OFFICE OF THE DIRECTOR OF

PUBLIC INSTRUCTION,

Madras, 20 AUGUST 1900.

No 8264-

From

THE HON'BLE MR. G. H. STUART, M.A., Barrister-at-Law,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE SECRETARY TO GOVERNMENT,

Educational DEPARTMENT,

Fort St. George.

SIR,

Article XI ii (a) of the Rules of the College of Agriculture seems to draw a distinction between "younger revenue officials" and "candidates eligible for admission into the College" under article VIII (i). I have the honour to enquire whether, in the event of a Collector's nominee for an agricultural scholarship being a younger revenue official of his district he need not necessarily be one possessing the minimum general educational qualification required for candidates for admission under Article VIII (i) of the Rules. (2). If, however, Government thinks that all candidates, whether revenue officials or not, who seek admission into the College of Agriculture and who apply for the scholarships tenable therein should have passed either the Matriculation or the Upper Secondary Examination under Article VIII (i) of the Rules, I beg to request that under the circumstances stated below, one Muhammad Azizuddin may be exempted from passing either of the above examinations.

Muhammad Azizuddin passed the late Middle School Examination in the 1st class and entered the Revenue Department in Trichinopoly at a time when candidates possessing such qualification were declared eligible for superior appointments in the Government service on Rs. 15 and upwards.

On the Collector of Trichinopoly recommending him for a scholarship at the College of Agriculture as one of the younger revenue officials of the district deserving of encouragement, the acting Principal of the College admitted him last month and has applied for my sanction to his admission and to his being awarded one of the special scholarships under article XI (iii) of the Rules, Trichinopoly not being included in the list of districts for which a district scholarship has been allotted this year. As I am in doubt as to whether Azizuddin should have passed the Matriculation or the Upper Secondary Examination in order to be eligible for a scholarship, I refer his case for the orders of Government.

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart

Director of Public Instruction.

SUBJECT.

Admission of Muhammad
'Aziz ud-din into the college
of Agriculture.

FOR ORDERS.

It is submitted that the rules cannot be assumed to contradict one another in any way. Under clause (i) of ~~rule VIII~~ the minimum qualification for admission into the College of Agriculture is the Matriculation or the Upper Secondary examination and under clause (ii) candidates who do not possess this qualification can be admitted only as paying students. It seems therefore plain that the "younger revenue official" who may be selected for a scholarship under clause (iii) (a) of ~~rule XI~~ ^{article} must possess the minimum qualification prescribed for admission into the College.

2. Under the old rules the minimum

80 no 493 d/11th August 1898.

minimum qualification for admission into the College was the middle school examination, first or second class. The qualification for entrance into Govt. Service ^{then} was the middle school examination, first class. It was therefore unnecessary to provide that the revenue official selected must possess the minimum qualification required for admission into the College. The qualification for entrance into the public service as well as for admission into the College was subsequently altered and new rules were framed, revised and promulgated. It was therefore unnecessary to make any provision in the new rules, ^{also} to the effect that the selected younger revenue official must possess the minimum qualification ^{under these rules} required for admission into the College. The possibility of any of these officials possessing only the minimum qualification prescribed in the old rules for entrance into the public service was, ^{however} apparently overlooked and hence the present difficulty.

3. It is submitted therefore that Muhammad Aziz-ud-din is not eligible for a scholarship under the rules for the College of Agriculture, ^{as the student} since candidates who do not possess the prescribed educational qualifications can be admitted into the College only as paying students - Vide ^{Article} ~~Rule~~ VIII (iii). He has therefore to be exempted for this purpose and in the special circumstances of the case, it is submitted that exemption may be granted.

The Government consider that the nominees of Collectors under article XI(ii)(a) of the rules of the Saidpet College of agriculture must possess the educational qualifications specified in article VIII(i), and that Muhammad ibyig-nd-din is not eligible at present for a scholarship unless he is specially exempted from the operation of the ~~last~~ article last mentioned. He will now be exempted accordingly.
