DEMAND XII EDUCATION (TRANSFERRED)

Mr. C.V.Venkataramana Ayyangar.

P. 231.

134

To reduce the allotment of Rs. 60,55,300 for grants to local bodies, by Rs.1,001/-

(To discuss the desirability of increasing the pay of teachers).

Law (Education) Department.

Under Section 67 of the Local Boards Act and Section 70 of the District Municipalities Act, 1920, local bodies are at liberty to fix the salary of the teachers in their employ, without obtaining the sanction of Government therefor. In G.O.No. 14 Law (Edn), dated 3rd January 1923, the Government drew the attention of local boards to the scales of pay sanctioned for the several grades of teachers in Government Elementary Schools and informed them that these scales should be taken as the standard to be worked up to in the schools under their control. The revision of the pay of teachers in board and municipal schools is largely a question for the local bodies, to be decided with reference to the funds available.

2. It may, however, be mentioned that, when according, sanction to the levy of education tax by a local body, the local body is informed that the proceeds of the tax and the equivalent Government contribution should be utilised solely for the expansion of elementary education and that the amounts should not be diverted for the maintenance of existing schools or for revising the pay of teachers. As the funds available for the expansion of elementary education are limited, it is desirable that they should be primarily be utilised for the opening of schools in school-less centres, thus bringing the benefits of education to a larger proportion of the population (vide in this connection the orders of the Honourable M -2 on page 17 of notes to G.O.No. 1397 L.E. dated 29-8-24.) In special

120 2

cases, however, local bodies are permitted to meet the cost of revision of the salaries of teachers from the proceeds of the tax-vide para .2 of G.O.No. 1415 L.D. dated 15-8-25.

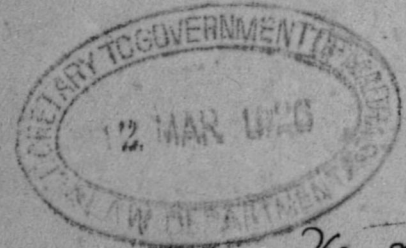

3. As regards private elementary schools, the pay of teachers in such schools is determined by the managements, and the Government do not interfere in such matters. The revision of the rates of teaching grants sanctioned in G.O.No. 1550 dated 4th September 1925 should have contributed to an ~~increase~~ increase in their emoluments.
