Dear Sir,
I am in receipt of your
communication of the
10th inst. regarding the
subject of a Department of the
Interior. I am sorry to find
that you have the views of the
Guild on certain points in
the same point in the
same communication. I am
sorry to find that the
information of the Government
is not as to the nature
of the representation intended
to be made.

I would desire you to thank

information given by you

so is before the Government

We have no wish to interfere

with the prevention of the
frustration of disloyalty
or sedition, but we desire to
ask H.E. in Council to continue
to loyal teachers in this respect
that freedom of action which
they have hitherto enjoyed.

Connected with this, though
rather less restrictive, is III. 10.
of the Educ. Rules, the effect
of which is to put all teachers
in Board & Local Fund Schools
under the restrictions which are
imposed legitimately enough
upon Govt servants but for

which their teachers have
hitherto been free. 7

6
III. There are two minor changes
which affect us. In the Educ.
R. to II. Art. 35 of it is laid
down that "unbecoming beha-
viour on the part of a student
outside the premises of a
school or college shall when
brought to notice be dealt with by
the head of the institution."
With the object of this rule
we sympathise but we are not
sure that it can best be attained
by the rule; & we can see
abuses to which its introduction
may lead.

Educ. Rules part 32. III. directs
that "In the attendance register,
the Manager or Headmaster
shall at the end of each term
briefly note the conduct

1/ of the student during the year.

This certainly shows work upon teachers, without as far as we can see any corresponding advantage. At the same time it seems to us to be uncharacteristic in its effects. If properly carried out it will place upon our performers to record the very defects the traces of which it is the work of discipline & education to so obliterate.

As directed by H.E. we have thus indicated generally the representations which we desire to make to H.E. in Council. We shall be ready to set them forth fully at the interview which H.E. has graciously promised to our delegates in January. By that time

By that time I (8)
we believe H.E. will have received a Memorial from Managers, Proprietors & Head Masters of Aided Institutions, & all parts of the Prerelency, in which Memorial are set forth some of the more obvious objections to the changes above referred to & others introduced into the Educ. Act & Grant in Aid Code; & thus he will be in a better position to understand our point of view.

