R.O.C. No. 718 A/24

Station Madras , Dated the 27th May 1925 192 .

From (Name) R.G. Grieve Esq., M.A.,

(Designation) Ag. Director of Public Instruction

To The Secretary to the Government of Madras,

LAW (EDUCATION) Department.

Through the Accountant General, Madras.

Sir. (A) With reference to para 2 of Government, Law (Education) Memo No. 3179 C-1, dated 26th November 1924, I have the honour to submit proposals for the opening of group I (Mathematics, Physics and Chemistry) of the Intermediate Course in the Government Muhammadan College, Madras.

2. The proposals will have effect from 1st July 1926 as it is not possible to open the classes in the current year (1925-26) as there is neither the necessary accommodation nor the necessary budget provision for the purpose.

I have considered the practicability of opening the classes as a temporary measure in the new school buildings now under construction and have come to the conclusion that it is not possible to do so in 1925-26, as the buildings,

6480. 111
29.6.25
A.C.F. in
The linked file

2 ~~2~~
according to the report of the Public Works Department will not be ready for occupation until the end of December 1925.

3. Accommodation.-- Without additional buildings the scheme would be impossible but with the opening of the new school buildings it will be possible to start the proposed college science classes in 1926-27. This arrangement, however, should be regarded as a temporary measure ^{as} both school and college will be cramped until ^{additional} accommodation is provided for the college. The original proposals for the extension of the school buildings gave the school nine new class rooms, Three, however, were cut out on the assumption that, on the transfer of the College to the old Engineering College building, Chhapauk, the present college lecture rooms would be handed over to the school. The college lecture rooms are not to be handed over to the school. Moreover, with the expansion of the college now proposed, at least one and possibly two of the new class rooms will have to be surrendered to the college until the college obtains additional accommodation of its own. I shall submit ~~prx~~ separate proposals in regard to the additional accommodation required for the college

4. Strength.-- It is proposed to open both the first and 2nd year classes together as only a very small additional cost is involved by the opening of the 1st and 2nd year classes simultaneously. The Principal anticipates an initial strength of 12 in the first year class and 5 in the 2nd year class. The present proposals have been framed on the supposition that the ultimate strength of the Intermediate classes will be 100, 50 (30 in Group III and 20 in Group I) in each of the 1st and 2nd year classes.

3 ~~2~~
5. Equipment. The allotments required for the Physics and Chemistry laboratories are estimated at Rs 7500 and Rs 6000 respectively. A provision of Rs 1500 for books and Rs 1500 for furniture is also required. Thus a sum of Rs 16500 is required for equipment.

6. Staff.-- The opening of group I entails the employment of three Assistant Lecturers in the Subordinate Educational Service (Collegiate Branch) to be in charge of each of the subjects, ~~Mathematics~~, Physics and Chemistry. Each of them will ~~have~~ have only 12 hours of work per week in the college Department. It is proposed to work the Madrasa-i-Azam and the college department together and so effect some reduction in the ^{School} staff. The College lecturers will be asked to share in the school work just as in other second grade colleges, and in consequence the staff of the school department can be reduced by one School Assistant. I accordingly recommend that one of the posts of school Assistants in the Madrasa-i-Azam may be held in abeyance. I do not now recommend the abolition of the post as the school department is permanent while the college department is temporary.

7. Financial.-- The following will be the cost of the scheme in 1926-27 and ultimately

(1) Cost in 1926-27.

	Rs
<u>Recurring</u>	
3 Assistant Lecturers in the Subordinate College Service (125-250) Rs 152 125 x 8 x 3 or	3000
Deduct for 1 school Assistant to be held in abeyance Rs 75 x 8	600
Total recurring	2400
Non-recurring : Equipment	16500
Total recurring and non-recurring	18900

(2) Ultimate average cost of the scheme

3 Assistant Lecturers in the Subordinate College Service Rs 187½ x 3 x 12 or	6750
Deduct for 1 school Assistant to be held in abeyance Rs 106½ x 12	1278
Net ultimate cost	5472

8. Fee Income.-- The Principal considers that only 25% of the students will pay full fees. The additional fee income that may be

4/23

-4-

expected by the opening of Group I in 1926-27 will therefore be only Rs 945 (for 12 students in class I and 5 in class II)

9. If Government pass favourable orders on this letter I shall make the necessary provision in my Budget Estimate for 1925-26.

I have the honour to be,

Sir,

Your most obedient servant,

W. C. S. S. S.
for Director of Public Instruction.

Law (Education) Department

(C.No.1788-C) From the D.P.I., R.O.C.No.718/24 dated 27th May 1925.

