Act. 24-25-68, 212

Annexure No 9

Part II of the budget estimate for 1926-27 -
Subsidies to local bodies for the construction of
secondary school buildings.

Proposals of the D.P.I.

Item.	Budget estimate 1926-27. Rs	Ultimate cost. Rs
Subsidies to local bodies for the construction of secondary school buildings.	1,12,000	2,91,000

Remarks of the D.P.I.

The total demand under this head comes to Rs 3,28,384, of which Rs 37,690 or Rs 38,000 in round figures will be provided in Part I of the estimate for 1926-27 in respect of part-paid schemes. This will leave a balance of Rs 2,91,000 in round figures for Part II, and against this demand it is proposed to provide only a sum of 1,12,000 as, from past experience, it is considered that this allotment would suffice for next year.

vide statement on
M.1-2CF

A

PTO

The D.P.I. proposes that a provision of Rs 1.12 lakhs may be made in Part II of the next year's budget for the payment of subsidies to local bodies for the construction of buildings for secondary schools under their management. According to the budget procedure prescribed in regard to these subsidies, provision should be entered in Part I for schemes in respect of which a portion of the subsidy due has already been paid or is likely to be paid in the course of the year preceding that to which the budget relates, and provision for other schemes in Part II. The latter should include only schemes which have been approved or are likely to mature before the 1st November of the year preceding that to which the budget relates.

2. The following statement compares the actuals under this head for 1924-25, the budget provision for the current year and the provision proposed for the next year:-

Actuals 1924-25 Rs	Budget Estimate 1925-26. Rs	B.E. 1926-27.		
		Part I Rs	Part II Rs	Total. Rs
68,202	1,50,000	38,000	1,12,000	1,50,000

3. The provision of Rs 38,000 proposed to be made in Part I in respect of schemes Nos. 1 to 13 on p.1 c.f., in which subsidies have already been paid in part. The provision proposed in Part II is in respect of the remaining schemes — Nos. 14 to 29. The following shows the present stage of these items:-

Nos. 14, 15 and 27. These have been sanctioned by the Government.

No. 16. The Finance Department have agreed to the promise of a grant of one-half of the cost in this

p.1 ante

OM 209 of C.E.
1925-26.

Mp. 1-2 CF

Mp. 1-2 CF

p.1 CF

case, and the question of finding the other half by loan is under consideration in the L.S.G. Department. This item may be considered in connection with Part II of the budget.

No. ²⁹~~2~~²² The Council agrees to meet one-half of the cost. The file will shortly be sent to the Finance Department. May be included in Part II.

Nos. ¹⁰~~17~~¹⁹ to ²¹~~26~~ and No. ²¹~~28~~. These schemes have been held over pending decision on the general question - which has been raised separately - as to whether a subsidy equal to one-half of the cost should be sanctioned in all cases, irrespective of the financial condition of the local body. This question of policy has been noted on separately in this department and it has been considered that no change is called for in the existing procedure under which a half grant is sanctioned ^{for buildings} ~~in all cases~~. The individual schemes will be submitted for orders shortly.

All ~~the~~ items may be included in Part II.

4. The maximum grant admissible in respect of the schemes included in Part II of the budget is Rs 2.91 lakhs. Against this the Director proposes a provision of ^{only} Rs 1.12 lakhs. This may be allowed.

5. The file may be sent to Finance U.O.

Finance, B.E. I.

PART II SCHEMES FOR 1926-27 - Subsidies to local bodies for secondary school buildings. 31.B.c. Education - Secondary - Grants to local bodies for secondary education - Grants-in-aid - General - Voted - Non-recurring - Buildings.

In the B.E. for 1925-26, a provision of Rs.1.50 lakhs has been made for subsidies to local bodies for secondary school buildings. The Law (Education) dept. propose, at the instance of the D.P.I., a provision of Rs.1.50 lakhs. for 1926-27 as shown below:

	Rs.
(a) To be included in Part I of the budget	.. 38,000
(b) To be brought forward as a Part II demand	.. 1,12,000
	1,50,000

2. Item (a): This amount, viz., Rs.38,000, is intended for schemes in respect of which subsidies have already been paid in part or will be paid in part during 1925-26. No remarks are therefore called for in respect of this item.

