about 10 schools. The Director of Public Instruction,

however, doubted if one man could teach efficiently so many

schools separated by such long distances. The Director's

prophecy was soon found to be true. The instructor's range

was accordingly limited to the 5 villages numbered 1, 2, 3, 5 &

6 above, vide your Dis No 491/G of 98.

A fixed allowance of Rs.3 seems to have been

proposed apparently for the reason that the instructor would

draw more in the shape of travelling allowance by visiting

the villages originally proposed to be visited by him. The

villages comprising his present range are within a radius of

5 miles. He cannot be given any travelling allowance for

visiting them, the distance being within 5 miles from his

headquarters. The instructor cannot return to the head-

-quarters station every evening after finishing his work as

some villages are situated on the other side of the Godavari

river opposite to Polavaram. Under the circumstances it

is necessary that the instructor should be given fixed travelling

allowance or as already suggested by this office

the pay Rs.12 + Rs.3 fixed allowance may be treated as pay.

FOR ORDERS.

Flag B.

Cuo 1025

Cuo 1725.

In its order no 201 E.O. dt 2nd April
1896, Govt sanctioned the entertainment
of a Gymnastic instructor on Rs 12 per mensem
with a fixed monthly travelling allowance of Rs 3
for the Agency Schools in Polavaram Godavari
District. The Accountant General having
recently objected to the fixed travelling
allowance, the D.P. requested in the first
of his letters read above that either the
sanction of the Govt of India might be
obtained to the grant of the allowance or the
pay of the Gymnastic instructor might be
raised to Rs 15 with retrospective effect from
the date of his entertainment. Upon this the
D.P. was requested to explain the necessity for
a fixed travelling allowance in preference to
the ordinary allowance admissible under the
C.S.B. It is accordingly now stated that
when the appointment was originally created
the

the jurisdiction of the gymnastic instructor was so extensive that the ordinary travelling allowance payable to him ^{in a month} would have been more than Rs 3 and it was therefore proposed to fix it at this figure. It is also stated that the limits of the jurisdiction have now been so narrowed that the gymnastic instructor will not under the ordinary rules be entitled to any allowance at present for travelling. and that it is therefore necessary to give him a fixed allowance for ^{the} travelling work which he will nevertheless have.

It is submitted that under the circumstances the Govt of India will not apparently be prepared to sanction this fixed allowance. On the other hand it will be a hardship if it is discontinued since it has all along been drawn by the incumbent. The best course seems therefore to be to add it to the gymnastic instructor's pay. As observed in the note at flap C this will no doubt increase the pensionary liabilities on his account but the increase is very trifling. Submitted that the Govt of India if sanctioned however it seems unnecessary to give it retrospective effect to the sanction.

The village are now in a 5 mile ring. Hence he cannot get T.A. Submitted that we may find out how often he goes his rounds. - If he has much travelling he might get conveyance allowance C.S.R. 1178 11-11-99

The proper thing to do seems to be to ask the Govt of India for a conveyance allowance under 1181. C.S.R. - There are similar cases. e.g. Mr. Drawing Master at Patna - and Pandit in Calcutta.

This also requires the sanction of the Government of India. This is the done under the Secy's verbal orders; also ask D.P.I. to recommend amount of allowance. 18-11-99

With reference to his letter no 12473 dated the 11th Nov-99 the D.P.I. is requested to ascertain and report the number of times in a month the gymnastic instructor visits each of the ^{in his present jurisdiction} five schools, for the purpose of giving instruction. He is also requested to state the amount of conveyance allowance which he ^{would} recommend ^{for the gymnastic instructor} to compensate him by such an allowance for the travelling he has to do.

SIR,

With reference to memorandum No 541, dated 21st November last, regarding the conveyance allowance to be paid to the circle gymnastic Instructor, Polavaram Agency, I have the honour to state that the Instructor visits three of the schools four times and the remaining two three times in one month and that he so arranges his programme for the next month that the former get only three visits and ~~that~~ the latter four visits. The delay in submitting this reply to Government is due to the fact that the information had to be called for from the Senior Superintendent of Hills Schools, Godavari Agency.
