the Elementary Education fund, the cost of the Education staff, except the collection staff. The amount if any, provided in the budget on account of the collection staff should be deleted.

4. The council may be advised to consult the District Educational Officer in regard to the utilisation of the amount provided under capital items.

5. It is observed from the annexure to the budget, that provision has been made for the entertainment of separate drawing and drill masters. There are only two Higher Elementary schools under the municipality and a large number of schools ie lower elementary schools with V standard as the highest. Generally in Elementary schools, the ordinary trained teachers should be able to impart instruction in drawing and drill and the council should be able to secure the services of such qualified teachers, specially in view of the fact that attractive scales of pay are given to teachers. The council may therefore be advised to consider this question in consultation with the District Educational Officer.

Through The Director of Public Instruction, Madras.

Sir,

Under Section 33(1) of the Madras Elementary Education Act, I have the honor to submit in the prescribed form the Elementary Education Budget of this Municipality for the year 1926-27 as adopted by the Finance and Taxation Standing Committee at its meeting held on the 18th instant. The Education Standing Committee scrutinised the budget in the first instance and recommended the same for adoption by the Finance and Taxation Standing Committee to which the power of framing budget has been delegated by the council. The latter committee adopted it with a few modifications.
