DEMAND XIX . Education (Transferred)

p.231.

Mr. R. Veerian : --

70. To reduce the allotment of Rs. 60,55,300 for Grants to Local Bodies for Primary Education by Rs. 10 (To raise the question of non-admission of depressed classes into the schools).

Law (Education) Department

(i) Admission of pupils of depressed classes into elementary schools under public management.

In G.O. No. 329, dated 17th March, 1919 the Government issued instructions to local bodies to remove existing impediments to the free admission of pupils of the depressed classes into the schools under their management, by ~~the~~ the transfer of schools ~~local~~ in inaccessible places to places accessible to all classes of ~~pupils~~ . Annual reports as to the action taken by local bodies in the matter are being received by the Government. These reports show that the number of pupils of the depressed classes attending schools not specially intended for them is rising steadily year by year. During the period from 1920-1921 to 1924-1925, over 400 schools under the control of local bodies were removed to localities accessible to all classes of pupils. The number of Adi-Dravidas and Adi-Andhra pupils reading in schools not specially intended for them also rose from 4630 in 1920-1921 to 12942 in 1924-1925.

The Honourable Member has also from time to time brought to the notice of Government cases of schools in which pupils of the depressed classes are not admitted freely and suitable action has been taken in those cases.

(iv) admission of pupils of depressed classes into elementary schools under private management.

The Government cannot interfere with the internal management of private elementary schools and the question whether pupils of the depressed classes can be admitted into such schools should be left to the discretion of the managers.

3 As stated by the Honourable the Minister in answer to supplementary questions put at the meeting of the Council in March 1924, the

Government laying down principles, but the cooperation of the public is necessary to carry out these principles.
