Station Madras , Dated the 5th October 1925 .

From (Name) R.G.Grieve Esq., M.A.,

(Designation) Ag. Director of Public Instruction

To The Secretary to the Government of Madras,

LAW (EDUCATION) Department.

Sir,

I have the honour to request that Government will be pleased to sanction the opening of Form VI in the Government Secondary School for girls, Salem in July 1926 and the employment therein of an additional graduate Assistant on Rs 75 Plus 10 in the cadre of school Assistant with effect from 1st July 1926.

Form V was opened in the school in 1923-Vide G.O.

(G) No. 1411, Law (Education) dated 18th November 1922- and it is desirable to open form VI in 1926-27 to make the school a complete high school. In this connection, I would invite the attention of Government to Para 2 of my letter No.R.O.C 1729 C/23, dated 8th July 1924 disposed of in G.O

(I) No. 1555, Law (Education) dated 7th October 1924. With the

opening of Form VI in the school 3 graduate Assistants are required exclusive of the Headmaster. In view however, of the small number of pupils in the higher forms, I recommend the headmaster may also be counted as a class teacher so that a staff of three graduates inclusive of the Headmaster would suffice for the present. The sanctioned staff of the High School department consists of one Headmaster and one temporary graduate Assistant. The employment of an Additional Graduate Assistant is therefore necessary.

A sum of Rs 350 for books and another sum of Rs 500 under Non-contract contingencies, Miscellaneous, will also be required towards initial equipment.

The financial effect of the above proposals will then be as follows:-

Cost in 1926-27.

Recurring.	Rs
Pay of 1 graduate Assistant in the School Assistants' Cadre at Rs 75 Plus 10 for 8 months Rs 85 x 8	680
Non-recurring	
Non-contract contingencies-Books & Periodicals	350
--do-- Miscellaneous	500
	850

Total Recurring & Non-recurring Rs 680 Plus 850= 1530 or Rs 1500 in round figures.

The ultimate average cost of the proposal will be Rs 1398 as shown below.-

Average pay of 1 graduate Assistant @ Rs 116 $\frac{1}{2}$ x 12 months = (Woman) in the School Assistant's cadre. 1398.

The necessary provision for the charge has been included in Part II of the Budget Estimate for 1926-27.

I have the honour to be,

Sir,

Your most obedient servant,

The Director considers that ~~there is no case for~~ the opening of Form VI in the school ~~maybe deferred~~ till next year. It would seem preferable to open the Form in the current year itself, even though the number of pupils that may seek admission ~~may not be~~ more than half a dozen, as the existence of the class will attract more pupils. The Director may be requested to obtain definite information as regards the number of pupils that are likely to seek admission in case the Form is opened this year after funds are voted by the Leg. The Inspectress reports that 4 girls are expected to join form VI if sanction is accorded during the current month. The form has to be opened only after funds have been voted by the Legislative Council and consequently it is doubtful if the students will wait till the end of next month as they may get admission in other institutions elsewhere before that date. It was this consideration that led me to express the opinion that the opening of form VI in the school might be deferred till next year. If the form is opened an additional graduate assistant will be necessary on Rs.75 plus Rs.10 per mensem. An expenditure of Rs.850 also on initial equipment will be necessary as in the case of the Vellore Girls Secondary school. Although the full complement of staff as per rule 17 of the M.E.R. should consist of 3 graduate assistants besides the headmistress one additional graduate is suggested in addition to the temporary graduate assistant already in the school whose retention has been recommended separately. This suggestion is made having regard ~~to the normal~~ to the normal low strength of the higher forms, viz., form IV, 8; form V, 1 and form VI (probable) 4.

Part II Scheme-Opening of Form VI in the Govt. Girls High School- Salem during 1926-27.

The extra cost involved in the proposal is shown below:-

	Rs.1592	Rs.1530

The proposal to open Form VI in the school was placed before the Finance Committee on 2 previous occasions. On the last occasion the Committee advised in August 1924 that the scheme be not accepted. The reasons for their recommendation are given in Mr. Davies' note on pp 18-19 of G.O.No.1555 Law Edn. dated 7-10-24.

3. The statement at A in the note for the Finance Committee that there will be four students to join the VI Form in 1926 does not seem to be correct. The D.P.I. stated that there would be four students if the VI Form is opened in July 1925. As for 1926-27 he has stated that according to the latest reports it is doubtful whether there will be sufficient pupils to warrant the opening of Form VI in 1926. It may be observed that Form V has now only one pupil. The D.P.I.'s official proposals in the matter have not been received. Submitted that Finance may suggest that before the proposal is considered further the D.P.I.'s report/awaited. — vide top of page 4 ante.

From the D.P.I., R.O.C. No. 734A, dated 5th October 1925.

Government Secondary School for girls, Salem.

