Note for the C.S.

The draft order directs the debit of the pay of Sub-conductor Brand to the Aluminium grant in the current year and to the Educational grant next year. In the budget estimates of the Aluminium department in the linked file, the entry in the revised estimate against officers has been eliminated. Provision has been made in the Educational Budget under School of Arts for the Conductor for 1901-1902. The officer is an Industrial Assistant in the School of Arts and it is submitted that his pay and allowance are properly debitable to the grant for the school.

28/11/00

28.11.00

The officer is properly chargeable

in which it is supposed he is actually employed.
to the Aluminium Dept. and the
provision for his pay the follow
the charges for Aluminium. The
proposed to New Subordinate
Brand of the School of Art
next year seems objectionable.

The remarks above are not
understood in this department.
We propose Mr Brand is to be
employed for the rest of the
current year in the aluminium
department, & we therefore
propose to charge his pay
to the aluminium department
for that period; next year
he will be employed in the
industrial department of the
school of arts, & that being
so, we propose to charge him
against that branch of the
school.

We may note wherein our
proposals are objectionable.

28/11/00

Finance appears to have misunderstood
Mr Brand's position in the next official year.
He is to be in the School of Arts & Arts in the
aluminium dept.

29/11/00

If this is the
fact it seems
all right.
