at which the matter is, is also noted.

No in the D.P.I.'s list	Scheme	Provision for 1926-27	Remarks
1 Board Middle School, Badagara-		1,532	The Government have already agreed to meet one-half of the net cost of the school. The provision proposed may therefore be retained.
3 Opening of a Muhammadan School at Melvisharam		1,484	This department has proposed that the full net cost of the school should be met by Government. The file is in circulation to M2 and C4.
10 Municipal High School, Hospet - employment of a commercial instructor		274	The D.P.I. has recommended that one-half of the expenditure on account of the pay of the instructor may be met by Government. The question is under consideration in L.S.G.
11 Municipal College, Salem - enhancement of subsidy		1,200	The D.P.I. has recommended an additional subsidy of Rs. 2,1000 for the college - This is considered inadequate. The question of securing a contribution from the Dt. Board has been remitted to L.S.G. for consideration.
12 Board High School, Ariyalur - Opening of form VI in 1926-27		250	The opening of the V form was sanctioned in the current year and the Govt. undertook to meet one-half of the cost. Similar provision made for the VI form may be allowed. <i>26.2.25</i>
13 Board Middle School, Royadurg - Payment of opening of high school classes		1,667	The opening of the IV form was sanctioned in the current year. V form will have to be opened in the next year. The P.D.B. has been asked to address the Govt. thro' the D.P.I. in regard to the subsidy required from the year 1926-27 onwards. <i>22.7.25</i>
14 Municipal High School, Talapatri - Net cost of IV & V form		700	According to the detailed proposals received from the D.P.I. there is no extra cost for 1926-27. No provision need therefore be made for this item. <i>9.9.25</i>
15 Board Middle School, Uravakonda - net cost of IV & V form		2,488	The opening of the IV form has been sanctioned in the current year. V form will have to be opened in the next year. The Board has been asked to address Govt. thro' the D.P.I. in regard to the subsidy required. <i>22.6.25</i>

PART II SCHEME FOR 1926-27.

Subsidies to local bodies for the maintenance of Secondary schools.

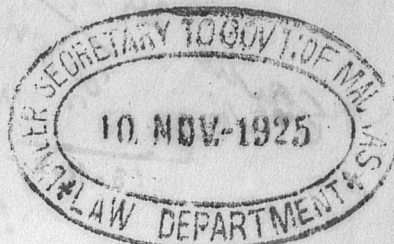

Law (Education) propose that a sum of Rs.5,437 should be included in Part I of the next year's budget on account of the 9 items ~~referred to~~ in para 1 on page 1 ante, following the procedure last year. Attention is in this connection solicited to the U.O. note.No.31642 (Bud)-1, dated 8-9-1925 where emphasis has been laid on the principle that all schemes of new expenditure should be placed before the Finance Committee as Part II schemes and should not be included in Part I. The principle laid down therein would apply to these nine items. Further, all these items are still awaiting provision of funds, and according to para 18 of the Budget Manual, schemes of new expenditure which, though approved by Govt., are still awaiting provision of funds, should not be included in Part I. Law (Education) will therefore have to bring forward a Part II demand in respect of all the nine items referred to above.

2. Law (Education) may be requested to adopt the suggestion in the foregoing para and to prepare a draft note for the Finance Committee.

This should come as a Part II Scheme.

For 3028

22/11/25 38751-1925

In paragraph ~~1~~ of this department's note on page ~~1~~ ante it was suggested that the provision required for schemes which have been sanctioned in the current year might be made in Part I of the budget for the next year. The Finance department does not agree to this and states that the sanctioned schemes should also be treated as Part II items. Of the nine items mentioned in paragraph ~~1~~ on page ~~1~~ ante three have been sanctioned with retrospective effect from 1924-25 and the rest have been given effect to from the current year. Thus, the subsidies required in all the nine cases are to be paid in the current year out of the ^{total} provision made in the budget for subsidies to local bodies for secondary education. It does not appear that having undertaken a recurring liability in the current year, the ~~Government can treat the items as optional or Part II items.~~ The local bodies have been informed, with the concurrence of the Finance Department in each case, that subsidies would be ^{paid} ~~sanctioned~~ from the last or the current year as the case may be, for the nine schemes referred to. The Government may not go back on the orders issued. ~~The provision required for the nine items has therefore to be entered in Part I.~~ The Finance Department ~~may be requested~~ refers to the note at (T) wherein it is ^{laid down} ~~directed~~ that all new demands for grants-in-aid should be placed before the Finance Committee as Part II schemes. In the nine cases referred to on page ~~1~~ ante the payments have been made in the current year and they are not therefore new demands for the next year. The orders ^{of H.M.} in that note may not therefore apply to the present case. In these circumstances the Finance Department may be requested to agree to the inclusion of the provision of Rs. 5,437 in Part I ~~and~~ of the budget.