The D.P.I. submits proposals for the opening of Form VI in the Government Secondary School for girls, Salem, in the next year. A similar proposal was made by the Director in 1923, but was not sanctioned. He re-submitted it last year and it was placed before the Finance Committee. The Committee advised that the scheme should not be accepted on the ground that there was only one girl for the VI form, and that the starting of a VI form for the sake of one girl did not represent justifiable expenditure and that the results did not appear to justify expenditure on the opening of Forms IV and V either. The D.P.I. now states that the present strength of Forms IV and V ^{in the school} is seven and one respectively, and that the probable strength of Form VI in 1926-27 is one. ~~In the present backward state of female education in the presidency it is not likely that the higher forms of secondary schools will have a large number of girls particularly in the mufassal.~~

As ~~however~~ the probable strength of the VI form in the next year is very small, it is for consideration whether ~~the proposal of the Director may be open~~ ^{the opening of the form} may be postponed to the year after the next, i.e. 1927-28. If, however, the ~~class~~ ^{class} should be opened in the next year, the file may be sent to the Finance Department for acceptance of the proposal.

The promise for the

will make up the

shortage for the form.

The present strength of the V Form is only one and the probable strength of Form VI if opened during 1926-27, is stated as one by the ~~headmistress~~ ^{headmistress}. The position has not improved since last year and it would be hardly justifiable to spend Rs 1530 in 1926-27 for the sake of one girl. It is for consideration whether Finance may agree to the scheme being placed before the Finance Committee as a Part II scheme. NOTE FOR THE FINANCE COMMITTEE

PART II SCHEME.

BUDGET ESTIMATE FOR 1926--1927.

Subject:--Opening of the sixth form in the Government Secondary School for Girls, Salem.

Proposals of the Director of Public Instruction

The Government elementary school for girls at Salem was converted into a middle school in 1920. Form IV was opened in 1921 and the next higher form was opened in 1923. The D.P.I. proposed the opening of the sixth form in the school in 1924. The proposal was placed before the Finance Committee which included it among class III schemes; no provision was made in the budget for 1924-25. The Director thereupon requested a reconsideration of the orders as pupils in the fifth form could not complete their school course unless the sixth form was also opened in the school. The scheme was again placed before the Finance Committee, but was not accepted. The D.P.I. now recommends that Form VI may be opened in the school in 1926-27. The present strength of forms IV and V is as follows:--

Form IV	7
Form V	1

The Inspectress reports that two girls, if not more, may be expected to join form VI in the next year.

If form VI is opened the school will require under the rules a staff of three graduate assistants excluding the head mistress for the high school section. The present staff consists of head mistress and one temporary assistant. The D.P.I. states that it will suffice for the present if one additional graduate assistant is employed in the school and asks for sanction to the employment of the additional assistant.

NOTE BY THE LAW (Education) Department

The Government received last year a memorial from

from the parents of some of the pupils in the Salem girls' school, praying for the opening of the sixth form. There is no other girls' high school in the Salem district. It is therefore necessary that the sixth form should be opened in the school without delay. If the class is opened, some of the girls who left school in previous years after studying in the V form will come and join the institution and the strength in the sixth form will thereafter improve gradually. The proposal of the D.P.I. may therefore be accepted. The additional assistant may be temporarily employed for a period of one year.

The extra expenditure involved by the proposal is Rs. 1,530 in 1926-27 and Rs. 1,592 in subsequent years as shown below:--

A Recurring	Cost in 1926-27 (8 months)	Ultimate annual cost.
1. Additional graduate assistant (Rs. 75-5-100-10-150-10-250) plus special pay Rs. 10 (122 2/3 plus 10)	680	1,592
B Non-recurring		
Initial equipment, books &c.	850	
	1,530	1,592

The sum of Rs. 1,530 may be provided in the budget for 1926-27 under the following heads:--

"Secondary schools for girls" Pay Rs. 680 under "31B a--Education--Secondary--Government--Secondary Schools for Girls--Pay of Establishment--Voted".
Rs. 350 under "31B a--Education--Secondary--Government--Secondary Schools for Girls--Pay of Establishment--Voted--Books & Periodicals."

Resolution of the Finance Committee

	Ultimate cost	Cost in 1926-27
Opening of VI form in the Govt Secondary School for girls, Salem.	1592 850	680 850

Placed in class IV.

Note The Committee did not accept the proposal and suggested the closing of the V form.

The scheme for the opening of the VI form in the school has been under consideration for the last three years. The decision of the Committee is apparently due to the fact that the present strength of V form is 1 and the expected strength in form VI is 2. But it will be noticed that the strength of form IV is 7 and therefore the no of girls in form V and form VI (if opened) may increase gradually in subsequent years. Submitted therefore that the suggestion of the Finance Committee that form V may be closed need not be accepted. It is also for orders whether the opening of the VI form will be pressed for.

The Govt are unable to sanction the opening of the II form in the Govt Secondary School for girls, Salem, as no provision has been made for the purpose in the current year's budget estimate. The D.P.D. may, however, bring forward the proposal as a part II scheme in connection with the next year's budget if he considers that there will be a sufficient
