His Excellency

Governor in Council

(Through the Collector of Bellary)

The Humble Memorialist of Francis Jackson
Sanitary Inspector, Ambulance Staff, Plague Dept.

Mount Bellary.

Respectfully Sheweth,

That your Excellency's humble Memorialist

begs to submit the following Memorial for your Excellency's

generous and benign consideration.

2. That your Excellency's humble Memorialist was first appointed on the 21st of January 1899, by the Sanitary Commissioners for Madras as a Sanitary Inspector in the Third Ambulance Staff, Bellary, and afterwards became a Plague Circle Inspector, where your Excellency's humble Memorialist gave entire satisfaction, as will be seen from the certificate attached. On the Group being abolished, the late Collector of Bellary was pleased to post your Excellency's humble Memorialist to the First Ambulance Staff, notwithstanding the Sanitary Commissioners' rule that only Certificated Sanitary Inspectors were to be appointed to such Ambulance Staffs, which special exemption the late Collector of Bellary had been pleased to make for the satisfactory work shown by your Excellency's humble Memorialist while on Plague duty.

3. That your Excellency's humble Memorialist while in the Third Ambulance Staff at Bellary, was highly recommended by the then District Medical and Sanitary Officer, Bellary, to the Sanitary Commissioner for Madras for a Supervisor's post, as your Excellency's humble Memorialist had conducted his duties to the entire satisfaction of all his superiors while on actual Plague duty.

4. That your Excellency's humble Memorialist was on actual Plague duty at Camp Kumbalgere and Hospital, and worked with zeal and energy in the disinfection of houses, villages, and household effects, in the disinfection of personal effects, in the disinfection of persons, in the detection of plague cases, and also in the burning and burying of plague corpses, according to the caste prejudices of the people, to help in stamping out the aforesaid epidemic in this district.

5. That your Excellency's humble Memorialist has passed the Lower Secondary examination in the Second Class, and was studying in St. Mary's College Madras, in 1896, for the Matriculation examination of the Madras University, but owing to straitened circumstances then your Excellency's humble Memorialist was obliged to discontinue his studies.

That upon leaving school, your Excellency's humble Memorialist obtained employment under the Salar Government in the Public Works Department.

(Copies of testimonials respectfully attached.)

7. That as your Excellency's humble Memorialist has learnt that your Excellency has been graciously pleased to relax the Educational Rules in favour of several persons employed on actual plague duty by exempting them from passing the test in Secondary Examination (vide marginally not members) he respectfully begs to request that a similar indulgence may be extended to him also in view to his furthering his prospects in obtaining a permanent appointment in consideration of his present perilous and arduous duties in the Plague Department of your Excellency's Government.

I HAVE much pleasure in certifying that MR. F. E. JENKINS served under me as a Plague Inspector at Circle No. 18, Teligi, in Harpanahalli Taluk. He worked with great zeal and energy, and greatly improved the sanitation of his Circle, and was always punctual and attentive to his duties. He paid particular attention to the checking of Passports and Plague Rules and Regulations. He was one of the most reliable and trustworthy Inspectors working under me. The Group now being abolished, I hope he will be sent to some other Group, and I wish him every success in life.

C. No. 1034 of 1900.

SUBJECT.

Exemption from the examination rules.

FOR ORDERS.

As to whether the exemption, applied for, should be granted. The applicant is employed on plague duty in Bellary and this is made the chief ground for the application, but the Collector ^{states that he} has "no recommendation" to make on his behalf.

Of the seven persons mentioned in the concluding paragraph of the application, only one - no. 1 - was exempted on account of plague work. Nos. 2, 3, 5 and 6 were exempted for other special reasons. No orders exempting nos. 4 and 7 can be traced.