3. Item (b): In connection with a similar proposal last year, this dept. urged that only schemes which have been approved or are received for examination in Finance before the 1st November should be included in Part II demand for the subsequent year. The Law (Edn.) dept. pointed out that it would be hard to enforce such a restriction. They added (i) that the provision included in the budget was not allotted for specified works but was intended for schemes which might actually mature in the course of the year; (ii) that subsidies for

buildings are paid on the post payment system and it was not ordinarily possible to forecast in a year which of the schemes would become ripe for payment in the course of the succeeding year; and (iii) that the list forwarded by the D.P.I. was intended only just to show the probable liabilities. The Hon'ble Finance Member ^{thereupon} ~~thereupon~~ waived the restriction -- suggested by the Finance dept. and agreed to the proposals being placed before the Finance Committee.

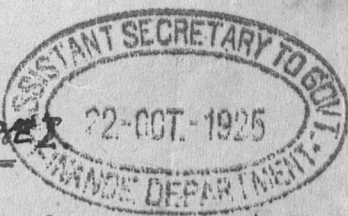

4. Of the items in respect of which Law (Education) now propose to bring forward a Part II demand, schemes involving a subsidy of Rs. 1,38,735 have already been approved by the Govt; and the remaining ones involving a subsidy of Rs. 1,51,959 are now under the -- consideration of the Govt. Submitted that, in the circumstances, this dept. need not object to the proposed Part II demand being placed before the Finance Committee.

Copies of the note for the Finance Committee have already been sent to Finance.

The D.P.I. has since submitted Part I of the estimates. It is observed that he has entered a sum of only Rs. 18,300 in Part I for subsidies to local bodies for the construction

79

of secondary school buildings against Rs 38,000 proposed by him in October last when he submitted the Part II estimates. This is due to the fact that one of the works for which provision was proposed in the next year's budget is expected to be completed in the current year; the amount required will therefore be paid from the current year's provision. The ~~note~~ figures entered in the note for the Finance Committee require slight alterations. They are carried out in the note below. The Finance Dept. may be requested to carry out the alterations in the copies of the note already sent to that Dept.

Subject.- Part II of the Budget Estimate for 1926-27 - Subsidies to local bodies for secondary school buildings.

Proposals of the D.P.I.

The D.P.I. recommends that a provision of Rs 1.12 lakhs may be ~~included~~ ^(included in Part II of) the budget for next year for the payment of subsidies to local bodies for the construction of buildings for secondary schools under their control.

Note by Law (Edn) Department.

A lump provision is usually made in the budget estimate of each year for subsidies to local bodies for secondary school buildings, and individual applications for subsidies received in the course of the year are disposed of in accordance with the following general principles:-

- (1) The necessity for the building should be vouched for by the D.P.I.
 - (2) The subsidy should ordinarily be limited to one-half of the cost - the amount being disbursed on the post-payment system.
 - (3) Cases requiring special treatment should be considered on their merits, especially, with regard to the financial condition of the local body concerned.
2. According to the budget procedure prescribed by the Government in regard to these subsidies, provision should be entered in Part I of the budget for schemes in respect of which a portion of the subsidy due has been paid or is likely to be paid in the course of the year preceding that to which the budget relates, and provision for other schemes in Part II.
3. The following statement compares the

actuals under this head for 1924-25, the budget provision for the current year and the provision proposed for the next year:-

Actuals 1924-25	Budget Estimate 1925-26	Budget Estimate - 1926-27		
		Part I	Part II	Total
Rs	Rs	Rs	Rs	Rs
68,202	1,50,000	18300	1,24,000	1,42,300

The amount of Rs. 18,300 included in Part I is intended for schemes in respect of which subsidies have already been paid in part or will be paid in part during 1925-26, and no remarks are called for thereon. The aggregate demand in respect of schemes included in Part II comes to Rs. 2.91 lakhs in round figures. Of these, schemes involving a subsidy of Rs. 1.39 lakhs have already been approved by the Government, while the remaining ones, involving a subsidy of Rs. 1.52 lakhs, are now under the consideration of the Government. Against the total demand of Rs. 2.91 lakhs, the Director proposes a provision of only Rs. 1.24 lakhs. This amount is moderate and may be included in the next year's budget under the head "31 B.c - Education - Secondary - Grants to local bodies for Secondary education - Grants-in-aid - General - Voted - Non-recurring - Buildings."