Subject:-Opening of Intermediate Science classes in the Govt.Muhammadan College.

The notes on pp.41-43 of G.O.No.1111 Edn., dated 29-6-25, give an account of the circumstances under which the Muhammadan college was started. The Retrenchment Committee suggested that the college classes of the college might be closed. Having regard to the origin and development of the college, the Govt.were not prepared to accept the suggestion. The advisability of abolishing the B.A.classes was however considered at a meeting of leading Muhammadan gentlemen held on 25-11-24 presided over by His Excellency the Governor. It was agreed that the B.A classes in the institution might be abolished, seats being reserved in the Presidency College for the students of the Muhammadan college who wished to join the B.A class and that provision for instruction in Group I(Mathematics, Physics and Chemistry) of the intermediate course should be made in the Muhammadan college.

2.The D.P.I to whom the question was referred, reported that the abolition of the B.A classes would, so far from being a measure of retrenchment, would result in an ultimate extra expenditure of Rs.320 a year to Govt. The Board of Visitors to the College whose opinion was also taken by the Director expressed the opinion that the college should be retained as a first

grade college. The Govt. have now re-considered the position and postponed for one year the consideration of the question of abolishing the B.A class. The report on the working of the college for 24-25 since received shows that the strength of the ~~B.A class~~ ^{higher classes} has appreciably risen--- from ²⁴17 in 1923-24 to 34 in 1924-25. The latter figure is the highest on record.

3. In the c.f. the Director submits proposals for offering instruction in group I of the Intermediate course with effect from 1-7-1926. He says that he will submit separate proposals for the accommodation of the Science classes but that the classes may be opened temporarily next year ^{as now are} since the school building now under construction is handed over to the department. The proposal is to open the first and second year classes simultaneously. It is anticipated that there will be 12 pupils for the 1st year class and ^{five} 5 for the 2nd year. The proposals provide for an ultimate strength of 20 in each of the two classes. A teaching staff of ^{from} 3 Asst. Lecturers in the subordinate educational service is proposed, As the Asst. Lecturers can also take up some work in the school department, ~~a~~ a School ^{3 C.F.} assistant's post is proposed to be kept in abeyance. The additional cost involved is as follows:-

	Cost in 1926-27 for 8 months	Average annual cost.
Recurring:-	Rs	Rs
Staff:- 3 Asst. Lecturers in the S.E.S on Rs. 125- 5-175-7½-250 each a - month (average pay -- Rs. 187½)	3,000	6,750
Deduct pay of a school assistant (to be kept in abeyance)	600	1,278
Net recurring cost	2,400	5,472

Not put up.

4. The Board of Visitors and gentlemen interested in Muslim education have been urging from time to time the necessity for providing facilities themselves for instruction in Science subjects. The question has also come up before the Legye Council on more than one occasion in the form of interpellations and resolutions. The Board of Visitors at a meeting held on 2-8-23 passed the following resolution:-

"The Board reaffirms its opinion that the "small number of students in the B.A classes "is entirely due to Government's failure to "provide facilities for the courses of study "which Muhammadan boys usually take, viz; Science "and Philosophy and would therefore urge the "necessity of providing the necessary staff and "accommodation and affiliating the college in "these subjects".

5. In any case, there is no suggestion to abolish the intermediate classes. The Directors proposals may be approved. The Scheme has to go before the Finance Committee. A note for the Finance Committee is placed below. The file may

Budget Estimate for 1926-27 - Part II Scheme

Subject : - Opening of science classes in the Govt.

Muhammadan College, Madras.

Proposals of the Director of Public Instruction

The Director of Public Instruction submits proposals for offering instruction in Group I (Mathematics, Physics and Chemistry) of the Intermediate Course in the Govt. Muhammadan College, Madras, with effect from 1st July 1926. He says that he will submit separate proposals for the accommodation required for the science classes, but that the classes may be opened temporarily next year as soon as the building for the school department now under construction is handed over to the department. The proposal is to open the first and the second year classes simultaneously. The Principal of the College anticipates a strength of 12 for the first year class and of five for the second year class. The proposals provide for an ultimate strength of twenty in each of the two classes. A teaching staff of three assistant lecturers will be required. As they can also participate in the work of the school department, a school assistant's post may be kept in abeyance. The abolition of the school assistant's place is not recommended as the school department is permanent, while the college classes are yet on a temporary basis.

