(To discuss the teachings of the various subjects and the number of scholarships given).

Law (Education) Dept.

Teaching of various subjects.

The mover wants to discuss the teaching of the various subjects in secondary schools. Apparently he wants to ~~xxx~~ make suggestions in regard to the subjects taught in these schools. A conference has been appointed to consider the question of the revision of the curricula of secondary schools. If the mover makes any suggestions they may be considered along with the recommendations of the conference.

The following are the scholarships tenable in the secondary schools for boys and for girls:-

General scholarships.

Boys.

16 scholarships ^{equal number of} and fee remissions commencing in Form I ^{continuing} and tenable throughout the secondary course.

(This does not include the scholarships awarded by the Labour Deptt.)

In addition to these scholarships awarded by Government,

aided schools are allowed to award scholarships and fee

concessions up to ten percent of the fee income ~~for the~~ ⁱⁿ

of the schools. Similar concessions are allowed ~~by~~ the

schools under local bodies also. The loss involved

in the grant of the concession is taken into account

for the purpose of assessment of grants ^{to} ~~for~~ aided schools.

There is also the half-fee concessions allowed to backward

classes under Rule 92 of the Madras Educational Rules.

It is not clear whether the mover desires that a further

increase in the number of scholarships should be made.

The Retrenchment Committee remarked that the expenditure

on scholarships should be reduced temporarily at least.

Though no such reduction is effected it is doubtful whether

funds will be forthcoming for increasing the number of

scholarships.
