XVI. P. Jagannatha Rau was acting under me as embankment Superintendent when I was in Yernagoodem section. He was of such an ability as to keep under strict control the disorderly and Brutal ryots along the whole embankment and especially those of Kovur who used to find time either in the day or in the night to make use of the embankment and lankas for their cattle and spoil them however vigilant the embankment Supt, and lascars may be. I do not hear of any such good order ever existing on the embankment and lankas before this. He was ever obedient and used to conduct himself in a manner fully pleasing to his superiors.

The Executive Engineer

The Land Sub division Officer

Most honored Sir

I most humbly beg to bring the following few lines for your favorable and benevolent consideration.

I have acted as Sub overseer in L. F. Department for some time and embankment Superintendent between Polavaram & Vijayawada in this Division and then as Sub overseer in Rs 25 for some time and as Surveyor in the East coast and as Surveyor in the East coast Railway & I am now holding a Temporary Overseer's post in the Division carrying a salary of Rs 60 per mensem. I have held the above appointments for the last 14 years in the districts of Ganjam, Vijayawada & Godevadi. I worked also in the famine duty in 1897 in the Ganjam Division & worked hard even at the risk of my health to the entire satisfaction of my superiors vide item No. IX in the printed list of testimonials enclosed. The several copies of testimonials bespeak themselves how hard I worked, under many a superior and thereby rose from No 12 post to the present situation of an Overseer's post. While I was on famine duty in the Ganjam Division

Division in 1897. W. C. Demargen says
 My superior recognized my ability
 to work well as a Delta Superintendent
 & he also remarked that my
 services could not be spared until
 after the famine duty was over.
 After the famine duty was over,
 the local Government asked in
 November 97 the Superintending
 Engineer 1st Circle how I discharged
 my duties entrusted to me during
 the last famine. Whereupon both
 the Superintending Engineer 1st Circle
 J. C. Larmine says and the Executive
 Engineer Ganjam W. C. Demargen says
 strongly recommended me in
 appreciation of my good and hard
 work to be confirmed as Officer
 in No 60 per mensem. The Government
 accordingly appointed me as
 temporary Officer vide Government
 order No 1184 dt date 12-5-98.
 An account of my constant
 touring in out-door business
 in the malarious parts of Ganjam
 Vizapetam & Godavari. I had
 many a time narrow escapes
 from falling a victim to the
 evil consequences of malarious
 fevers which are very fatal.
 As hope is the predominant
 feature in a man's actions, I
 have undergone many difficulties
 both during last famine and
 other times as I was very sanguine

 hard work is no doubt the present
 situation.
 As the Officer post is a presiding
 appointment & is not serviceable
 I humbly beg that I may be
 favored with a serviceable appointment

 In conclusion I most humbly
 beg that your honor will be
 kind enough to favorably recommend
