My dear Hammick,
 The uncrased
 portion of the enclosed
 letter from Chatterton
 was written at my
 suggestion after
 a conversation with

him, & after a
reference to Mr Porter-
field.

It would be an excellent
thing to let the Asst.
at the Fine Arts School,
Velayata Achari,
visit Calcutta & Jyppox
(Rajputana), shopping

also at any other places
where he can acquire
artistic ideas & knowledge.
Our school would
profit much by
a month or six weeks
thus spent by him.
The addl. cost will
be his travelling
expenses. He should
start about the

beginning of the Xmas
holidays or earlier if he
can be spared.

Will you please put
the matter in train.

Yours sincerely

At Arnold

Ask the D.P.I. if he
has any objection or
any suggestions.

ALUMINIUM DEPARTMENT,
School of Arts,

Madras, 26 Nov. 1900.

TELEGRAPHIC ADDRESS:
"Aluminium,"
Madras.

Dear Mr. Arnold,

I have asked Mr. R. R. Velayudh Asari to go to your house some morning this week and I have suggested that he should take with him a piece of Aluminium repousse work which he is now doing.

I think it is a very clever bold study and promises well. It is his first attempt at this kind of work and as I find that there are a considerable number of boys

here who show in a more
or less degree similar signs
of talent, I am anxious to give
them an opportunity of
working in the direction in
which their genius seems to
lie. What will be the practical
outcome of it all I cannot
now tell. They are now
working in Aluminium
simply because it is the easiest
metal to work in and not
because I consider that the
result is so satisfactory as
it would be in copper or
silver. When they have made
some progress I hope to be
able to get them electrolytic
copper which is much softer

than the common
bazaar stuff.

It seems to me very desirable
to give Velaynan Asan some
opportunities for studying art
other than those he gets here
and if it could be arranged
to allow him to go to Calcutta
this cold weather for a month
or six weeks I think it would
do him good. Mr Porterfield
informs me that there is
no further need for his services
here till the end of January
and I would suggest therefore
that he be allowed to go &
that he be granted the T.A.
he is entitled to.

I am writing to Havell to ask
him to give him some assistance
in Calcutta & to allow him to
work at the School of Art there.

I feel fairly certain that he
will find plenty to do in
Calcutta during the time he
can be away & that therefore
it would not be advisable
to ask him to go further.

This will be his first tour
outside the I. of India and
it will be well not to bewilder
him with too many new
impressions

Yours sincerely

Dear Stuart,

Have you any objection
to Velayuda asai. of the School
of arts. going to Calcutta and
Jeypore - to pick up notions
on art - Chatterton proposes
it and the Govt think it
would be a good thing.
How long could he be spared
for? Can you make any
suggestion on the matter?

He should apparently
start before the Christmas
holidays - in fact as soon
as possible

Yours sincerely,

My dear Hamrick

Velayudu Asari

applied to me 21st inst,
through Porterfield
for permission to go to
Calcutta, and I have
given it. I have
also "presumed" that
he will go at his own
expense. He has
asked to go now &
to stay over the Christmas
vacation until the results
of the Technical Exams
now being held are

published. He can
be spared for
that time.

How does Chatterton
come to be making proposals
to Government regarding
officers of the Educ^l Dept?

Yours sincerely

GHS Stuart

NOTE FOR THE *H.M.*

Mr. Shuck reports that *Velayuda Achari* has been given permission to visit Calcutta presumably at his own expense. He is to go now & stay over his Xmas Vacation. *Mr. Chatterton* apparently does not wish him to go further than Calcutta as he thinks he will be fully occupied there & will be bewildered by seeing too much if he goes further. He might perhaps reserve his visit to *Jaypur* until next year.

No notice perhaps need be taken of *Mr. Shuck's* question as to close of his letter. I am sorry I inadvertently mentioned *Mr. Chatterton's* name in my letter -

Submitted that the Director might be told to allow *Velayuda* his T.A. for his journey & stay in Calcutta - *Velayuda* being deputed on duty there.

I should like *Velayuda Achari* to go to *Jaypur* if time permits. There is a School of Art there does a very large