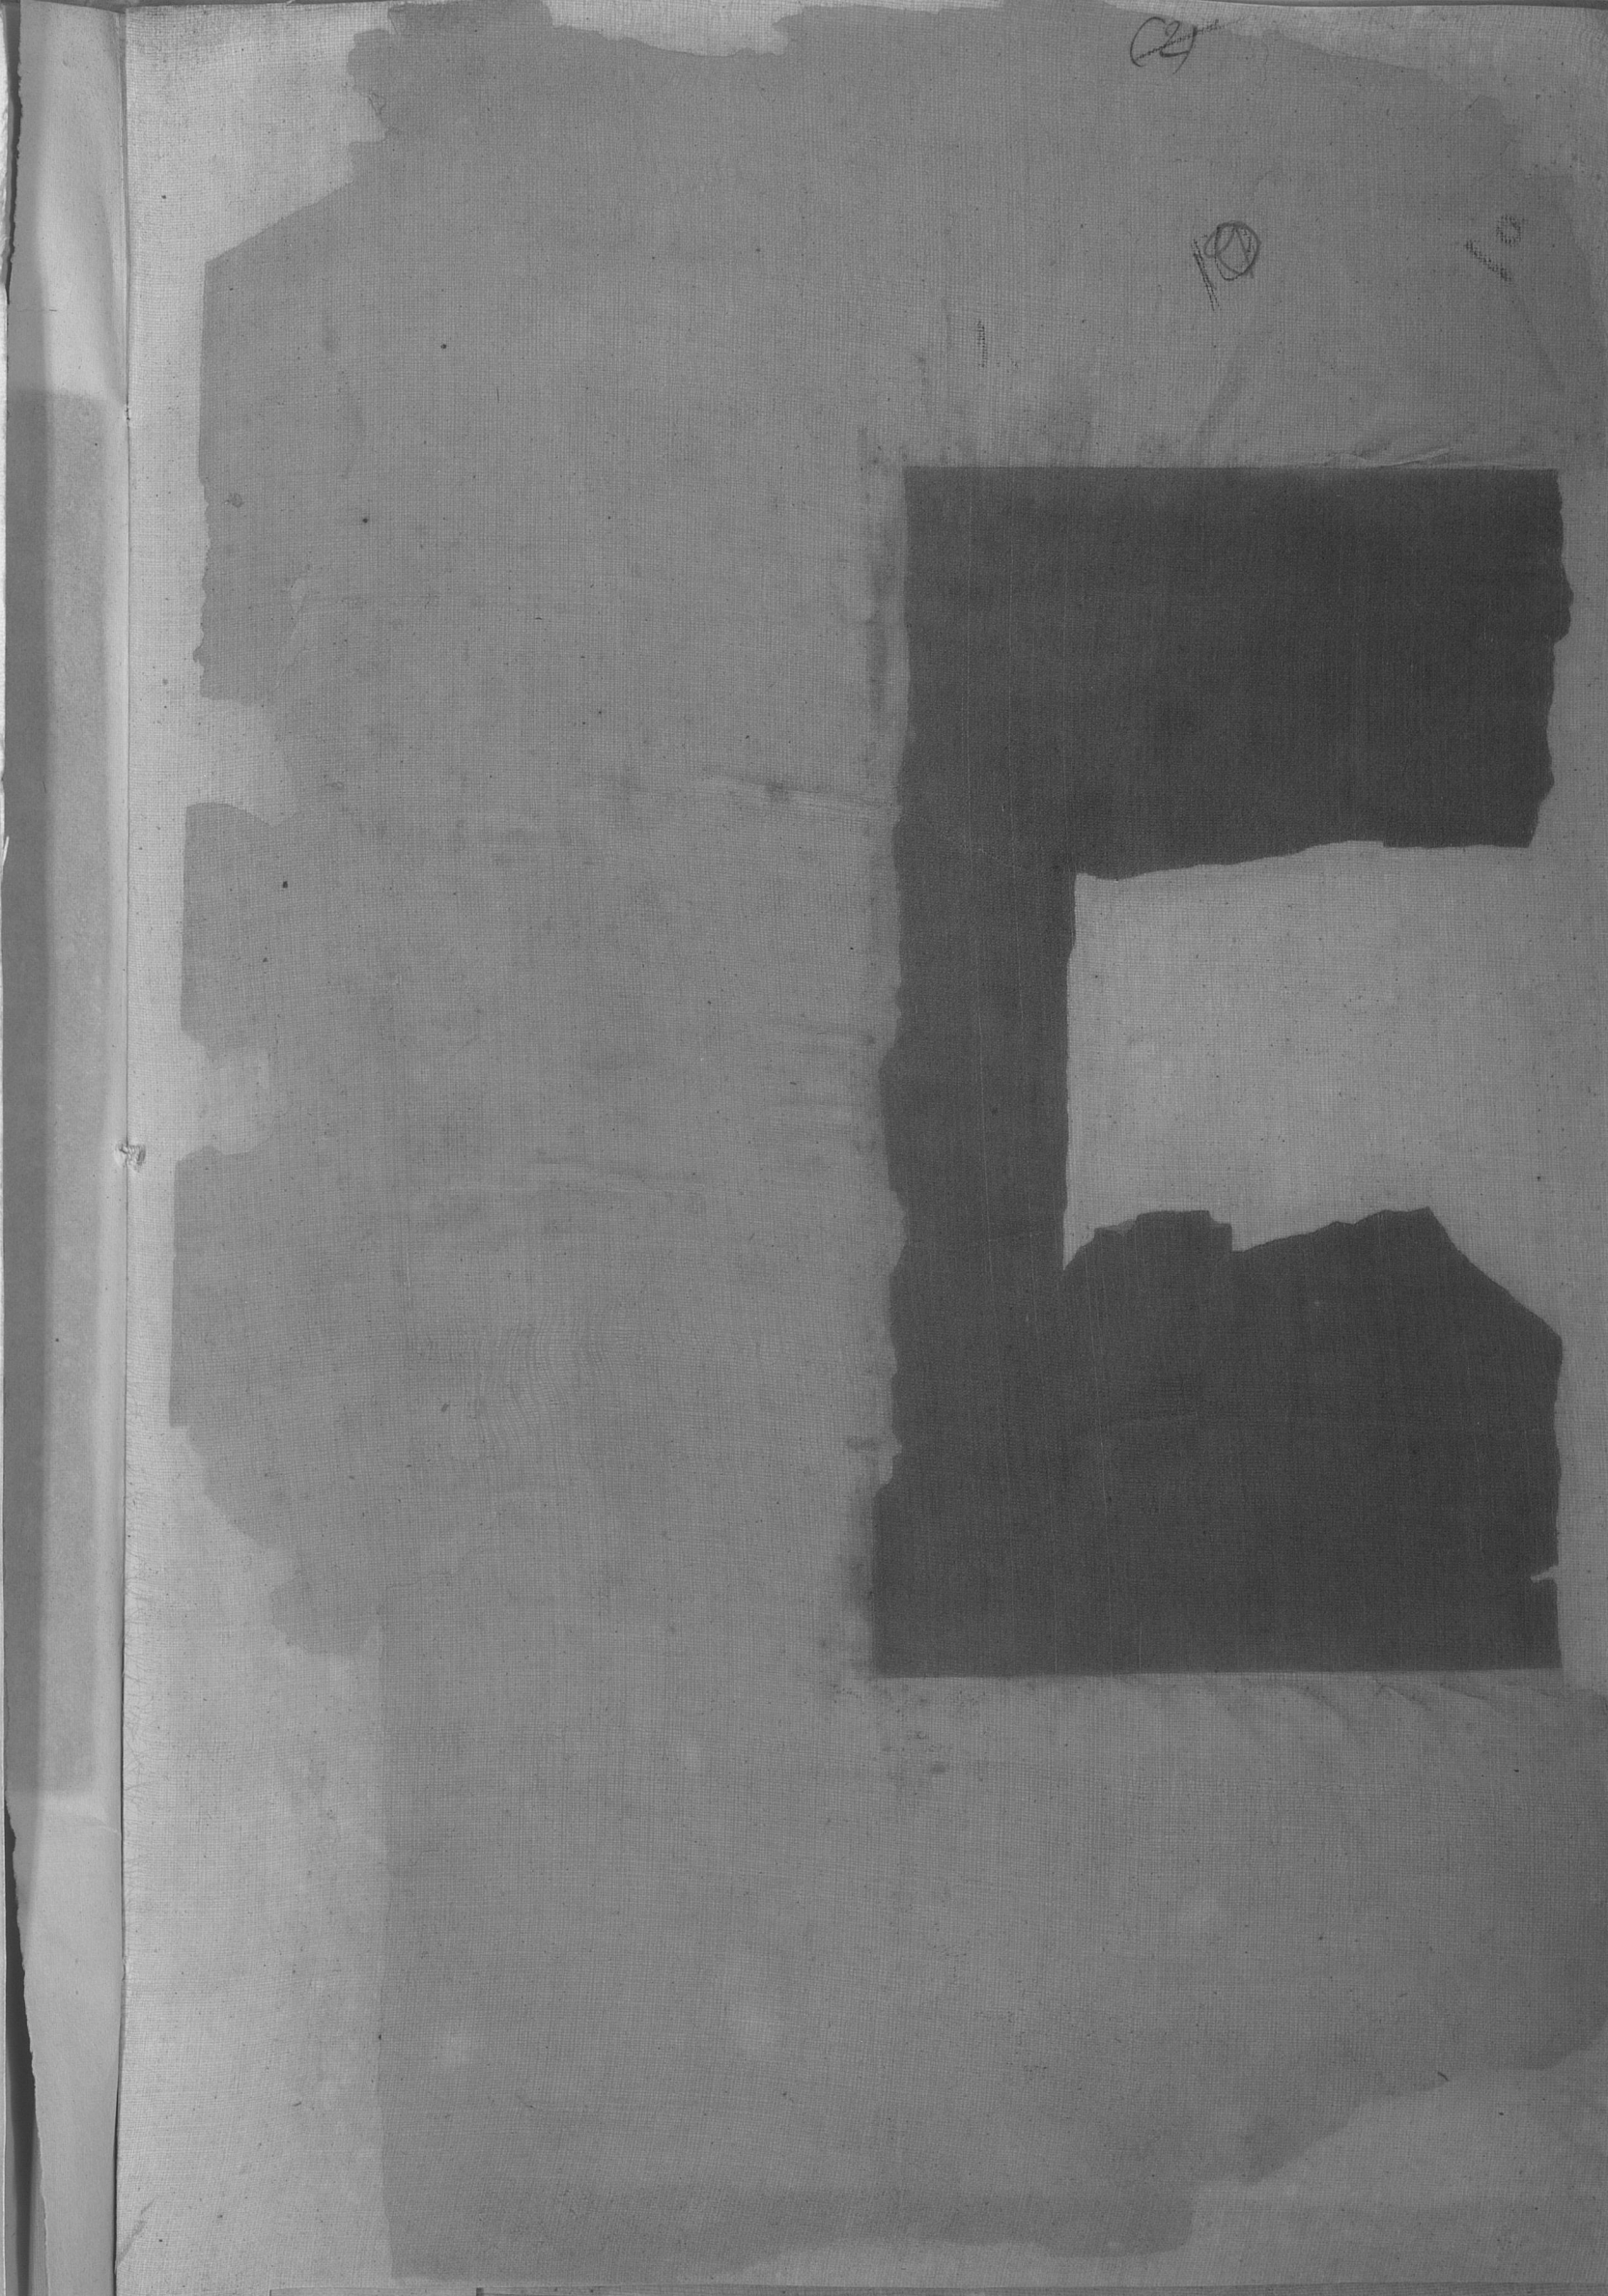

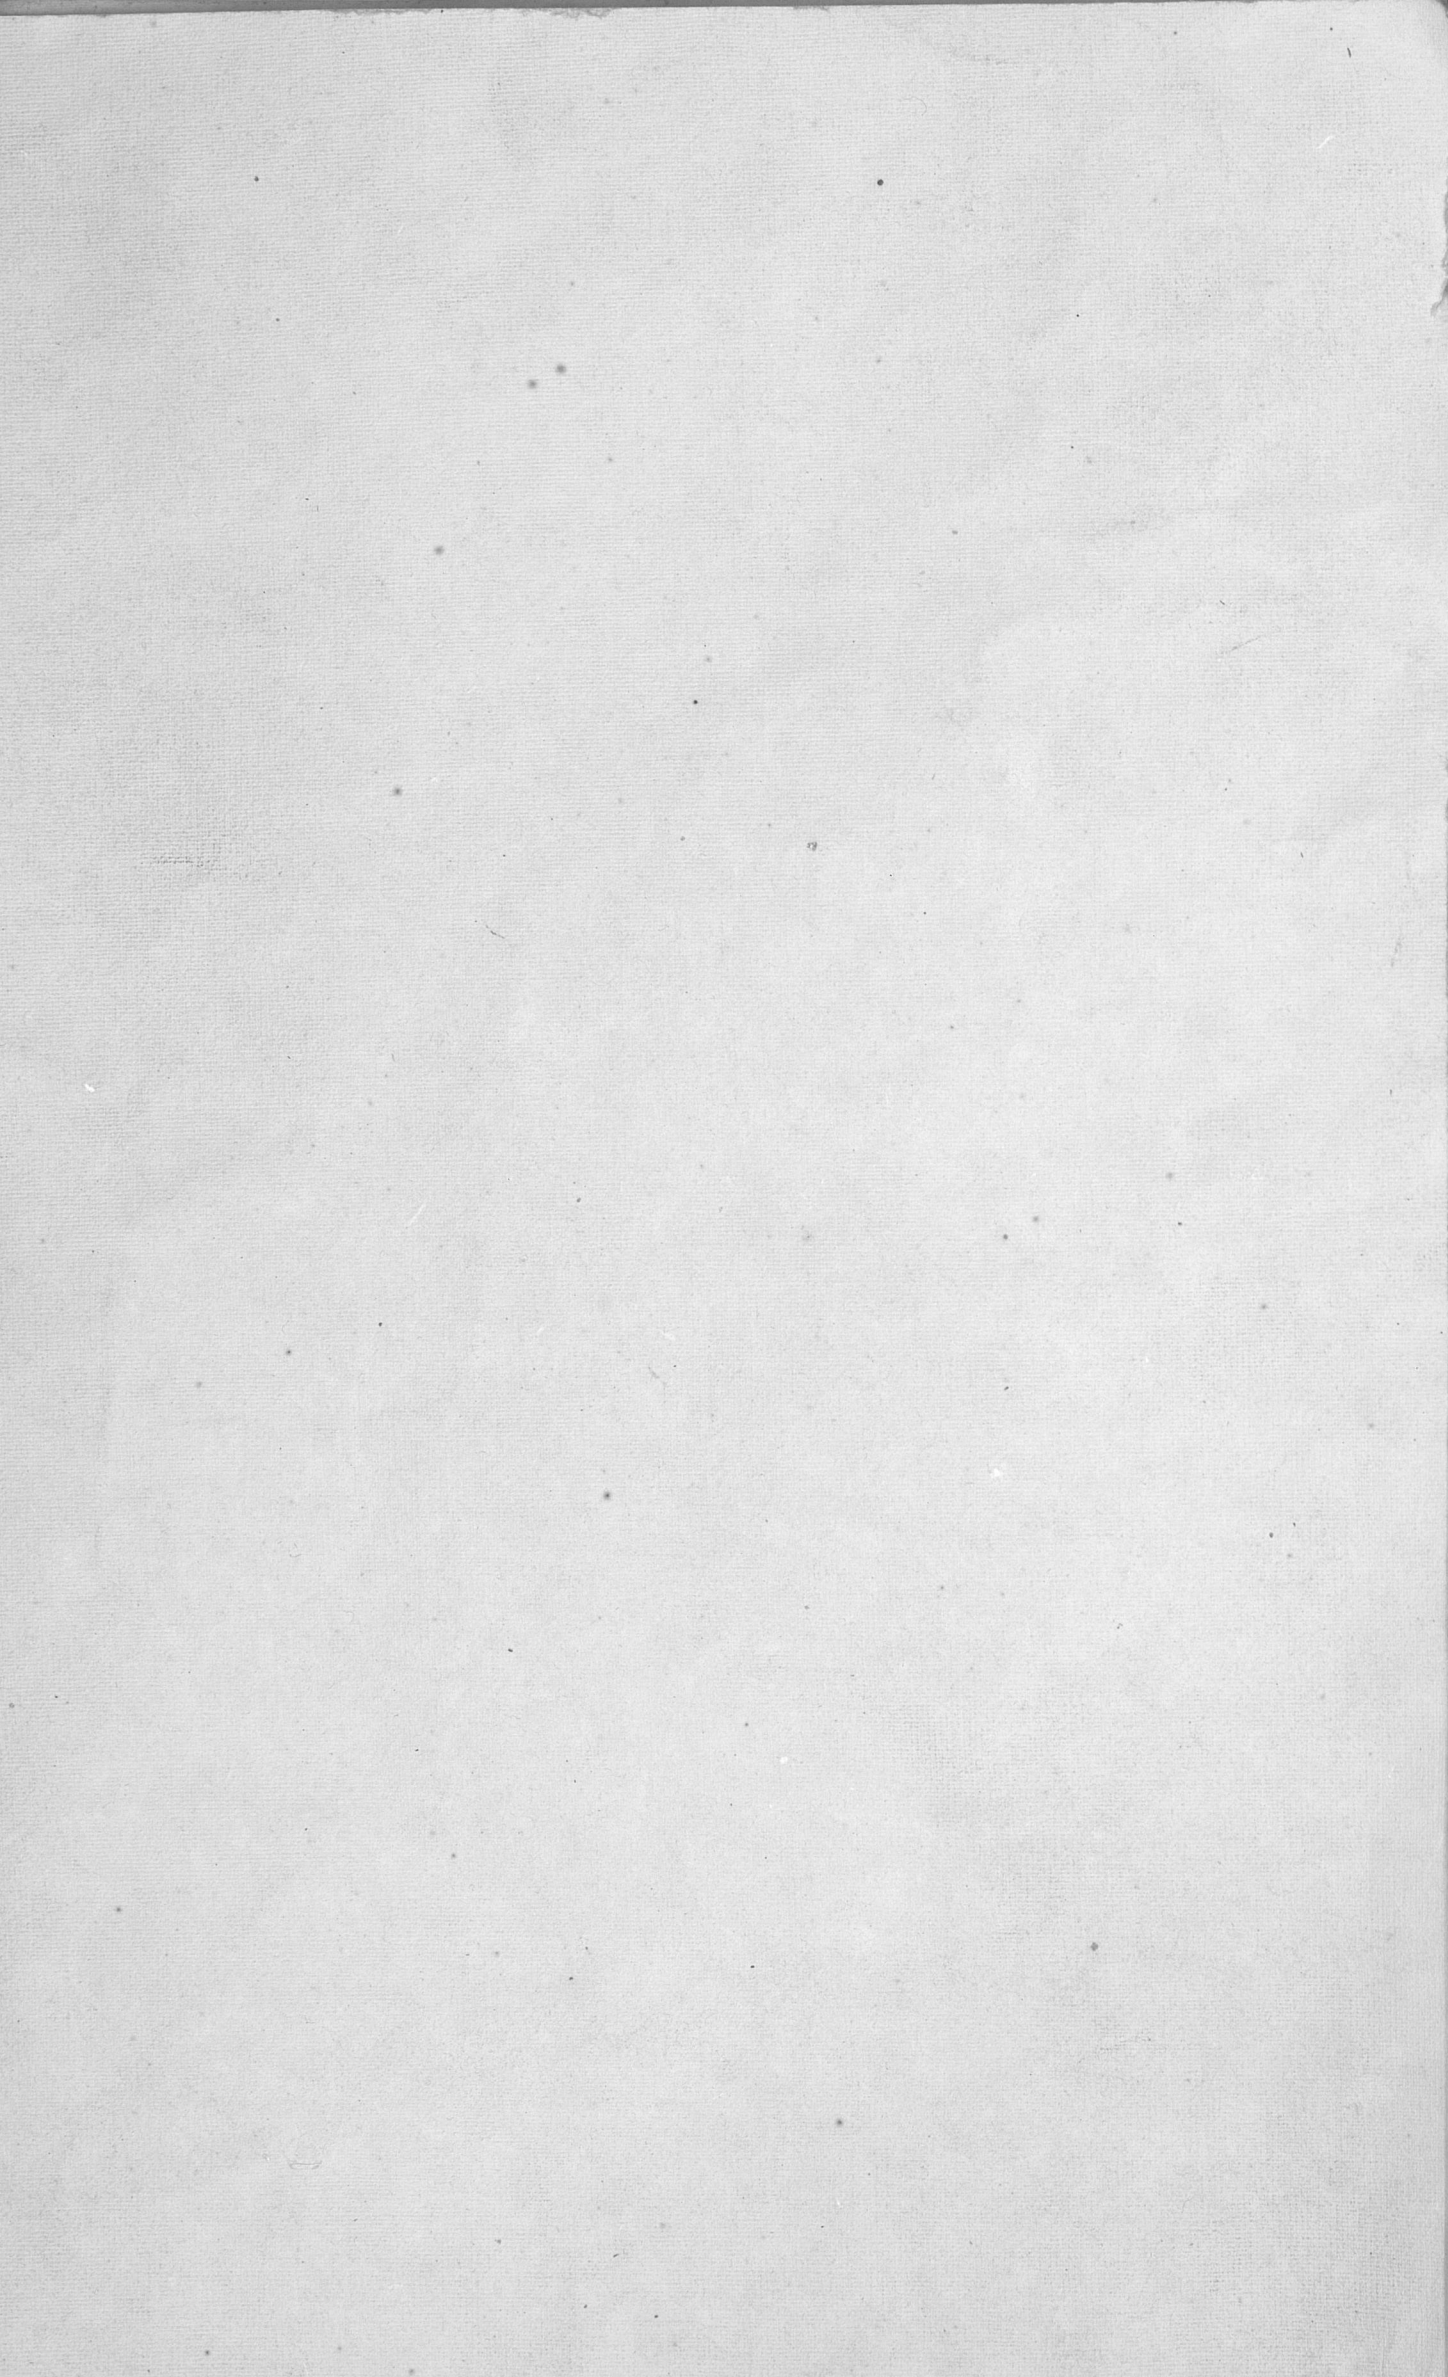

I shall be obliged if you will communicate the substance of this letter to His Excellency & the President of Council.

Yrs. sincerely,
W. J. Goodrich

CIRCULAR.

It being considered necessary that the Department should be kept informed as to the character, conduct and attention to duty of teachers employed in colleges and schools under public management, or in receipt of State aid, or enjoying the privilege of State recognition, managers