DEMAND XIX - EDUCATION - TRANSFERRED.

Mr. M. Ghouse Khan Sahib.

206

727. To reduce the allotment of Rs. 60,97,500 for

Primary Education by Rs.100.

- (i) To discuss that the Government be pleased to open separate Muhammadan Elementary School, wherever possible, in all villages where there are large number of Muhammadan population or to offer religious instructions according to the persuasion of each at Govt. cost.
- (ii) To discuss when the new Elementary Education Act is going to be introduced.

Law (Education) Department.

With the introduction of the Elementary Education Act, 1920, and the creation of District Educational Councils, the Government considered it desirable to withdraw as far as possible from the direct control of elementary schools in the plains. Accordingly, a number of elementary schools under departmental control have been transferred to the control of local bodies. In 1924-1925 and 1925-1926, the Government sanctioned the payment of special subsidies to taluk boards levying the education tax for the opening of 2294 board elementary schools in school-less centres with a population of 500 and above. Provision has also been made in the budget estimate for 1926-1927 for the opening of 566 additional board elementary schools. All these schools are open to all classes of pupils including Muhammadans. If the Honourable Member desires that schools should be opened in centres largely inhabited by Muhammadans, he should address the local board or the District Educational Council concerned.

2. The question of introducing religious instruction in elementary schools under public management is governed by rule 9 of the Madras Educational Rules. In respect of this question also, the Honourable member should address the local body concerned.

3. The question of amending the Elementary Education Act has been ordered by the Honourable the Minister to lie over for the present.
