From

THE HON'BLE MR. G. H. STUART, M.A., Barrister-at-Law,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE SECRETARY TO GOVERNMENT,

Educational DEPARTMENT,

Fort St. George.

SIR,

I have the honour to request that the early sanction of Government may be obtained for the abolition of the Government Lower Secondary Training school, Madras, and to the following proposals for the reorganization of the Hindu Branch Training school, Saidapet, and the raising of the standard of the Muhammadan Branch Training school, Triplicane, from the primary to the lower secondary grade with effect from the 1st January 1901.

A

In its order No 47, Educational, dated 27th January 1896, Government sanctioned the establishment of the Lower Secondary Training school in Madras for a period of five years from 1st February 1896. The school will have completed the fifth year of its existence on the 31st December next and the Principal, Teachers' College, recommends its abolition as (i) it has never been in a flourishing condition in regard to the strength of the training section as will be seen from the figures in the margin,

officers who were consulted in the matter, consider that its continuance is unnecessary. The school may therefore be closed

Presidency Town after the closing of the Lower Secondary Branch, I propose to increase the number of lower secondary and primary stipendiaries in the Hindu Branch Training school, Saidapet, from 10 and 20 to 14 and 26, respectively, a higher rate of stipends being offered to the Madras students in order that they may attend the Saidapet school without inconvenience or extra expense. The additional charge under stipends in the Hindu Branch will amount to Rs. 64 as shewn in the margin.

as a larger number of students will have to be trained and the opportunity may be taken to revise the scale of salaries of the present establishment so as to bring it more into conformity with that of Mofussil Training schools of the same grade sanctioned in

B G.O. No 567, Educational, dated 23rd July 1891. The following scale is, therefore, submitted for sanction:-

	Present Scale.		Proposed Scale.
	Pay.	Average.	Rs.
	Rs.	Rs.	
Headmaster	40-1-50	47½	50
First Assistant	25-½-30	28¾	30

Contingencies	6	6	6
Stipends	160	160	224
		363¾	449

The gymnastic instructor shewn in the present and proposed scales is the assistant gymnastic instructor of the Teachers' College who has hitherto been doing duty in the Hindu and Muhammadan Branches and has been included in the Budget Estimates in the establishment of the former branch. Excluding the pay of this teacher it will be seen that the cost of the proposed scale of superior establishment (Headmaster and assistants) is Rs. 145 which is Rs. 5 and Rs. 7½ less respectively than the corresponding average for the Madras Lower Secondary Branch and the Mofussil Training schools of the same grade.

(d) In his letter No 12653, dated 21st November 1896 read in G.O. No 51, Educational, dated, 25th January 1897, Dr. Duncan submitted proposals for raising the Muhammadan Branch Training school, Triplicane, to the lower secondary grade; and Government, while approving of the scheme, observed that it should lie over till the financial prospects improved and that the scale of establishment should be assimilated to that of the Madras Lower Secondary Training school. The absence of provision for the training of lower secondary teachers in the Muhammadan Branch Training school, which is the only institution of the kind in the Presidency, has necessarily retarded the progress of education among that class of the community, and now that funds are available I am of opinion that the opening of a lower secondary department in the training section of the school should not be deferred any longer. Sanction is accordingly requested for the following scale of establishment:-

	Present scale.		Proposed scale.
	Pay	Average	Rs.
	Rs.	Rs.	
Headmaster	40-1-50	47½	50
1st Assistant	20-½-25	23¾	30
2nd do	20-½-25	23¾	20
3rd do	15	15	15
Drawing Master	20	20	20
Gymnastic Instructor	15	15	15
1. Peon	6	6	7
1. Peon	5	5	6
1. Sweeper	2	2	2
1. Scavenger	2	2	2
Library & Prizes	4	4	3
Contingencies	6	6	7
Stipends (25 Pry. at Rs. 7)	175	175	255
		293	255

3. The financial effect of the above proposals is summarized below:-

Extra expenditure on the Panchama Branch.....	Rs. 27
do Hindu do	85 1/4
do Muhammadan do	139
	<u>251 1/4</u>

This amount (Rs. 251 1/4) can be met from the savings of Rs. 362 per mensem which accrue on the abolition of the Madras Lower Secondary Branch Training school. The usual proposition statement will be submitted on receipt of orders on this letter.

