School children - Health and sanitation - Instructions -
 Health Inspector - Majic Lantern with slides - sanction applied
 for.

It is proposed to ask the Health Inspectors in the Taluk
 to visit all the schools during their camps in the villages and to
 give instruction to the ^{pupils} ~~peoples~~ on matters of Health and sanitation.
 It will be very useful if such instructions are illustrated by means
 of ~~majic~~ ^{majic} lantern. This will be very impressive and most attractive
 to them. A ~~majic~~ ^{majic} lantern with slides on the various diseases costs
 about Rs. 400/-. This will have to be purchased from the savings of
 the Elementary Education funds as nothing is available from the
 General Revenue of the Board. I have therefore the honour to request
 that you will be kind enough to sanction the purchase of the Majic
 lantern with slides from the savings of the Elementary Education fund.

culosis (4) Cholera (5) General sanitation and water (6) Small

ding the teachers and pupils.

2. The Health department is organising such lectures and it
is part of the propaganda work of that department. Local bodies
are to co-operate with that department in respect of this
