EDUCATION (TRANSFERRED)

Mr. M. Krishnan Nayar.

2.233

179

To reduce the allotment of Rs.12,21,200 for

training Schools - Masters by

Rs.100/-

(To urge the need for employing trained

teachers, a large number of whom are un-

employed, as teachers, in schools.)

Law (Education) Department.

It is not known to what classes of teachers the M.L. C. re-
fers, ~~secondary trained~~ secondary trained or elementary trained.
It is presumed that he refers only to elementary trained teachers
who are employed in large numbers.

2. The Government have no information as to the number of
untrained teachers of the ~~secondary~~ Secondary grade employed in
Educational institutions. The annual reports on Public Instruc-
tion contain ^{only} information regarding the total number of teachers
employed in public elementary schools and the number ^{of those} trained ~~un-~~
~~trained~~. The following statement shows the growth of percentage
of trained teachers ~~to~~ ^{the} total number during the last three years

1922 - 1923 44

1923- 1924 45

1924- 1925 47

The replacement ^{must} of untrained by qualified teachers is care-
fully watched by the Educational department and the Government, on
the recommendation of the Director of Public Instruction, are pro-
viding additional facilities where ^{ever} necessary for training ⁱⁿ
large numbers. It may be noted that for ^{such} purpose ^a large pro-
vision ~~has been~~ ^{under ~~Spends~~} has been proposed by the Director of Public
Instruction in the budget estimate for 1926- 1927 and accepted by
Government.

So far, the existence of a large ^{number} of trained teachers without
employment has not been brought to the notice of Government, nor
does the Director of Public Instruction seem to be aware of the

V.T.K.

any of his communications. On the other hand, he has been suggesting as pointed out above facilities for training larger number of teachers to meet ~~the growing need for trained teachers~~ ^{the growing need for trained teachers} in these schools.

of the member points out any specific cases, which may be provided.

Perhaps D.P.I. ¹⁹³ may have some general remarks to offer.

U.O. Reply No 402 M/269 18.3.26

The member proposes to reduce the allotment for Training Schools for Masters in the Budget Estimate for 1926-27 by Rs.100/- with a view to urge the need for employing trained teachers, a large number of whom are unemployed, as teachers in schools. The allotment of Rs.12,21,200 relates to Training Schools for Masters, both Secondary and Elementary and it may therefore be assumed that the member refers to Secondary and Elementary Trained Teachers.

The following table shows the number of male teachers that underwent training in the Secondary and Elementary grades during the last four years:-

TABLE No.I

Year.	Number of teachers under training.			Number that passed.		No. that secured not during the year
	Second-ary.	Elementary.	Total.	Second-ary.	Elementary.	
1921-22 ..	644	5840	6484	149	1673	1822
1922-23 ..	649	5576	6225	411	2625	3036
1923-24 ..	951	6848	7799	470	2475	2945
1924-25 ..	969	6885	7854	495	2936	3431

Table No.II gives particulars in respect of male teachers of the Secondary and Elementary grades both trained and untrained that were employed in Public Schools during the last four years:-

TABLE No.II

Year.	Trained Teachers.			Untrained Teachers.			Grand Total.	Percentage of trained teachers to the total number.
	Second-ary	Elementary.	Total.	Second-ary.	Elementary.	Total.		
1921-22 ..	3540	23,104	26,644	1,296	27,428	28,724	55,368	48
1922-23 ..	3844	26,826	30,670	1,678	27,258	28,936	59,606	53
1923-24 ..	4095	29,622	33,717	1,840	27,838	29,678	63,395	53
1924-25 ..	4692	33,020	37,712	2,020	27,583	29,603	67,315	

4
156 (C)

It is stated that a large number of trained teachers are unemployed but from a comparison of the figures in columns 7 and 8 of Table I it will be observed that the number of teachers that secure employment in a year exceeds the number passed in the three years 1921-22, 1922-23, and 1923-24, and nearly equals the number passed in 1924-25.

Again it will be seen from Table No. II that out of a total number of 11,947 teachers newly employed during the four years 1921-22 to 1924-25 11,068 are trained while only 879 are untrained. Nearly 93% of the teachers newly employed are trained. The percentage of trained teachers to the total number has increased from 48 in 1921-22 to 56 in 1924-25.

From the above figures it is doubtful whether there is ~~any~~ justification for the general statement that a large number of trained teachers are unemployed.

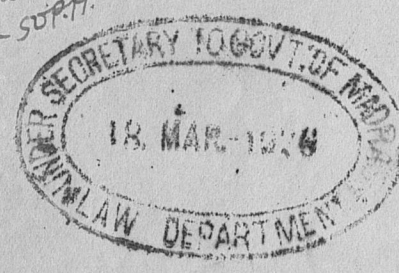

It may also be added that if in any district there are cases of trained teachers still unemployed, the fault is not with the Educational Department. For, the agencies which employ Elementary & Secondary grade teachers are mostly non-departmental viz., Taluk Boards, Municipalities and private managers. The Departmental officers never fail to impress on the above managements the need for replacing untrained teachers by trained ones. Further the Training Schools keep a close watch over the career of trained teachers by maintaining a history of their services from the time they are discharged from the Training Schools.
