Resolution.—In Home Department Circular of the 2nd February 1895, it was observed that the practice of the Government of India had hitherto been to provide first-class passages by railway as well as by steamer for persons selected to hold Gilchrist and Government scholarships tenable in England, but that the Governor-General in Council inclined to the opinion that the provision of first-class fares in these cases was quite unnecessary. Before making a change, however, the opinion of Local Governments and Administrations was asked in the matter.

2. It is reported that scholars returning from England have frequently asked for the grant of a second-class passage and of the difference in money between the cost of first and second class fares, and the authorities consulted are unanimously in favour of the reduction proposed. It has accordingly been decided that the practice of providing first-class accommodation by railway and steamship for Gilchrist and Government scholars shall be discontinued. It is, therefore, notified that in future second-class accommodation only by railway in India and on the sea voyage to London will be allowed to persons selected to hold Gilchrist or Government scholarships tenable in England.

Order.—Ordered, that a copy of this Resolution be forwarded to all Local Governments and Administrations for information and communication to the authorities of

the * and to ^{other} the Educational authorities in the ^{Madras Presidency} ^{etc.}; also to the Registrar of the Calcutta University for information.

Ordered also that the resolution be published in the supplement to the *Gazette of India*.
