CHIEF SECRETARY
23 JUL 1900
GOVERNMENT OF MADRAS

SIR,

I am directed to invite a reference to the Government of India Home Department Resolution No. 64-74 dated the 8th February 1900, in which certain orders were issued on the system under which text books are prescribed for all classes of Schools and Colleges and on the Constitution and power of text book Committees.

A G.O. 94 Edl. 1/7/00

2. This Resolution contained the following instructions:—

(a) The precise definition of the position of the Text Book functions of the Text Book Committee should be limited to advising Local Governments who should themselves ultimately select the books and publish authorized lists in the Official Gazette, a standing rule being made that no text book shall be referred to the Committee till the opinion of the Director of Public Instruction has first been taken.

(b) The Constitution of the Committees, the need of securing a proper proportion between official and non-official members, and the

text books used in aided and private unaided schools it was laid down that:—

(1) the managers of aided schools should be required to adopt no text book not included in the authorized list;

(2) a condition should be made that candidates from an unaided school are liable to be excluded from any publ examination for passing whi a certificate is given or fro a competition for a Governme

(3) the Government of India and Local Governments should retain the right to prescribe any book for all Government or aided Schools.

(d) Draft rules embodying these proposals were to be made and submitted to the Government of India.

With regard to (a) and (c) Separate
s will have to be framed for Coorg, and
Chief Commissioner considers that it is
nable that these should be on precisely
Same lines as those framed for the
dras Presidency. Colonel Robertson
uld therefore be obliged if with the

. According to para 10 of the

to above, and the new rules
t passed by this Govt., a
ovincial Committee should
t consist of more than 20
embers. The Madras Committee
ready consists of 26 members
it has therefore to be reduced

is for consideration whether out

rules also do not allow of any

4. It is presumed that the

Bangalore to be represented on
the Committee. The schools
that station also are now under
Madras supervision.

The objections raised in

of much force.

be to ask the D.P.I.[x] f
