CURRENT No. 1872

From The D. P.

Endorsement N: 579
Order. 12-12-99.

Referred to the P.W.D for
remarks as to when the work of
laying a gas main to the Engineer
at the Presidency College & the College
of Engineering, Madras will be
put in hand. It is observed from
form 3122W of 30-11-98 that the work
has been entrusted to Messrs. Mansfield
& Co.

CURRENT NO. 1872 OFFICE OF
PUBLIC INSTRUCTION,
Madras, 2 Dec

No. 13412

From

G. H. Stuart, M.A., Barrister-at-Law,
THE HONOURABLE MR. D. DUNCAN, M.A., D.S.C., LL.D.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE SECRETARY TO GOVERNMENT,

Educational DEPARTMENT,

Fort St. George.

SIR,

With reference to G.O. No. 2697 W, dated 11th
October last, I have the honour to state that the Principals
of the Presidency College and the College of Engineering
both consider that the work should be carried out at once.
The former officer writes as follows:-

"The gas fittings in the Physical and Biological
Laboratories were finished eight months ago, but no use can
be made of them until the gas main is put in. Gas is now
being manufactured for the Chemical Laboratory only and the
cost of making it on this small scale is proportionately
much greater than if the apparatus were used to its full
capacity!"

Moreover, the Professors of Physics and Biology think that
the cold season is the best for practical work and that
will be entirely lost if the work is put off till next

"I have further to request a reconsideration of clause
5 of G.O. No. 2697 W, dated 11th October 1899, and permission to
carry out this portion of the work departmentally."

"If pipes are to be obtained from England it will be
many months before they reach Madras, while if I am permitted
to carry out the work I can have it completed easily in a
week!"

has been installed in the workshops and has been standing idle for the last twelve months for want of gas.

It is considered very desirable in the interests of the Government that a series of comparative tests between oil and gas engines should be instituted and this can only be done when the gas main is laid.

3. In these circumstances, I beg to request that the necessary funds may be made available for laying a gas main departmentally as suggested by the Principal, Presidency College.

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart

Director of Public Instruction.

500-17 11-99.

Financial R.O. No 454 223

NOTE FOR THE C.S.

The estimate for laying a gas main to the engines at the Presidency and Engineering College is placed at Rs 3,108 less a sum of Rs 2,879 which is for the work in question as follows:

original estimate 28

supplemental 1,283

Total Rs 3,108

Expenditure up to end of 1898-99 26.6

Grant for current year 2.0

Remainder Rs 2.8

2. As the work is stated to be of an urgent nature, and the P.W.D. has no funds to complete the work, it is submitted that the amount required may be placed at the disposal of the P.W.D.
