Office of the Consulting Architect

Chepauk, Madras,

21<sup>st</sup> June 1900.

From

G. I. T. Harris, Esq.,

Consulting Architect

to the Government of Madras,

To

The Chief Engineer,

Public Works Department.

Sir,

✓. Enclosures.

With reference to G.O.No. 1729-W dated 11th June

1888, I have the honour to submit herewith the annual Register of tools, apparatus &c: at the Madras School of Arts.

2. The articles were counted and examined by Mr W.G. Molesworth.

I have the honour to be,

Sir,

Your most obedient Servant,

G. I. T. Harris

Consulting Architect to Government.

C. No. 868/1500 Educl. Dep.

(Return of tools in the School  
NOTE FOR THE of arts.)

This current has been  
delayed for weeks in  
consequence of the loss  
or mislaying  
of an original P. 4. order  
for which an application  
was made. I think the paper  
may be disposed of without it.  
2. The return is, I submit,  
quite useless, & should  
be abolished. It took  
its rise in 1888, the  
late Mr. Jeff considering  
that the "interests of the  
State" would suffer unless  
there was an annual re-  
port of a "specialist"  
on the manner in which  
Govt. money was being  
expended on the industrial  
branch of the School of  
Arts & as to whether it  
was being worked economically,  
"systematically & efficiently."  
3. It was decided that  
the Comr. Architect should  
examine the tools, apparatus  
& so on, while there was  
to be a separate auditor

G.D. 310, Educl. (V)  
23 May, 1888.

by the Accountant Genl.  
But the Accountant Genl.  
pointed out that such  
an audit was quite super-  
fluous. Genl. thereupon  
cancelled the order for  
an annual audit.

The "vis inertia" <sup>Official</sup> of  
administration" appears to  
be responsible for allowing  
the rest of Mr. Jiff's  
plan to remain in force  
until now.

<sup>Assistant Engineer</sup>  
Gently, the ~~Assistant Engineer~~  
makes a list of the tools,  
& sends it to the ~~ENR~~.  
Caus: Architect in the Can:  
<sup>passes it on</sup>  
Selling Architect to the  
P.W. Dept. The P.W. Dept.  
forward it to the Educat.  
dept. & the Educat.  
dept. in turn communicate  
it to the D.S.I. From  
enquiries made, it is  
understood that the D.S.I.  
files it!

Obviously, whether there  
is or profit <sup>will</sup> in this. If

\* To know a phrase from Sir  
Henry Gule H.P

NOTE FOR THE

wishes to know, as the Lt.  
whether the School of War  
is being "worked economically,  
systematically, & efficiently  
counting how many "chisels"  
of one size or another  
there were on a certain date,  
how many "pencil points" were  
issued during the year,  
whether one "toothbrush" was  
in stock at two when the year  
closed, wait for anything;  
some better plan should be  
devised.

7. Stock must be taken at  
times, but it doesn't require  
an expert "specialist" to  
make an inventory of  
articles.

The fact is that Mr.  
Jiff doesn't seem to have  
been quite certain what  
he did want; his proposal  
about the audit was evidently  
made in ignorance of the  
methods of the Finl. dept.  
& also of what his own office was doing,  
as the Acct. Genl. showed

Scheme when  
his truncated ~~scheme~~ was  
by receipts for the purpose  
he had in view.  
The Madras School of  
arts is like any other  
department or branch;  
it should be managed  
"economically" & "efficiently".  
But that ~~is~~ ensured  
by taking stock in an  
aimless way, & passing the  
list from one office to  
another, ~~which~~ <sup>exhibiting</sup> equally  
to make any use of the  
information in it.  
I venture to think that  
the first paragraph of  
G.O. No. 310 Ed., 23<sup>rd</sup> May  
1888, should follow the  
second paragraph; &  
be cancelled.)

I put up a draft order  
for approval.

The preparation of the

Cons. Architects' letter of  
the 21<sup>st</sup> June last, No. 823,  
appears to serve no  
useful purpose, & Govt.  
resolve to cancel the

Instruction will be re:

to ~~be~~ <sup>of the</sup> ~~arrange~~ <sup>Board of Arts</sup> ~~for~~  
having the stock taken  
departmentally once  
every year.

Stock is usually taken every year in  
both departments. It should be so  
taken here - but government need not  
be troubled into a detailed report  
every year.
