Order Forth A.

The Director wants the early sanction of Govt for the entertainment of the two temporary assistants in question. From the Accountant General's endorsement at the foot of the Director's letter, however, it seems that the re-appropriation statement submitted by the latter is not correct and that there is very little likelihood of any savings being available under "stipends" to meet the charge.

Unless this point is cleared up, it is doubtful whether financial to which the proposition & reappropriation statements have to be transferred, will sanction the application. Perhaps the Director may be asked U.O. to furnish the necessary explanation.

From

THE HON'BLE MR. G. H. STUART, M.A., Barrister-at-Law,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE SECRETARY TO GOVERNMENT,

Educational DEPARTMENT,

(Thro' the Accountant-General), Fort St. George.

SIR,

I have the honour to request the early sanction

of Government for the employment of two additional temporary assistants in the Practising Section of the Training College, Rajahmundry, for five months from the 1st July 1900 at a total cost not exceeding Rs. 650, the necessity for which is explained below.

2. In September 1899 Mr. H. S. Duncan, acting Principal of the College, reported that, under the old system of admitting new students into the Training Section twice in the year—the first and second grade collegiate students in the first term and the secondary and primary grade students in the second term—it was impossible to begin the regular work of the Practising section as soon as the college reopened after the two long vacations, and that nearly three weeks were wasted at the beginning of each session; and he therefore proposed to admit secondary and primary grade students only in January each year along with other students of the higher grades. The above proposal was sanctioned by Dr. Duncan and students of the lower grades were not admitted at the beginning of the second term this year. This has considerably reduced the number of students available for teaching work in the Practising section. The strength of the Training section will, however, reach the normal figure in January next on the

admission of secondary and primary grade students.

3. Further, owing to the great increase in the number of admissions into the upper secondary forms two new sections have been formed and Mr. Stone reports that it is not possible to arrange for efficient instruction of these sections with the existing staff.

4. The necessary reappropriation statement as well as the proposition statement is submitted.

I have the honour to be,

Sir,

Your most obedient servant,

Director of Public Instruction.

Accountant-General's Office,

The entries in the column of "Present scale" have been compared with the Registers of this Office, and are correct. The proposal is ^{within} the sanctioning powers of the Local Government.

The actuals ^{up} to the end of June 1900 under Training schools for Masters-stipends are in excess of the proportionate grant and of the corresponding actuals of last year by about Rs. 6000.

As the prospect of Savings under "stipends" appears to be small, the charge Rs 650, can be met from the provision of Rs 960 for house rent for the Principal, Teachers' College Saidapet in the budget for the current year - 22 Government Colleges, Professional.

This amount remains unutilised as the Principal occupies the Vice-Principal's quarters.