2. The additional cost involved is as follows : -

	Cost in 1926-27 For eight months. Rs.	Average annual cost. Rs.
Recurring : Staff - Three assist. lecturers in the Subordinate Educational service on Rs. 125-5-175-7½-250 each a month (average pay Rs. 187½) Deduct pay of a school assist. (to be kept in abeyance)	3,000 600	 1,278

As a partial set-off against the necessary expenditure

there will be fee realization. The fee income for 1926-27 is expected to amount to Rs. 945.

Note by the Law (Education) department.

The Board of Visitors and gentlemen interested in Muslim education have been urging from time to time the necessity for providing facilities for instruction in science subjects in the college. The question has also come up before the Legislative council in the form of interpellations and resolutions.

2. The Board of Visitors at a meeting held on 2nd August 1923 passed the following resolution. :-

"The Board reaffirms its opinion that the small number of students in the B.A. Classes is entirely due to Government's failure to provide facilities for the courses of study which Muhammadan boys usually take, viz. Science and Philosophy and would therefore urge the necessity of providing the necessary staff and accommodation and affiliating the college in these subjects".

At a conference of leading Muhammadan gentlemen invited by Government last November to consider the future of the College, it was resolved that the question of giving instruction in group (I) subjects for the Intermediate course should be examined. The proposals submitted by the Director of Public Instruction are in pursuance of the decision arrived at at the Conference.

3. The proposals of the Director may be accepted and a provision of Rs. 18,900 made in the Civil Budget Estimate for 1926-27.

 R.O.C.No. 718 A/24, dated 27th May 1925 - Opening of
 science classes, ~~XXXXXXXXXXXX~~, Muhammadan College,
 Madras.

Out of Rs. 13,500 the provision suggested for
 the laboratory equipment for the Muhammadan College,
 Madras, a sum of £800/- is required for articles to be
 ordered from England and which may be obtained through
 the agency of the High Commissioner, London. The provi-
 sion of £ 132/- made in my stores budget for 1926-27—
 vide R.O.C.No.A. 12/25-26, dated 14-8-25 may kindly be
 deleted as it has been included in £800 now suggested.

(Not pursued)

Law (Edn)

The provision of £ 132/- referred to
 above was deleted in the High
 Commissioner's budget ^{relating to} Europe
 stores. No action seems necessary
 on the telephonic message just now.

Note for the Finance Committee.

Budget Estimate for 1926-27 - Part II Scheme.

Subject:- Opening of science classes in the Government Muham-
madan College, Madras.

Proposals of the Director of Public Instruction.

The Director of Public Instruction submits proposals for offering instruction in Group I (Mathematics, Physics and Chemistry) of the Intermediate Course in the Government Muhammadan College, Madras, with effect from 1st July 1926. He says that he will submit separate proposals for the accommodation required for the science classes, but that the classes may be opened temporarily next year as soon as the building for the school department now under construction is handed over to the department. The proposal is to open the first and the second year classes simultaneously. The Principal of the College anticipates a strength of 12 for the first year class and of five for the second year class. The proposals provide for an ultimate strength of twenty in each of the two classes. A teaching staff of three assistant lecturers will be required. As they can also participate in the work of the school department a school assistant's post may be kept in abeyance. The abolition of the school ~~assistant's~~ assistant's place is not recommended as the school department is permanent, while the college classes are yet in a temporary basis.

2. The additional cost involved is as follows :-

	cost in 1926-27 for 8 months.	Average annual cost.
Recurring - Staff - Three assistant lecturers in the Subordinate Educational service on Rs.125-5-175-7½-250 each a month (average pay Rs.187½)P	3,000	6,750
Deduct pay of a school assistant (to be kept in abeyance)	600	1,278
Net recurring cost.....	2,400	5,472

26
- 2 -

Cost in 1926-27
for 8 months.

Non-recurring.		Rs.
Equipment for physics and Chemistry laboratories	...	13,500
Books	...	1,500
Furniture	...	1,500
Total - Non-recurring..		16,500

Total - recurring and non-recurring = 18,900

As a partial set-off against expenditure there will be fee realizations. The fee income for 1926-27 is expected to amount to Rs.945.

Note by the Law (Education) Department.

The Board of Visitors and gentlemen interested in Muslim education have been urging from time to time the necessity for providing facilities for instruction in science subjects in the college. The question has also come up ~~in~~ before the Legislative Council ~~in the~~ form of interpellations and resolutions.

2. The Board of Visitors at a meeting held on 2nd August 1923 passed the following resolution :--

"The Board reaffirms its opinion that the small number of students in the B.A. Classes is entirely due to Government's failure to provide facilities for the courses of study which Muhammadan boys usually take, viz. Science and Philosophy and would therefore urge the necessity of providing the necessary staff and accommodation and affiliating the college in these subjects."

