Letter from C. J. Necker Esquire, Executive Engr.,
West Coast Sn, No 372. S. E. of 10 July 00:—

With reference to your No. 337 of 26th June/00, (herewith returned) I have the honor to report that judging from applications recently received, it is probable that passed men could be found to fill the posts if physical qualifications, and the claims of the men recommended are to be regarded as of no account.

2. In filling two vacant appointments lately, four passed youths were inspected by me. Physically they were all poor specimens, but in order to comply with rules the two fittest were selected. I would, however, have preferred appointing able bodied young men who had passed no examination.

NOTE FOR THE ASSISTANT SECRETARY.

Please see the note on Cnos 710 below.
The P.W.D. was requested to report whether
passed men are not now available.

In reply the Executive Engineer now
says that "it is possible that passed men
could be found to fill the posts if physical
qualifications and the claims of the men
recommended are to be regarded as of no
account."

It is submitted, ^{however} that the men
recommended have no "claims" whatever
for permanent appointment. They were
employed as a temporary arrangement &
their services should have been dispensed
with the moment passed men became
available. As regards physical qualifications
it seems difficult to believe that able bodied
men can be found only among unpassed
candidates.

Some of the P.W. officers ap.

strongly.
