Calcutta, the 13th December 1899.

Sir,

In reply to your letter No. 772, dated the 20th November 1899, I am directed to say that the Government of India sanction the payment of an honorarium of Rs. 750/- each to Mr. H. A. Moss, General Superintendent Public Works workshops, Madras, and M. R. Ry. K. Subramani Aiyar, Head Master, School of Commerce, Calicut, and of Rs. 600/- to Mr. A. Chatterton, Professor of Engineering, College of Engineering, Madras, for having taken part in the Government Technical Examination held in April 1899.

2. The Government of India observe that the sums to be paid to the Examiners are largely in excess of the fees realized in connection with the Examinations, and I am to inquire whether it would be possible to make the Examinations self-supporting as has recently been done in the case of the final Examination of the College of Engineering, Madras.

I have the honour to be,

Sir,

Your most obedient Servant,

R. Nathan

Under Secretary to the Govt. of India.

Self supporting I am directed to state that His Excellency the Governor in Council has already had the matter under consideration G but has arrived at the conclusion that in the present state of technical education in this Presidency the exam^s must necessarily be expensive ^{that} it is not advisable either to raise the fees for candidates or to reduce the maximum remuneration payable to examiners. The rates of fees & remuneration are as shown in the statement forwarded with Mr. Gammick's letter No. 6088 of 12th Sept. 1898. A question has however been raised whether in the case of remuneration to examiners a graduated scale may not be fixed with reference to the difficulty of the subject and this matter is still under consideration.

I am at the same time to observe that as shown in the statement above referred to these exam^s are only a few of those under the control of the Council for the exam^s. and that as to financial matters the Commission must be looked
