The Director of Public Instruction,

Madras.

Sir,

The College Rules (Article VIII (2)) require that candidates for the Entrance Examination of the Engineer Subordinate class, must have passed the Upper Secondary Examination or the Matriculation of the Madras University, and that they must submit their applications by the third Monday in March.

2. The results of the Matriculation Examination of December 1899 were cancelled by the University and a reexamination was held later. The results of this examination will probably be published about 24th March.

3. Under the circumstances, no Matriculate of 1900 is eligible to present himself for the Engineer Subordinate class.

4. The number of candidates registered so far for the College Entrance Examination shew that, unless some special concession is made this year, the competition will be less keen than usual, and the College class will be of inferior material.

5. I accordingly recommend that the time for the receipt of applications from Matriculates of 1900 be extended this year to 9th April. Your very early approval of this proposal is requested in order that a suitable notification may be published in the next issue of the Gazette.