of schools under the direct jurisdiction of Inspectors and Inspectresses are requested to state, in the "Remarks" column of table (b) of the inspection report filled up by them, whether the character, conduct and attention to duty of each member of the staff have, since the date of the previous inspection, been satisfactory. Where an unsatisfactory report has to be made regarding any teacher the head of the institution should use his discretion as to whether the charges should be specified in the inspection report, with such explanatory remarks as may be deemed necessary, or should be reported in a separate covering letter, which should be treated as "confidential." The inspecting officers may make their own observations on the manager's statement or letter and also record such details as may have come to their knowledge from other sources. Assistant Inspectors and Sub-Assistants will similarly obtain and embody information on these points in their periodical reports submitted to the higher inspecting officers.

2. Heads of colleges and schools corresponding direct with his office are requested to furnish the Director with similar information regarding each member of the staff either in their annual reports or in a separate confidential letter.

THE HON'BLE MR. G. H. STUART, M.A., Barrister-at-Law,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE SECRETARY TO GOVERNMENT,

Educational DEPARTMENT,

Fort St. George.

SIR,

I have the honour to submit, as required in memorandum No. 691, Educational, dated 18th December 1899, a copy of this office circular No. 10391, dated 12th September 1899. 2. In para. 5 of his letter, recorded in G.O. No. 354, Educational, dated 15th June 1899, Dr. Duncan brought to the special notice of Government the absence in the regulations in force in this Presidency of any statement from the manager of any institution as to the character and conduct of the teachers employed in his institution and promised he would take steps to supply the desideratum. The circular, in question, was issued by him on receipt of the orders of Government on his letter quoted above. Government having accepted his recommendations and invested him with power to recall, suspend and cancel teachers' certificates when the interests of discipline demand it, he seems to have required the managers of institutions under public and private management to report annually, as is done in Great Britain, whether the teacher's character, conduct and attention to duty have been satisfactory.

I have the honour to be,

Sir,

Your most obedient servant,
