Subsidies to local bodies for equipment of secondary schools	25,000	45,700

Remarks of the D. P. I.

The current year's provision under grants to local bodies for secondary schools for equipment is Rs 15,000 and ~~the~~ proposals for its distribution have already ^x been submitted to Government. The claims of the institutions mentioned in the state-ment annexed amount ^{ing} to Rs 45,700 ~~and they~~ could not be considered during the current year because the budget grant was so limited. It is not, however, sound policy to disallow the claims absolutely for the current year as the equipment is needed and local board schools would thus be at a great disadvantage in comparison with schools under private management. It is therefore proposed to provide for 1926-27 a sum of Rs 25,000, and to meet the balance of the claim, if possible during the current year, from ~~the~~ anticipated savings in the Educational Budget. The applications are being scrutinised and will shortly be submitted to Government with suitable recommendations.

In the current year's budget, there is a provision of Rs 15,000 for subsidies to local bodies for the equipment of secondary schools under their control. Proposals for the distribution of this provision have been recently sanctioned by the Government. The provision proposed by the Director for the next year is Rs 25,000 and the necessity for this increased provision has been

fully explained by him. Of the schemes mentioned in the statement, one has been sanctioned, two are under the consideration of Government, while the rest are pending with the Director. The Director proposes to submit the pending applications to Government very shortly.

Secondary Schools under the management of Local bodies - Equipment grants--Part II scheme:--In connection with the Part II demand for these grants for 1925-26 brought forward by the Law (Education) dept. last year, this dept. noted that the demand should include only schemes which had been already approved or which matured prior to the 1st November 1924. On this, the Law (Education) dept. pointed out that if such limitation was imposed, only one case out of the 22 included in the D.P.I's list could be provided ^{for} in the budget. The Hon'ble Finance Member ~~however~~ waived the objection

raised by the Finance dept.--please see pages 5 and 7 of G.O. 702, Law (Edn.) dated 5-5-25. D

2. Of the several items shown in the D.P.I.'s list on page 1 C.F., only one item has so far been sanctioned--viz. item marked 27. As it is stated that all the other items are now under the consideration either of the Govt. or of the D.P.I., the proposal to ask for a provision of Rs.25,000 in 1926-27 (against the admissible total equipment grant of Rs.45,700) may be agreed to in Finance.

3. As in last year, the Law (Edn.) dept. may be requested to attach a copy of the D.P.I.'s list as an annexure to the note for the Finance Committee and to indicate in the remarks column the stage of each item. Subject to this suggestion, the draft note for the Finance Committee may be accepted. The note by the Finance dept. may be as follows:

" The proposal may be placed before the Finance Committee as a Part II scheme for 1926-27".

Attention is invited to Rule 37 (g) (iii) of the Devolution Rules under which the Finance Department shall examine and advise on all schemes of new expenditure for which it is proposed to make provision in the estimates, and shall decline to provide in the estimates for any scheme which has not been so examined. If, as proposed by the Law Education Department, a lump provision is made without an examination of the details, there is no ^{rule} provision in the Devolution Rules - vide Rules 39-42, under which previous consultation ^{with} of the Finance Department is required in respect of the

grants-in-aid. The only provision in the Devolution Rules for the scrutiny by the Finance Department of grants-in-aid is ~~under the Devolution Rules~~ Rule 37(g)(iii). Under Rule 43, previous reference to the Finance Department is required only for a proposal for which no provision has been made in the budget. It is therefore necessary to insist that provision shall be made in the estimates only for such schemes as have been approved by the Government after scrutiny by Finance. It should be possible for the D.P.I. to send up all the schemes ^{under his consideration} as early as possible and such schemes should be sent to Finance before the 1st November next.

2. As the provision proposed is Rs.25,000, it is sufficient to include in the list ~~only~~ schemes to the extent of Rs.25,000 only.

Note for the Finance Committee.

Subject: Part II of Budget Estimate for 1926-27 -
Subsidies to local bodies for the equipment of
secondary schools.

Proposals of the D.P.I.

The Director proposes a provision of Rs 25,000 in the budget estimate for 1926-27 for the payment of subsidies to local bodies for the equipment of secondary schools under their control.

Note by the Law (Edn) Dept.

The following statement compares the actuals under this head for 1924-25, the provision for the current year and the amount proposed for the next year:-

Actuals 1924-25	B. E. 1925-26	Budget Estimate-1926-27	
		Part I	Part II
Rs	Rs	Rs	Rs
15,000	15,000	..	25,000

2. For the year 1924-25 a provision of Rs 15,000 was made for this purpose and this ~~was~~ fully spent. ~~During the year 1925-26~~ ^(for the current year is) the provision made ~~was~~ also Rs 15,000, and proposals have been recently sanctioned by the Government for its distribution. Several applications for this subsidy are ~~now~~ ^{still} pending with the Director of Public Instruction or the Government. These demands aggregate Rs 45,700 and could not be considered during the current year ~~because the budget grant was divided~~ ^{for want of funds.} Many of the schools for which subsidies are proposed to be given ~~were~~ ^(and) were opened at the instance of the Government ~~are~~ ^{are} net cost schools. It is not sound policy to provide buildings and
