From

W.E. Hoare, Esq.,

Selborne, Ootacamund.

To The Hon'ble Sec. A.P. Patil, Knight.
Minister of Education

Sir,

I have the honour to invite your attention to the annexed circular which is self-explanatory.

I have to say that the scheme failed, the sum raised from a few personal friends being insufficient to found a scholarship. I therefore founded a prize at the Malabar Christian College in the name of my wife with the proceeds of the appeal.

But though the appeal failed, I should very much like to carry the scheme, or some similar scheme through, and I appeal to Government to help me to do so.

At the time when the appeal was drawn up (1919), I think there was a clause in the grant-in-aid code, empowering government to make a grant not exceeding fifty percent of the sum raised towards the foundation of scholarships. This clause has since been deleted. But I have the honour to ask that as a special case, a grant may be made.

To explain the long delay in making this application, I have the honour to inform you that for two years (1920-1922) I was out of India and that it is only in the course of the present year that my circumstances have become such that I am able to face the proposed expenditure. I have no pension and throughout my long service I enjoyed the benefit of a provident fund only for a year or two.

I should like to give a sum of three thousand rupees to the Women's Christian College, Madras. I understand that this institution is badly in need of scholarships. I propose to withdraw the condition, mentioned in the circular

that the scholarships should be held by girls from Malabar. I have the honour to request Government to make a grant of an equivalent amount. If Government is disposed to do so, I should be encouraged to propose a similar scheme with regard to the Malabar Christian College, viz., I ask that in consideration of a gift of three thousand rupees from my self, Government will be pleased to sanction a special grant of three thousand rupees. I propose to leave the details with regard to the number and value of the scholarships to the responsible authorities of each college. I engage to observe the conditions usually laid down by government when making such grants.

I have the honour to remain,

S i r,

Your obedient servant,

W. E. Hoare

Calicut,
April 4, 1919.

DEAR SIR,

The high esteem in which the late Mrs. Hoare was held by all classes and the warm interest she took in the welfare of students suggest the propriety of perpetuating her name.

As you probably know, this College was taken over by the Madras Christian College from the 1st instant. Numbers of our students have gone there to complete the Arts Course and it is probable that this number will largely increase. It is suggested that to link the two colleges closer together, scholarships might be established to enable clever but poor students to pass from here to the Christian College. It is proposed therefore to establish two Helen Hoare Scholarships each of Rs. 150 per annum, if funds permit, to be awarded irrespective of caste or creed to the best student of limited means every year. As the B. A. Course is a two years' course, it will admit of one such scholarship being awarded every year. Should this appeal meet with a generous response, it might be possible to provide for the case of a student who, taking the Honours Course, will require a three years' scholarship.

To provide for the above scholarships, reckoning money at 5 p.c., a capital sum of Rs. 6,000 will be necessary, of which Government may, according to the Grant-in-Aid Rules, contribute up to one half.

4 14
While it is proposed to assist the education of young men, it is equally desirable, when we recollect to whom we are endeavouring to raise a memorial, that the interests of female education should not be forgotten. It is proposed therefore to raise at least a sum of Rs. 3,600 in order to found similar scholarships, open to all castes and creeds, at the Madras Christian College for Women. As the course there is a four years' course, and the fees are lower than in the case of men, the sum above mentioned would admit of the foundation of four scholarships of Rs. 80, 80, 100, 100, thus enabling the girl who stands highest in the S.S.L.C. from any Girls' School in Malabar to complete her education. Such a girl might be given the option of taking her Intermediate Course in this College, as four ladies are doing at present.

1920 We thus contemplate raising a sum of Rs. 6,600 and appeal to the public for subscriptions to this good cause. In spite of hard times it is hoped that the sum will be raised and, to make the task easier, it is intended to keep the fund open till the end of the current year so that subscriptions may be spread over a considerable term.

Yours faithfully,

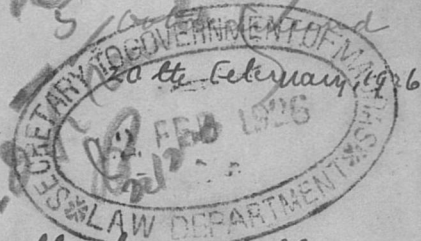

G. T. VURGESE.
G. ZACHARIAH.
J. KURYAN.
W. E. HOARE.

Dear Sir,

You may recollect my calling
on you in October and last year
and laying the proposal contained
in the accompanying official letter
and circular before you.

I have deliberately refrained from
sending it earlier, because, in the
past at any rate, money was more
likely to be available at the end of
the official year, because of
lapsed grants.

I again point out that a grant of
this nature is not recurrent, that it

is fruitful for all time, enabling an
endless succession of young men
and women to benefit.

I shall be very thankful indeed
if you will help me to carry out
this scheme.

I am,
Yours faithfully

W. E. Hoare
