DEMAND XIX - EDUCATION (TRANSFERRED).

Rao Bahadur M.C.Raja.

p. 233.

414

To reduce the allotment of Rs. 12,21,200 for

Training Schools - Masters by Rs. 100

(To raise the question of training more teachers)

The number of teachers undergoing training in training schools (Government and aided) is gradually increasing as may be seen from the following statement:—

Year . Average No. of pupils on rolls.

1922- 1923 6665

1923- 1924 7653

1924- 1925 7692

The Government are alive to the necessity for increasing the out-put of trained teachers and are providing facilities for their training of more teachers whenever possible . In 1925- 1926 the Government sanctioned the opening of two secondary training schools at Srirangam and Chicacole, Ins. submitting schemes for inclusion in the budget estimate for 1926-1927 the Director proposed that an elementary training school may be opened at Ponneri in the Chingleput district and that special provision may be made for admitting ~~in alternate years an additional~~ ^{in alternate years an additional} students in the training school at Berhampur. ~~no admits pupils only in alternate years.~~ The Finance Committee placed ~~for~~ the former scheme in Class IV (not recommended) and the latter in class III. No provision has been made for either of these two schemes. Increased provision has, however, been made ~~xxx~~ by the Director of Public Instruction under stipends in the ensuing ^{year} budget estimate to facilitate the admission of a larger number of pupils in the existing schools. This provision has been accepted ^{by Govt.}

~~governor~~ In connection with the scrutiny of the Part II schemes submitted by the Director of

" I quite agree ~~with~~^{that} you that more training
"schools will be required as part of the programme
" for the expansion of elementary education. It is
"not, however, possible to submit any detailed schemes
"to this effect before the 30th of September. There
"are no definite proposals pending in the office and
"I cannot recommend lump provisions in the Budget
"without details as to the location, details of cost,
" etc., of the schools. As a result of the Elementary
"Education Survey it will probably be necessary to
"draw up an estimate for a programme to be spread
"over a number of years. This could be done best
"towards the end of the current year and the beginning
"of next year so that the programme for the training
" of teachers could be brought into effect from the
"beginning of the year 1927- 1928".

4. It may be incidentally noted that Mr. M. Krishnaswami Nayar has given notice of a token motion under this ~~was~~ head in order to discuss the question of the employment of trained teachers ~~who are engaged~~ ~~under the~~ ~~system of~~ employment. ~~has reported to be unemployed.~~
