OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
Madras, 8th December 1899.

No. 13639

From

G. H. Stuart, M.A., Barrister-at-Law,
THE HONORABLE MR. D. DUNCAN, M.A., D.S.C., LL.D.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

The Secretary to Government,
Educational Department,
Fort Saint George.

SIR,

I have the honour to submit the plans and estimates, received from the General Superintendent, Wesleyan Mission, Madras, for the construction of a hostel in Quindy for the use of the Native Christian students who are under training in the Teachers' College and its branches at Saidapet.

- The hostel is to be attached to the Wesleyan Mission Theological Institution, Quindy, and it is proposed to provide quarters for four married students and for twelve unmarried students. A certain building, already existing, is also to be repaired and adapted for use as library, reading room &c for the students under training as well as for evangelists. The total cost of these works

is estimated at Rs 11,169, out of which Rs 4,841 is estimated as the cost of the buildings to be used by the Evangelists and the balance viz Rs 6,328 is to be taken as the cost of the hostel proper, towards which a third grant is applied for.

I beg to recommend that a third grant of Rs 2,109 be sanctioned from Provincial funds under article 2 Chapter VIII of the Grant-in-aid Code. The grant may, if sanctioned, be paid when funds are available.

I have the honour to be

Sir

Your most obedient servant

G. H. Stuart

Director of Public Instruction

* It has been ascertained that this calculation was made by the P. W. Department. The Director's office simply accepted the figures, as it would in such cases.

BUILDING GRANT.

In the current the Director of Public Instruction recommends a grant of rupees 2,109 towards the cost of constructing a hostel in Guindy for the use of the native christian students who undergo training in the teachers' college and its branch at Saidapet. The hostel is to be attached to the Wesleyan mission theological institution at Guindy and will provide quarters for four married and twelve unmarried students including a number of evangelists.

2. The cost of constructing these quarters and of repairing an existing building and adapting it for use as library, reading-room, &c., is estimated at Rs. 11,169, the cost of the portion of the buildings to be used by the training students, towards which the grant is recommended, being Rs. 6,328.

3. It is for consideration whether the grant applied for can be sanctioned. Objections against the grant being sanctioned are the following:—

(1) The hostel is to be attached to a theological institution and not to an educational institution as required by article 2, chapter VIII, of the grant-in-aid code.

(2) The building is intended as a residence for married and unmarried students, whereas grants are not apparently payable for quarters for married couples.

(3) There is no information that four married and twelve unmarried students are being trained and will be trained annually at the teachers' college and its branch.

P. T. THARYAN,
19-12-99.

Submitted that from the letter of the Director of Public Instruction it might be supposed that the hostel proper is intended exclusively for students, and only the other building for the joint use of evangelists. But in the plan of the married students' quarters two rooms are marked for evangelists.

2. There can be little question that hostels were not intended for married students unless living en garçon, when separate quarters would not be necessary.

3. For the reasons given in the note above, the grant seems inadmissible.

Secretary—

R. W. D'E. ASHE.
20-12-99.

Grants can be given for "hostels or boarding-houses [for students] attached to educational institutions." The words I have enclosed within brackets were put in by the Hon'ble Mr. Grose—flag R, notes, page 13.

It may be taken that the educational institution must be one of a kind which could itself receive aid. But the theological institution, Guindy, is, I suppose, not meant for secular teaching.

The Young men's christian association hostel grant was very different. That institution gives secular teaching largely.

I do not say that a case could not arise when Government might grant aid to a hostel under management by religious persons, in which the inmates were students of the teachers' college. But if the Honourable Member will look at the plans, I think he

will have much doubt whether there can be any security that the grant shall not cover the theological students. One plan shows rooms to be utilized as lecture and class-rooms by teachers and evangelists; another shows the kitchen of the same; a third the latrines and bath-rooms; a fourth quarters for six evangelists and six teachers; a fifth married quarters for two evangelists

the building (plan 1) and hence are probably not students in the Government college for teachers. At any rate, there can be but little, if any, security that these quarters will always be kept for such students, and never be occupied by persons engaged in theological teaching.

Hence the present case cannot wisely be made an exception to the rule that the hostel should be attached to an institution which does or may obtain a grant-in-aid of its secular instruction.
