DEMAND XIX - EDUCATION TRANSFERRED.

M.R.Ry. V. Madhava Rajha Ayl.

p.206. 528

To reduce the allotment of Rs.22,54,600
for Education-Secondary by Rs.100/
(To discuss the desirability of lump sum
contributions to Non-Government Secondary
Schools)

Law (Education) Departt.

The mover refers to lump sum contributions to non-Government secondary schools. Apparently the lump sum contributions are to take the place of the present grants and subsidies sanctioned for the maintenance of schools, and ~~and~~ the change should apply both to ~~local bodies~~ schools ~~in~~ under local bodies and those under private management. As regards schools under local bodies, the variable subsidies hitherto granted on the basis of ~~the~~ the net cost of the schools has been replaced with effect from the current year by fixed lump sum subsidies. These fixed subsidies will be subject to revision once in three years. This system of periodical revision is advantageous to local bodies in that it will enable them to get additional subsidies for increased charges on establishment etc. incurred during the triennium.

As regards ~~aided~~ schools under private management, the adoption of a system of ~~fixed~~ ~~in~~ lump grants is not practicable. The receipts ~~and~~ charges of the schools vary each year and the grant is fixed for each year with reference to the net cost. If a lump sum grant is allowed to each school, it is possible that schools which ~~are~~ ^{may} practically self-supporting ~~will~~ receive a grant from Government and this grant may prove to be a source of profit to the private management. It does not appear that such a system of lump grant is given in any ^{other} province without regard to the needs of the schools concerned. It is not therefore possible to accept this suggestion.