At a conference of leading Muhammadan gentlemen invited by Government last November to consider the future of the College, it was resolved that the question of giving instruction in group (I) subjects for the Intermediate course should be examined. The proposals submitted by the Director of Public Instruction are in pursuance of the decision arrived at ^{at} the conference.

3. The proposals of the Director may be accepted and a provision of Rs.18,900 made in the Civil Budget Estimate for 1926-27.

V. T. Krishnama Achariyar,
30--7--25.

Note by the Finance Dept

The proposal may be placed before the Finance Committee as a Part II scheme for 1926-27.

Recommendation of the Finance Committee

The scheme ^{has} been placed in class II

Note The committee expressed the opinion that it was time that the department adopted a definite policy with regard to the place of this college in the general ~~educational~~ educational system of the Presidency.

A full account of the origin of the Grant Muhammadan college, ^{Madras}, will be found on pages 41-45 of G.O. No. 1111 & 29.6.25.

In connection with the Rehabilitation Committee's recommendation that the college classes should be closed a conference of leading Muhammadan gentlemen, presided over by H.E. the Governor in which the Honble the Minister, the D.P.I. and the Principal of the college were present, was held ~~on 29th~~ in 1924 and it was decided that the college should be retained as a second grade college.

1929

seats being reserved in the Presidency college, for students who wish to join the B.A. classes. In view, however, of the ^{public} strong feeling against the reduction of the status of the college, the question was further examined. The Director who was consulted on the proposal stated that it offered neither immediate nor ultimate financial advantage and that, if the B.A. classes were transferred to the Presidency college, the Govt would have to incur a net extra expenditure of Rs 320 a year. It was ultimately decided to continue the B.A. classes for another year. The present sanction expires on the 24th June 1926 and the question of the continuance of the classes may be considered when the Director submits proposals for their continuance.

The abolition of the college has been deemed to be politically inexpedient.

The College Deptt of the Govt Muhammadan College, Madras is temporary. The 3 Asst lecturers now proposed to be employed may therefore be on a temporary basis and their period of employment limited to the period of sanction for the existing staff. The draft order requires modification in this regard. As the proposed staff will be temporary no sanction number is necessary. The draft

Although the college department of the Government Muhammadan College, is temporary, there is no proposal to abolish the Intermediate classes. The question has been fully considered and it has been decided that the college should be retained at least as a second grade institution and that science classes should be opened there. It is only in respect of the continuance of the B.A. classes that the Director has been asked to report.

p. 40 of
 Form 1111 (A)

p. 6 of

p. 3 of

Mp 14-16 ante

p. 20 ante

The Director asked for three Assistants in the cadre of the S.E.S. and his intention was apparently that the staff should be permanent, and in the note for the Finance Committee which was based on the Director's letter the proposal was made to appoint a ~~permanent~~ staff of three Assistant lecturers, no period being specified.

The Finance Department, however, suggests that, as the college department is temporary, the staff to be newly employed may also be temporary, the period being limited to the period of the existing staff.

The proposal to sanction the staff on a temporary footing may be accepted. The sanction

for the existing staff expires on the 24th June 1926, while the staff that is to be newly employed is required from the 1st July 1926. There is therefore, no object in sanctioning the employment of the staff up to the expiry of the present sanction for the classes.

3. Perhaps the order may be held over and the Director may be informed by a Memo that the provision has been made in the Budget Estimate for 1926-27 for the expenditure involved and that orders will be issued on receipt of proposals for the continuance of the existing staff, which should be expedited. Draft is submitted.

The five posts mentioned above and a post of Arabic Professor were originally sanctioned on a temporary footing for the college classes in the Govt. Muhammadan College, Muzaffargarh.

The post of Arabic Professor has been subsequently included in the M.E.S. and permanently retained.

In connection with the proposal to abolish the B.A. classes in the College, the Director reported last year that only the post of Arabic Professor could be abolished, a corresponding post being created in the Presidency College. The present proposal is for the continuance of the temporary establishment. The Director states that its ~~formation~~ on the entire establishment is necessary for

p. 10 of

for providing adequate instruction for the students of the intermediate classes. The Director's proposal may be accepted.

The question of the abolition of the post of Arabic Professor will be considered when the Director's

reply to ~~the~~ the reference regarding the continuance of the B.A. classes is received. The Director states that the question is under correspondence with the Principal of the College.

3. The additional ~~temporary~~ establishment for which provision has been made in the Budget Estimate for the current year may also be sanctioned up to the 24th June 1927 as in the case of the ^{temporary} establishment already employed in the College.

4. A draft order is submitted for approval. It may be sent to Finance for acceptance.
