To

THE SECRETARY TO GOVERNMENT,
Educational DEPARTMENT,
Fort St. George.

SIR,

H

As directed in G. O. No. 212, Educational, dated the 21st May 1900, I have the honour to submit, for the approval of Government, a draft of the additions to be made in the Public Service Notification with reference to the recommendation of the Board of Revenue, Revenue Settlement, as to the qualifications required for the post of 'Minor Irrigation Maistry'.

I have the honour to be,
Sir,
Your most obedient Servant,

G H Stuart

READ Memorandum from Government, Revenue Dept., No.304 dated 27" August 1900.

Resolution.-

GO 743 / 5-12-98 : J

In consideration of the small number, viz 7 of the appointments in the grade of Minor Irrigation Maistry, the low pay viz. Rs.20 per mensem attached and the absence of prospects of promotion, the Board is of opinion that no general educational test is necessary in the case of candidates for the post. It would appear that no educational qualification is required for admission of candidates to the Artisan Class of the Civil Engineering College which is made by selection from persons who are employed as maistries or artisans or from persons who have some practical knowledge of the building trades or from the sons of maistris and artisans-Vide page 10 of the Rules relating to the ~~construction~~ constitution and working of the College of Engineering, Madras, printed ~~with~~ in the Calendar for 1899.

Educational DEPARTMENT.

C. No. 817 of 1900

SUBJECT.

An addition to the Public Service Notif.

FOR ORDERS.

In connection with the question of temporarily exempting one Subbu Singh from the examination rules, for employment as a Minor Irrigation maistry, the Bd of Rev. consulted the C.E. (Irrigation) as to the qualifications that should be demanded of candidates for the post of Minor Irrigation maistry The C.E. stated that it seemed to him advisable to limit the obligatory tests required of them as far as possible and that it would be sufficient if, in making appointments, preference were given to candidates possessing a certificate of having passed through the artisan class of the College of Engineering or to

c1579 rec 9/9

Agricultural students who had passed in Agricultural Engineering and Surveying and Levelling.

H

H

2. In para 3 of its Pro. no. 1770 Misc. d 9th April 1900, the Bd of Rev. requested that the C.E's suggestion might be accepted and embodied in the Public Service notification. In para 2 of G.O. no. 212 Ed dated 21st May 1900 the Govt. approved the proposal of the Board and requested the Commissioner for Govt examinations to submit a draft of the addition to be made to the Public Service notification.

H

3. In cuo. 817 the C.G.E. submits the draft called for. It takes the form of a note to clause (9) of art. 3 of the Public Service notification. But this clause (as submitted) ~~is~~ relates to certain appointments in the P.W.D. A note relating to an appointment in the Rev. Dept cannot therefore be added to it.

K

A

Minor Irrigation maistries ~~is an~~ are ~~appointment in~~ under the Rev. Dept.

yes. A.S.

Moreover the intention is not to exclude the minor Irrigation maistry from the operation of the examination rules altogether but to grant him a certain concession. The addition should therefore be made to art 4 which deals with such concessions. The following draft of a clause which should be added to art 4 is accordingly submitted for approval:—

"(15) Candidates for the post of minor Irrigation maistry are ~~only~~ required to produce a certificate of having passed through either the artisan class of the College of Engineering or ~~a certificate of having passed~~ the intermediate examination in Agricultural Engineering and Surveying and Levelling (special), but are not required to have qualified according to art. 2."

From page 74 of the Calendar of the Commr. for

Govt Examinations for 1899-1900 it will be noticed that there is only one grade (the intermediate grade) for the examination in Agricultural Engineering and Surveying and Levelling (special).

PJ
28/6/00

The objection, ~~[illegible]~~ above, in para. 3 of the note, to the C. E.'s draft notification is sound, & the suggested clause under article 4 appears to be better.

TR
28-6-00

2. But as these minor irrigation maistries are under the Revenue dept., we may ~~[illegible]~~ send the papers u/o to that dept. for concurrence or remarks.

