Law (Education) Department

Extract of notes in the file ^{relating to} ~~about~~ the continuance of the manual training class in the Government Training School, Russelkonda.

Is this not covered by the recent delegation of powers to the D.P.I?

V.T.K.
22-2-26

With reference to Secretary's query it is submitted that in G.O.No. 1637 Law (Education), dated 19th September 1925, the D.P.I. was authorized to sanction the continuance of manual training classes in schools under private management only. Cases relating to the continuance of classes in Government schools or schools under local bodies have to be submitted to the Government.

The question raised by the Secretary ^(on the previous page) is examined below.

2. The powers of the Director in the matter of making additions and alterations in establishments in offices and institutions under him are as follows:-

(1) he may vary the number and rates of pay of permanent appointment provided that it does not involve any extra expense;

(2) in Government elementary schools, he may sanction the employment of additional permanent teachers or of temporary teachers for stated periods and their continuance for similar periods, provided that such addition is justifiable under the Madras Educational Rules, that the rates of pay of the teachers are in accordance with those sanctioned for teachers of similar grades and that no scheme is sanctioned costing more than Rs 1000 a year;

(3) in Government secondary, training &c. schools he may sanction temporary appointments of teachers on pay not exceeding Rs 75 (the minimum pay of L.T. school assistants) and of clerks, attenders and peons on minimum pay for a period of one year.

The delegation in clauses (2) and (3) above is subject to the condition that budget provision exists or that funds can be provided by reappropriation without reference to Government.

3. The delegation of powers now proposed refers to the continuance of manual training classes in secondary & training schools started for a stated period with the sanction of Government. Ordinarily the continuance of these classes involve the following expenditure:-

(i) pay of a manual training instructor at Rs 35 (the minimum of the time scale of pay of such instructor in permanent service i.e. Rs 35-35-1 $\frac{1}{2}$ -50-1-60) plus special pay of Rs 12 or 8 a month according as the instructor holds a first class or a second class certificate; and

(ii) contingencies at rates varying according to the number of pupils in the class and the circumstances of the locality.

The pay of the instructor and the amount for contingencies are fixed by the Government when the opening of the class is sanctioned by them. The Adviser to Government on manual training inspects the class and reports on the question of its further continuance. The D.P.I. and the Government are guided by the report of the Adviser. In the year 1925-26 about thirty cases of continuance of manual training classes in Government schools were sent up to Government and formal sanction was accorded in all the cases as a matter of course. There will be saving of work in the D.P.I.'s office and in the Secretariat (both Law (Education) and Finance Departments) if the Director is authorised to sanction the continuance of these classes and their eventual retention on a permanent basis, if the Adviser ^{and} the Director consider that such retention is necessary. If, however, this is considered as going too far, the delegation may be restricted to the continuance of the classes on a temporary footing. The opening of the classes in the first instance and their permanent retention after they have worked on a temporary basis for some years may be sanctioned by Government.

4. Another question may also be considered in this connection. In G.O. No. 1637, dated 19--9--25, the Director has been authorised to sanction the continuance of manual training classes in schools under private management subject to the following conditions:—
(1) that the proportion of the provincial grant to the total cost of the scheme fixed by Government is not exceeded, and
(2) that the expenditure is restricted to the provision available in the budget.

Manual training classes have been opened in Board and Municipal schools also and there seems to be no reason why the Director should not be authorised to sanction the continuance of classes in these schools subject to the same conditions. If the Finance Department agrees the further delegation may now be sanctioned.

4. The file may be sent to the Finance Department for remarks.

ORDER.
Mis.

No. 924, dated 19 5 192 6

In G.O.No. 1637 Law (Education),
dated 19-9-25, the D.P.I. was authorised to
accord permission for the continuance of
manual training classes opened with the
approval of Government in schools under
private management and to sanction grants
therefor subject to the following condi-
tions:--

1) that the proportion of the provincial grant to the total cost of the scheme fixed by Government is not exceeded; and

2) that the expenditure is restricted to the provision available in the budget.

The Government are now pleased to authorise ~~the~~ the Director to sanction subsidies for the continuance of such classes in individual schools under the management of local bodies also subject to the same

same conditions.

2. The Government also empower the Director to sanction the continuance for stated periods of manual training classes in Government institutions which were opened on a temporary basis with the sanction of Government and the retention of the establishment employed in connection with such classes. Proposals for the permanent retention of these classes and the staff should be submitted to Government for sanction.