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart

SIR,

Referring to memorandum No 309, Educational, dated, 3rd November 1900, I have the honour to state that sanction to raise the number of stipendiaries in the Hindu Branch Training school, Saidapet, and to open a lower secondary department in the training section of the Muhammadan Branch Training school, Triplicane, has been requested with effect from 1st January next, because admissions to the training section are made at the beginning of the first term under article 11, Chapter VI of the Madras Educational Rules.

The Hindu will remember that this school was very badly defeated in this year. The papers are with it at present.

15/10/00

The necessity for putting an end to the lower secondary training school at Madras may be accepted; and the proposal to attach the drawing master and the gymnastic instructor to the Panchama branch necessarily follows.

2. The need however for raising the number of stipendiaries in the "Hindu branch training school" at Saidapet, and opening a lower secondary department in the training section of the corresponding school for Musulmans in Triplicane, directly the other institution is closed, seems open to objection, especially in the case of the Triplicane branch. Granting the truth of the Director's remarks at X Y in his letter, the harm done to the Musulman community

by waiting till a new official year begins won't be at all appreciable; and the same remarks apply, although not quite as strongly, perhaps, to the Saidapet proposals.

3. There is a kind of "tradition" in the Educational department to couple every proposal for saving expenditure in one way with ^{a second proposal} ~~with~~ for increasing it in another. It is a sound rule to defer the introduction of changes involving additional outlay until a new official year begins. Here there is no real urgency to warrant a departure from this principle.

4. The Financial department should see this case u.o. before it goes to the Hon'ble Member.

U.O. No. 670 R, From the Educl. Dept. No. 248, Dated 16-10-1900.

Note.

The Director wishes to abolish the Govt. Lower Secondary Training School at Madras and to introduce the changes he proposes in connection with the Hindu Branch Training School at Saidapet and the Muhammadan Branch Training School, Triplicane, with effect from 1st January next. The Educational Department apparently considers the changes proposed by the Director essential, although it does not support the Director's proposal to introduce them with effect from the 1st January. As stated in paragraph 3. of the note of the Educational Dept., it is no doubt a sound rule, when there is no urgency in the case, to defer the introduction of changes involving additional outlay until a new official year begins; but in this case, the Director's proposals show on the whole a saving of Rs. 110-12-0, and there appears, it is submitted, no reason for deferring the introduction of changes, which, in fact, on the whole, involve a saving of expenditure. Moreover, as arrangements in connection with schools are, it is understood, generally made with reference to the calendar year, this would appear to be an additional reason for acceding to the Director's proposal to introduce the changes with effect from 1st January next.

saidapet, and to open a lower secondary department
in the training section of the Muhammadan Branch training
school, Triplicane, has been requested with effect from
1st January next because admissions to the training
section are made at the beginning of the first term. If
admissions be postponed till April, the students will not be
able to undergo the complete course of training required under
article 9 of chapter VI of the Educational Rules.

2. It is submitted however that Article 11 empowers
the Director to admit students at any time of the term in
exceptional circumstances and Article 9 to forego any
portion of the complete course required. If therefore the
Director really wishes to give effect to the ^{above} changes proposed by
him from 1st April next there is no ~~no~~ valid objection to it.
Even otherwise the Muhammadan branch training school
was ^{in existence} ~~in existence~~ getting on without a lower secondary depart^t
and it does not appear that a small reduction in the number
of Hindu stipendiary students will do any harm. There is
therefore no objection to the changes ^{in question} being introduced with
effect from 1st Jan^y 1902 instead of from 1st Jan^y 1901 as proposed.