Rev. U.O. R. No. 452/4-7-00

Edl. U.O. D. No. 104 of 4.7.00.

K

To Under Secy.

Articles 1 and 2 of the Public Service Notifn prescribe for 'Inferior' appointments in the Public Service the Primary, 5th or 6th Standard or the Lower Secondary Examination, and for 'Superior' Appointments the Upper Secondary or the Matriculation Examn. Under Art 5, again, candidates for superior Appointments are to pass certain professional or technical tests in addition to the general qualifications required of them by Art. 2. The Chief Engineer for Irrign considers that it seems advisable to limit, as far as possible, the obligatory tests required of a Minor Irrign. Maistry, and that it will be sufficient if in making new appointments preference is given to candidates who possess a certificate of having passed through the Artizan class of the College of Engineering, or to agricultural students who have passed in Agricultural Engineering, Surveying and Levelling. ~~The Chief Engineer accordingly~~ in

Para 2 of Mr Hughes' letter in BP 1770/9-4-00 under GO 212/21-5-00 H

Govt has accepted this in G.O. Educl 212/21-5-00
H.J.
18/8

6

only to the professional or technical qualifications that are required of a Minor Irrign. Maistry, and his opinion seems to have no reference to the general educational test required under Art 1 or Art 2 of the Public Service Notifn.

The post of a M.I. Maistry, which carries a pay of Rs 20 per mensem being, however, under Art 434 and 435 of the C.S.R a superior appointment, Art 2 of the Public Service Notifn applies, and the proper place for the insertion of the proposed rule about technical tests seems, it is submitted, to be under Art 5 in Schedule B.

GO 743
5-12-98
J

Me
31/7/00

2. It is, however, a question for consideration whether any general educational tests such as that prescribed in Art 2 of the Public Service Notifn are necessary for M.I. Maistries. The note submitted by the Commr. for Govt. Examinations dispenses with the requirements of Art 2 altogether; the

L

Educational

7

11

Educational Dept in a revised clause to be inserted under Art 4 does the same, but makes the special test compulsory; but this latter is opposed to the Chief Engineer's suggestion which is only that "preference should "be given to candidates &c ..."

page 3 above

If it be considered that no general educational tests are necessary, a clause to that effect but different for the reasons stated above from the clause suggested by the Edl. Dept may, it is submitted be inserted under Art 4.

C.no 5707
N

In reply to O.M. 304/27-8-00, the Board of Rev. says that in its opinion no general educational test is necessary in the case of candidates for the post of Minor Irrign. maistry. The Dept may, it i this view. The Chief Engr's suggestion regarding technical tests may therefore be given effect to by inserting an addition to note 9 in Article 3 of the Public Service Notifn. as originally proposed by the Commr. for Govt. Examinations.

Edl. Cir 817 below.

RS
13.9.00

Secy

If the Bd's present suggestion ~~[illegible]~~ is accepted (& there seems no objection) that no general test is required, the only rule to be expressed in the Educl notifcn is that for the appointment of minor irrign maistries preference shall be given to candidates who have passed certain technical tests (enumerated by the C.E.)

How this rule should be appropriately inserted into the Educl notifcn is a matter which Educl will settle.

Elle
14/9/00

18/9/00

The objection raised at A on p. 2 of these notes holds good of course: it is clumsy to provide for the case of these revenue servants by a footnote to a subclause relating to public works servants, & ~~of course~~ the C.G.E. would not have suggested that place if he hadn't supposed ~~[illegible]~~ the men in question to be under the P.W. dept.

2. The simplest plan will be to add a subclause, numbered (16), to article 3 of the Public Service notifn. running as follows:

=

"(16) Appointments of minor irrigation maistries in the Revenue department. ~~At~~ Preference ~~will~~ shall be given to candidates who possess a certificate of having passed through the artisan class of the College of Engineering and to agricultural students who have passed in agri:cultural engineering, surveying & levelling."
