Municipal Office,
VELLORE,
18th February 26.)

V.C.V.

CHAIRMAN.

The Committee thinks that it is not desirable to introduce any new scheme in the hands of the 4th.

R. Chinnappa
14-3-26

Members
24/4/26

The Bt Council is of opinion that the opening of new schools in the district is not practical in view of the fact that the school population is mostly drawn from the villages. It is suggested that the Government should provide for the opening of new schools in the district.

R. Chinnappa

VELLORE MUNICIPALITY.

Copy of Proceedings of the Educational Sub-Committee,
Dated 6th February 1926.

PRESENT.

1. M.R.Ry.Rao Bahadur K.Krishnaswami Nayudu Garu, M.L.C.
2. V. Abdul Jabbar Sahib Bahadur.
3. Mrs. Audiseshiah.

Elementary Education Budget for 1926-27---

Before commencement of the proceedings, it was considered whether it would not be desirable to discuss this important question when all the other members of the Committee are present. Seeing, however, that this was the third meeting convened for the purpose and that the budget was already long overdue, the members present agreed to take up the work and finish it without further delay.

2. Analysing the figures for the current year, the Committee finds that the transactions up to the end of the year will result in a closing balance of Rs .8,798 of which Rs .5,071 pertains to the Capital Account. These transactions are based on the actual expenditure incurred so far, and there is practically nothing there to discuss and revised. The revised figures are thus accepted.

3. Now as to the budget for 1925-26, we find after scrutiny of the figures furnished by the Chairman, that while the receipt portion is inelastic and incapable of development, the expenditure is on the increase but is regulated with great -- restraint.

RECEIPTS.

4. The receipts for the year is estimated at Rs .36,440, as follows:-

Education tax	..	Rs .5,900.
Govt.grant under Sec.37 of the Elementary Education Act	..	5,900.
do under the proviso to Sec:37	..	14,370.
Contribution from the general revenues of the municipality	..	10,270.
Total	..	36,440.

These figures are adopted.

EXPENDITURE.

5. It is necessary to mention here that the number of schools maintained by the Council is 38.

Boys' Schools for Hindus	..	13
" Muhammadans	..	5
" Adi Dravidas	..	3
Girls' Schools for Hindus	..	4
" Muhammadans	..	2
Night schools for boys	..	11

The total strength in all the schools is 2,595 boys & 961 girls.

The teaching staff total 129 of which 17 are part time hands for Night schools on an allowance of Rs .5 each per mensem and 1 is a common Music teacher on Rs .15/- per mensem for the Girls' Schools. The other teachers are all on the graded scale earning an annual increment of Re.1/-. The allotment required for maintenance of this staff during 1926-27 is Rs .27,695 plus Rs .1,310 for their Provident Fund.

It is necessary to maintain this staff and we do not see that anything can be done here except observing that had funds permitted, we would have suggested the opening of two additional girls' schools in Saidapet and Sullivan'spet and a few additional night schools for boys.

6. Under other establishment, a sum of Rs .1,622 is provided to meet the cost of the conductresses for Girls' schools, peons and the Superintendent of Elementary Schools. Of the two peons sanctioned, one is with the Superintendent and the other is attached to the Adi Dravida Boys' School, Kasba. We don't see why there should be a peon for this school alone, while all other schools get on quite well without a peon. We have therefore deleted the provision for this peon. In other respects the allotment calls for no remarks. As thus revised the allotment will stand as Rs .1,526/- plus Rs .48 for the Provident Fund Account of the Superintendent.

7. Under contingent charges, Rs .2,712 is found necessary to meet the house rent for the private buildings taken up for the schools. Excepting one night school, which is located in a private building on a monthly rent of Rs .3/- all other night schools are accommodated in the Day schools. Out of 27 day schools, 17 are in rented buildings. The monthly rent varies from 5 to 20 per mensem

according to the importance of the schools and the locality in which they are located. As has been pointed out by the Government in their Order No.16 Law, dated 6th January 1926, it is necessary that the Council must build up funds for a building programme. The Chairman has provided Rs .2,000 in the current year's revised budget and Rs .4,000 for next year. Let us for the present be -- satisfied with this and see that these allotments are expeditiously and judiciously utilized.

8. We welcome the change proposed by the Chairman under "Other Contingent Charges". The present practice is to give a fixed amount every month to the Head master of each school to meet the cost of stationery, registers, sweeping, etc. The Chairman considers that by taking the supply of the necessary articles and registers under his hands, strict economy may be maintained. The annual requirements may be secured at a comparatively less cost and the wastage may also be prevented. We agree. The allotment of Rs .1,389 retained for this purpose is therefore passed. Each -- school will in future get a fixed monthly grant of annas 12 to Re.1 only to cover up the sweeping charges.

9. The other allotments made are self explanatory.

Stipends to normal students	..	Rs .100.
Repairs to buildings	..	1,000
" furniture	..	50
Prizes and Scholarships	..	120
Compensation to aided school teachers	..	1,200
Unforeseen contingencies	..	300

10. As regards spinning and weaving, definite proposals have ^{never} not been laid before us. It is proposed to introduce -- spinning in 6 schools next year and to open one weaving centre. Details of cost are given in the annexure and we generally approve them. A sum of Rs 1,140 is thus set apart for this purpose.

11. As has already been pointed out a sum of Rs .4,000 is retained for acquiring buildings. A sum of Rs .1,000 is also set apart for furniture, library books and apparatus.

As thus framed, the budget for 1926-27 will stand as shown below:

Opening balance. Receipts. Expenditure. Closing balance.

	Opening balance.	Receipts.	Expenditure.	Closing balance.
Ordinary	3,727	36,440	38,590	1,577