(Previous Finance note on page 4 ante).

From U.O. Note No.31642, Bud.-1, dated 8-9-25, it will be seen that until recently, this dept. has not been strictly insisting in all cases that schemes of new expenditure should be placed before the Finance Committee before they are given effect to. The position has, however, since changed. The Hon. C-4 has remarked that all fresh commitments for next year should be undertaken only under the orders of the Cabinet after the advice of the Finance Committee has been taken--Please see for instance, the following extract from the Hon. C-4's note dated 25-9-1925 in the file relating to a proposal made by the L.S.G. dept. to open more rural dispensaries out of the savings in the current year's budget provision:

" Our commitments in respect of these rural
" dispensaries amount to Rs.1.21 lakhs. The Local
Self-Government department admit that their
" present proposals will increase the commitment
" to Rs.1.65 lakhs. The fact that the department
" has not been able to spend the budget provision
" this year does not alter that fact. I am quite
" unable at present to say whether there will be
" any money available for fresh commitments next
" year. That is a matter which can only be
" determined when the budget is prepared. Further,
" the distribution of such funds as may be available
" between the different departments is a matter
" for Cabinet decision after the advice of the
" Finance Committee has been taken. It would be
" highly improper for me to give one department
" preference in the way proposed over other
" departments and to permit them in this way

% now in L.S.G.
(awaiting discussion
in Cabinet).

" to put their proposals beyond the scrutiny of the
" Finance Committee and the Cabinet. Other
" departments could equally well claim that
" savings in their budget provision should be
" utilised for the extension of their schemes.
" The acceptance of any such principle would
" quickly reduce our finances to chaos and deprive
" the Cabinet of its control over the budget. I
" regret I am quite unable to accept the proposal".

2. No provision has been made in the B.E.
for 1925-26 on account of the nine items mentioned
on page 1 ante. Law (Education) point out that
all those schemes have been given effect to in the
current year out of the savings in the current
year's budget provision, with the concurrence of
Finance. In view of C-4's remarks referred to
above, the procedure was not regular, but in view
of the statement of Law (Education) that the schemes
have already been given effect to in the current
year, submitted that there appears to be no
alternative but to include provision for these in Part I of
the B.E. for 1926-27. But Law (Education) may be
requested to point out in the draft note for the
Finance Committee that further commitment to the
extent of Rs.5,437 per annum has been undertaken
and given effect to in 1925-26 and that provision of
that amount is being made in Part I of the budget.

3. Law (Education) may also be requested to
see that in future similar schemes of new expendi-
ture are referred to the Finance Committee before
orders giving effect to them issue.

NOTE FOR THE FINANCE COMMITTEE

PART II SCHEME for 1926-27.

Subsidies to local bodies towards the cost of maintenance of secondary schools

PROPOSALS OF THE DIRECTOR OF PUBLIC INSTRUCTION

The Director of Public Instruction proposes that a sum of Rs. 16,600 may be provided in the budget estimates for 1926-27 for the payment of additional subsidies to local bodies towards the cost of maintenance of secondary schools under their management.

NOTE BY ^{the} LAW (EDUCATION) DEPARTMENT

Some local bodies have applied for aid from provincial funds towards the cost of the revision of salaries in secondary schools, the net cost of which is met by Government or towards the employment of additional staff or the opening of higher forms in such schools. Some of these proposals have recently been sanctioned by Government and given effect to in the current year. The provision required for the payment of subsidies in these cases is Rs. 5,437 and this amount is being entered in Part I of the budget. The remaining schemes are still under the consideration of the Government or of the D.P.I. A list of these is given in the annexure. The amount required for the payment of subsidies in these cases in the next year is Rs. 13,146. In the case of these subsidies, each application is examined on its merits and the amount to be paid is fixed with reference to the financial position of the local body concerned. As orders in respect of all the pending cases are likely to be issued in the course of the current year or early in the next, a sum of Rs. 13,146 may be provided in the next year's budget for these schemes. This amount may be entered under the head "31B.c--Education--Secondary--Grants to local bodies
